2026-2027

Penn High School

Program of Studies

Message from the Principal

Dear Students and Parents,

Penn High School is committed to preparing its students for our rapidly changing world. Our mission is to provide an educational environment of support for students to reach their highest academic achievement, while preparing students to be responsible, healthy, contributing citizens. Penn is comprised of the interdependent Smaller Learning Communities of the Freshman Academy, the Science, Technology, Engineering, and Math Academy (STEM), Fine Arts and Communications Academy (FACA), the Management & Business Academy (MBA), the Health and Human Services Academy (HHSA) and the Penn Academy for Early College (PAEC).

Coupled with this mission is a shared responsibility among the school, student, and home to make wise choices and plan well for a 6-8+ year course of study that leads to continued education and employment after graduating from Penn High School. A successful young person needs to be knowledgeable, emotionally and physically healthy, motivated, civically inspired, engaged in the arts, and prepared for work and self-sufficiency.

This *Program of Studies* is intended as a planning tool that can assist students as they set goals and make informed plans for the future.

As you prepare for registration, you should complete these steps:

- read this Program of Studies,
- explore and identify plans for a career,
- develop or revise a four-year plan with the help of your counselor and parents,
- seek information about specific courses from your counselor and teachers.
- attend The Penn High School Showcase if you are a freshman, sophomore or junior.

Your counselor, teachers and parents are important sources of guidance for you as you choose courses. They can help you plan for, as well as understand, graduation requirements. They can help you use other planning resources like the Career Resource Center. Finally, they serve as important sources of experience and wisdom. Keep in mind that ultimately; the final selection of courses is yours. For that reason, you need to be an active participant in the selection of courses and development of your career plan.

The staff of Penn High School and the Board of School Trustees is committed to continuous improvement of student performance. In keeping with this charge, students are expected to deliver their best effort in the classroom, observe school rules, and respect the rights of fellow students and staff members.

Your success is our success. Your active involvement with our dedicated staff will lead to success. You are instrumental in continuing the tradition of excellence for which Penn High School is recognized.

Please let us know how we can be of assistance to you.

Sincerely,

Dr. Sean Galiher Principal

Penn-Harris-Madison School Corporation Mission, Vision, and Beliefs

Mission

Our mission is to provide an educational environment for students to reach their highest academic
achievement. We will prepare them to be responsible, healthy, contributing citizens who have acquired the
skills to be lifelong learners ready to adapt to a changing world.

Vision

- Our curriculum is clearly defined, rigorous, integrated with technology, frequently assessed to reach every student, and supported by innovative teaching strategies.
- Our students are lifelong learners who demonstrate creativity, analytical problem-solving, and are engaged in positive social, emotional and healthy life skills.
- Our school climate is the result of communication and collaboration among the administration, parents, teachers, staff and students. A safe and personalized learning environment in our schools nurtures the whole child.
- Our personnel are highly trained individuals who model innovative best practices in all areas of their job
 assignment. Continuous opportunities for professional development are provided to support their performance
 at the highest level.
- Our creative and visionary leadership team exhibits responsible fiscal management that is committed to our mission and is accountable to the community.
- Our corporation seeks to collaborate with the greater Penn-Harris-Madison community in support of our mission.

Values

- We value learning as a priority and challenge all students to excellence through a continuous improvement model.
- We provide a healthy, safe, respectful and nurturing learning environment.
- We support continuous professional growth of a quality staff.
- We model a collaborative relationship among students, staff, and parents.
- We value community partnerships.
- We respect the uniqueness of each student.
- We demonstrate fiscal responsibility in support of our mission.

Goals

- Annually, all students will achieve proficiency in core academic areas as measured by state standards through multiple assessments.
- Annually, all students will demonstrate continuous academic progress through multiple assessments.
- Annually, expenditures will not exceed revenues as measured by the certified budget.

