

Why? See real human specimens, including whole-body plastinates as well as individual organs, organ configurations and translucent body slices at the Peoria Riverfront Museum, as well as tour the Caterpillar Visitor Center.

BODY WORLDS 

Presented by  **GILMORE** FOUNDATION

Prescriptions for Healthy Living

Body Worlds RX, the most popular touring exhibition in the world, comes to central Illinois and the Peoria Riverfront Museum for the first time.

Real human bodies show you the inner workings of your anatomy and the details of common diseases. Realize the awesome potential of your body and be inspired to live your best life.

NOW OPEN