Penn-Harris-Madison School Corporation Profile of a Graduate

A graduate of Penn-Harris-Madison School Corporation schools is expected to acquire the knowledge and skill to:

Be an effective communicator who:

- Reads, comprehends, and analyzes material from a variety of sources.
- Communicates thoughts and ideas through writing, speaking, and performance.
- Applies active listening skills, seeking first to understand.
- Receives and evaluates information sources across a range of mediums.
- Communicates ideas effectively using a variety of media and the latest technology.
- Recognizes the necessity to tailor communication to meet the needs of an audience both locally and globally.
- Collaborates with others.

Be a thoughtful problem-solver who:

- Uses basic and advanced academic, social, and technological skills to solve problems.
- Thinks critically and creatively.
- Collects, analyzes and assesses source material as an informed thinker.
- Develops, evaluates, chooses and implements solutions to problems.

Be an effective contributor and collaborative team member who:

- Works cooperatively.
- Resolves disputes constructively.
- Works collaboratively towards a common good, a common challenge, which involves the contribution and exchange of ideas, knowledge or resources to achieve the goal.
- Perceives divergent viewpoints and responds with understanding.
- Treats others with dignity and respect.
- Functions responsibly as a member of a family, a social group and the larger global community.

Be a lifelong learner and contributing member of a society who:

- Seeks learning opportunities throughout life.
- Creates a personal vision and sets attainable goals for achievement.
- Assumes personal and social responsibility for actions.
- Continually acquires new skills necessary for success in the 21st century and the global economy.

Be a responsible citizen who:

- Understands the ideals and responsibilities of the American heritage.
- Is dedicated to democratic values and pursues the common good.
- Upholds legal rights and civic duties.
- Safeguards universal human rights and the dignity of all people.

Be a healthy individual who:

- Pursues a variety of healthy interests and maintains balance among them.
- Demonstrates a commitment to physical and emotional well-being.
- Exhibits self-regulating behavior.
- Confidently pursues his/her full potential.

- Expresses emotion constructively.
- Adapts to life changes.
- Exercises both body and mind.

Be a contemporary learner who:

- Effectively uses information and communications technology (ICT) and information literacy.
- Learns through digital networks.
- Learns through digital means, such as social networking, ICT (information & communications technology) literacy, technological awareness and simulation.
- Functions in social networks and contributes to the development of social and intellectual capital.

Penn High School Mission Statement

Penn High School instills in students the knowledge, skills and abilities required to be contributing members of the global community. We educate students through exemplary educational practices, effective communication, collaboration and cooperation in a safe, non-threatening environment. We embrace diversity and inspire students to reach challenging academic goals while conducting themselves with respect, with responsibility and with integrity.

ACADEMIC PLANNING

Planning Your Schedule

The Program of Studies, available online, contains a wealth of information for the scheduling process. Whether your plans for life after high school involve work, apprenticeship, military, technical college, two-year or four-year college, your choices are important. Please take the time to explore your interests and formulate a map to reach your goals. Take time to check the prerequisites required for some classes. Applications are needed for some courses.

Your schedule is a full-year commitment, so courses must be chosen carefully. Your counselor will meet with you to finalize your choices.

Schedule Change Policy

It is the school's position that schedule changes after the school year begins disrupt instructional time. Since staffing and the master schedule are determined by student course selection, students are expected to honor the commitment they make when selecting courses and the spring deadline for making schedule changes. There are, however, circumstances that warrant a schedule change. Schedule change requests prior to school starting must meet at least one of the following criteria:

Criteria for schedule changes:

- 1. Failure to meet course prerequisites
- 2. Failure to meet graduation requirements.
- 3. Change in college or career plans.
- 4. Course changes due to completion of summer school.
- 5. Inappropriate level placement.
- 6. Students earning a failing grade from the teacher the previous year.
- 7. Incomplete Schedule not enough classes listed on schedule.
- 8. Schedule Conflict two of the student's selected courses are offered only during the same block.

Criteria for schedule changes after the start of school:

- 1. Extenuating circumstances, such as hardship or extended illness.
- 2. Changes in a course or a course level, if appropriate, are considered. The student, teacher, or parent may initiate the discussion for a course level change. In any case, and prior to any determination, the teacher, student, and parent must first have a conversation to determine the appropriate recommendation, and all three parties must sign a course level adjustment form which must be obtained from the school counselor. Academy leaders and counselors are involved as needed.
- 3. Course level changes must be completed as soon as possible in the semester.
- 4. Courses may not be changed or added after the second week of school.
- 5. Courses dropped after the fourth full week of school will result in a grade of W/F (withdraw/fail) on the student's transcript.
- 6. Requests for teacher changes, specific lunches, or classes with friends will not be honored.

Penn High School Graduation Requirements

High School Courses Taken In Middle School

High School courses offered to middle school students are meant to supplement middle school course offerings and to prepare students for four more years of rigorous high school coursework. The Indiana State Board of Education does not restrict high school credit to course work completed in Grades 9 through 12. Schools may elect to award high school credit to students who complete high school courses before entering Grade 9 if the course is fully equivalent to its high school counterpart. Parents/students may choose to have high school courses taken before grade nine added to the high school transcript.

Indiana Core 40 Expectations

In the State of Indiana, all students in the 2026-2028 cohorts are encouraged to work toward completing the minimum requirements of a Core 40 diploma. The Core 40 is a directed set of high school courses that will help prepare students for success, whether pursuing a career that requires four or more years of college, one or two years of post-secondary education in a business or technical college, or training through an apprenticeship program. Indiana's Core 40 is the default diploma for all Indiana High School students in the 2026-2028 cohorts.

- Students must complete the Core 40 to be considered for admission to Indiana's four-year colleges, and the same courses are strongly recommended for admission to a two-year college or entry into the workplace.
- Students who complete the Core 40 requirements with a 2.0 GPA and who qualify for need-based financial aid may qualify for additional aid from the State of Indiana.
- Most Penn High School students take additional electives beyond their 40 required credits. Some courses not specified by Core 40 may be essential for successful completion of required academic studies.
- Please check specific colleges and universities for their world language requirements as well as their specific admissions requirements. While a world language is not a requirement for the Core 40, it may be a requirement for admission to some post-secondary institutions.
- For more details see the Graduation Requirements charts on the pages that follow.

CORE 40

English/ Language	8 credits
Arts	Including a balance of literature, composition and speech.
Mathematics	6 credits (in grades 9-12)
	2 credits: Algebra I 2 credits: Geometry 2 credits: Algebra II Or complete Integrated Math I, II, and III for 6 credits. Students must take a math or quantitative reasoning course each year in high school.
Science	6 credits
	2 credits: Biology I 2 credits: Chemistry I or Physics I or Integrated Chemistry-Physics 2 credits: any Core 40 science course
Social Studies	6 credits
	2 credits: World History/Civilization or Geography/History of the World 2 credits: U.S. History 1 credit: U.S. Government 1 credit: Economics
Directed Electives	5 credits
•	World Languages Fine Arts Career and Technical Education
Physical Education	2 credits
Health and Wellness	1 credit
Electives*	6 credits (College and Career Pathway courses recommended)

All students are strongly encouraged to complete a College and Career Pathway (selecting electives in a deliberate manner) to take full advantage of career exploration and preparation opportunities.

Core 40 with Academic Honors Diploma

The Indiana State Board of Education has established a Core 40 with Academic Honors Diploma. The diploma is intended to bring honor to those students who choose challenging courses and accumulate at least 47 credits in high school. To be eligible for this diploma, a student must have a grade point average of "B" (3.0) or above. No grade lower than a "C" in a required class may count toward the diploma. A gold seal is placed on the diploma and the student's transcript notes the awarding of the Academic Honors Diploma.

- Students must be fully eligible at the end of the 7th semester in order to wear the academic honors hood at senior recognition night and commencement.
- In the area of world language, students must take three years of one language or two years of one language and two years of another language.
- Students who earn less than a C in a required class may retake that class with a Penn teacher or online for AHD purposes. Retaking courses does not replace the grade on the Penn High School transcript. For World Language courses, students may only retake a class online if they are planning to continue with the sequence of the next level course.
- For more details see the Graduation Requirement Chart for Core 40 with Academic Honors Diploma.

CORE 40 With Academic Honors (minimum 47 credits)

For the Core 40 with Academic Honors diploma, students must:

- Complete all requirements for Core 40.
- Earn 2 additional Core 40 math credits.
- Earn 6-8 Core 40 world language credits. (6 credits in one language or 4 credits each in two languages).
- Earn 2 Core 40 fine arts credits.
- Earn a grade of a "C" or better in courses that will count toward the diploma.
- Have a grade point average of a "B" or better.
- Complete one of the following:
 - A. Earn 4 credits in 2 or more AP® courses and take corresponding AP® exams
 - B. Earn 6 verifiable transcripted college credits in dual credit courses form the approved dual credit list
 - C. Earn 2 of the following:
 - 1. A minimum of 3 verifiable transcripted college credits from the approved dual credit list.
 - 2. 2 credits in AP® courses and corresponding AP® exams.
 - 3. 2 credits in IB standard level courses and corresponding IB exams.
 - D. Earn a composite score of 1250 or higher on the SAT and a minimum score of 560 on math and 590 on the evidence based reading and writing section. **
 - E. Earn an ACT composite score of 26 or higher and complete written section
 - F. Earn 4 credits in IB courses and take corresponding IB exams.

Core 40 with Technical Honors Diploma

The Indiana State Board of Education has established a Core 40 with Technical Honors diploma. The diploma is intended to bring honor to those students who complete Core 40 requirements and a career-technical program. To be eligible for this diploma, a student must have a grade point average of "B" (3.0) or above. No grade lower than a "C" in a required course may count toward the diploma.

For more details see the Graduation Requirement Chart for Core 40 with Technical Honors Diploma.

CORE 40 with Technical Honors (minimum 47 credits)

For the Core 40 with Technical Honors diploma, students must:

- Complete all requirements for Core 40.
- Earn 6 credits in the college and career preparation courses in a state-approved College & Career Pathway and one of the following:
 - 1. Pathway designated industry based certification or credential, or
 - 2. Pathway dual credits from the approved dual credit list resulting in 6 transcripted college credits
- Earn a grade of "C" or better in courses that will count toward the diploma.
- Have a grade point average of a "B" or better.
- Complete one of the following:
 - A. Any one of the options (A-F) of the Core 40 with Academic Honors
 - B. Earn the following scores or higher on WorkKeys; Reading for Information Level 6, Applied Mathematics Level 6, and Locating Information Level 5.
 - C. Earn the following minimum score(s) on Accuplacer: Writing 80, Reading 90, Math 75.
 - D. Earn the following minimum score(s) on Compass: Algebra 66, Writing 70, Reading 80.

General Diploma

The core 40 is Indiana's graduation requirement. To graduate with less than Core 40, the following formal opt-out process must be completed:

The student, parent/guardian and counselor must meet to discuss the student's progress, career and course plan. At this meeting, the parent/guardian determines whether the student will achieve greater educational benefits by completing the general curriculum or the Core 40 curriculum.

If the decision is made to opt-out of the Core 40, the parent/guardian and counselor will sign a Diploma Track Change form. The form will be kept on file in the Counseling Center.

Graduation Requirements

The high school diploma is what gets students started; it's no longer the finish line. Students need to be equipped for a more demanding job market and postsecondary opportunities.

Until recently, Indiana's approach to graduation requirements was a one-size-fits-all approach requiring every student to pass a graduation qualifying exam. This approach required students who did not pass these exams to take remedial classes to prepare for and retake them. While these remedial classes were designed to help students, it frequently prevented students from taking classes that would help prepare them for college and career opportunities after high school.

With the passage of Graduation Pathways in 2020 and Indiana's new Indiana Diploma beginning with the Class of 2029, students are now able to individualize their graduation requirements to align to their postsecondary goal. No longer must all students fit into the same academic mold, but rather, they can choose the options that best meet their postsecondary needs and aspirations. Students can create pathways that serve their educational interests and prepare them for postsecondary educational and career opportunities. Overall, this plan ensures that students are truly prepared to be successful in whatever they want to pursue after high school.

Students graduating in 2028 or before must satisfy at least <u>one</u> option from each of the <u>three</u> requirements (boxes) listed in the table below in order to graduate. The Class of 2029 will be under a new set of graduation requirements established by the Indiana Department of Education. These requirements were approved in December of 2024. In addition to the listed graduation requirements students are also required to attend a job fair during their junior and senior year, attend a college/career coaching session during their junior and senior year, and fill out the FAFSA (Free Application for Federal Student Aid) during their senior year. Penn High School will have all of these events scheduled and offered during the school day.

Students may use the courses listed in the Penn High School Program of Studies that have been approved by the P-H-M School Board when completing credits required for graduation. Also, the board recognizes courses approved by the College Board, the Elkhart Area Career Center, as well as college and university courses for which students receive dual credit, and courses as specified by Indiana Code.

Penn High School will offer courses it deems relevant to the educational goals of the Penn-Harris-Madison School Corporation and its students. These offerings will be contingent upon budgetary constraints, staff availability, and minimum student enrollment for such courses.

Please see the Graduation Requirement Charts for specific requirements.

**Charts for the class of 2029 and beyond will be added at a later date once they are approved by the state.

Indiana High School Graduation Requirements (Class of 2026-2028)

1)	High School Diploma (Students must complete the course	 Core 40 designation; Academic Honors designation; 	
	requirements of one of the following	Technical Honors designation;	
	diplomas.)	General Diploma	
2)	Learn and Demonstrate Employability	Learn employability skills standards through locally developed	
	Skills (Students must complete <u>at least one</u> of	 programs. Employability skills are demonstrated by <u>one</u> the following: Project-Based Learning Experience; OR 	
	the following employability	Service-Based Learning Experience; OR	
	experiences.	Work-Based Learning Experience.	
3)	, , ,	Honors Designation: Fulfill all requirements of either the Academic Track right Handau design at 1997.	
	(Students must complete <u>at least one</u>	or Technical Honors designation; OR	
	of the following.)	 ACT: Minimum score of 18 in English, 22 in Math and 23 in Science; OR 	
		SAT: Minimum score of 480 in English and 530 in Math; OR	
		ASVAB: Earn at least the minimum AFQT score of 31 to qualify for	
		placement into one of the branches of the US military AND plan on	
		entering the military; OR	
		State- and Industry-recognized Credential or Certification: OR	
		Federally-recognized Apprenticeship: OR	
		Career-Technical Education Concentrator: Must earn a C average or higher in at least two/three advanced courses in a career	
		pathway (class of 2024 = 2 courses, class of 2025-2027 = 3	
		courses); OR	
		AP®/IB/Dual Credit/ Exams: Must earn a C <u>average</u> or higher in	
		at least three courses; OR	
		Locally Created Pathway: Must earn a C average or higher in the	
		identified pathway.	

Indiana High School Graduation Requirements (Class of 2029 and beyond)

Penn High School students will complete all of the base credits (42) and choose a readiness honors seal to pursue.

Base Credits:

English	8 Credits	 2 credits: English 9 1 credit: Communication-Focused course 5 additional English credits
Math	7 Credits	 2 credits: Algebra I 1 credit: Personal Finance 4 additional Math credits
Science, Technology, and Engineering	7 Credits	 2 credits: Biology 1 credit: Computer Science 2 additional Science credits 2 STEM-Focused credits
Social Studies	5 Credits	 2 credits: World History and Civilization 2 credits: US History 1 credit US Government
PE/Health	2 Credits	1 credit: PE1 credit: Health
Preparing for College & Careers	1 Credit	1 credit: PCC
Personalized Electives	12 Credits	Students should choose a Readiness Seal to align these personalized electives with their unique goals. Personalized Electives can include a variety of courses, such as Career and Technical Education (CTE), Performing or Fine Arts, or World Languages.
Total Credits	42 Credits	

Indiana Diploma Seals (Class of 2029 and beyond)

Every Penn High School student for the class of 2029 and beyond will be required to work towards achieving one of the Indiana Diploma Seals listed below by choosing personalized electives to help obtain a diploma seal as part of the required Core 42 credits.

Enrollment Honors Seal	Employment Honors Seal	Enlistment Honors Seal
 4 Credits: World Language 6 credits: Social Studies 8 credits: Math Algebra I, Geometry, Algebra II, and Pre-Calculus (or any advanced math credits) 6 Credits: Science Biology I, Chemistry, and Physics (or any advanced lab science credits) Earn a "C" or higher in all courses Earn a "B" cumulative GPA average Complete one of the following: Earn 4 AP credits & take exam Earn 6 college credits Earn 3 college credits and 2 AP credits & take exam Score 150 on SAT or 26 on ACT 	Complete one of the following: Earn a market-driven credential of value 3 courses in a CTE pathway Locally created pathway Complete 150 hours of Work-Based Learning (WBL) Demonstrate Skill Development in Communication, Collaboration, and Work Ethic Meet Attendance Goal: At least 1 school year with no more than 3 days of unexcused absences OR At least 150 hours of WBL with no more than 3 unexcused absences	Complete one of the following: Introduction to Public Service course One year of JROTC Score 31 on ASVAB Complete one of the following: All 3 components of the Career Exploration Program A career exploration tool approved by IDOE Meet Attendance Goal: At least 1 school year with no more than 3 days of unexcused absences Demonstrate Skill Development in Communication, Collaboration, and Work Ethic Externally verified through a mentorship experience with current military personnel, veterans, or other public safety professionals
Enrollment Honors Plus Seal	Employment Honors Plus Seal	Enlistment Honors Plus Seal
 Earn the Enrollment Seal Complete one of the following: Associate Degree Technical Certificate Indiana College Core (ICC) AP Scholar with Distinction Complete 75 hours of work-based learning (WBL) Demonstrate Skill Development in Communication, Collaboration, and Work Ethic 	Earn the Employment Honors Seal Complete one of the following: Associate Degree Technical Certificate Indiana College Core (ICC) Industry recognized certification Complete 650 hours of WBL Demonstrate Skill Development in Communication, Collaboration, and Work Ethic	Earn the Enlistment Honors Seal Complete one of the following: Score 50 on ASVAB Enroll in ROTC at collegiate level Acceptance to a service academy Demonstrate excellence in leadership through one of the following: Complete 100 hours of public service Holding a leadership role in a co/extracurricular activity Completion of 2 seasons of a team based physical sport or activity

Smaller Learning Communities (SLCs)

Penn High School has six Smaller Learning Communities (SLCs). The benefits of our SLCs include:

- Increased student attendance
- Increased student engagement
- Greater student achievement
- Increase in student positive behavior

Freshman Academy

The Freshman Academy at Penn High School has been in place for nearly two decades. It was established with the purpose to help students acclimate to a large high school while giving smaller learning community support to ensure that all students thrive, graduate, and feel part of the greater school community. Penn High School can offer students the opportunities of a large school, with the personalization and strong relationships of a small school. Students are placed within teams, called houses, and share the same core teachers (Math, English, and Biology). Freshmen are encouraged to explore their interests and sign up for a large array of electives. The teacher teams utilize a common time to meet and discuss student concerns while looking to grow professionally in the context of the whole child. This endeavor is supported by dedicated freshmen counselors. The transition to high school is assisted by upperclassmen who work as freshman mentors meeting with freshmen in small groups throughout the first semester. Each core subject teacher meets in a professional learning community (PLC) to develop academically appropriate lessons as well as common formative and summative assessments. All teachers are further supported by an Academy and Instructional Teacher Leader. Adding to this professional team are 9th grade social studies teachers who help students to gain a world perspective as well as physical education teachers who help with structuring fitness and discussing wellness. From the first day of school, students know they are part of a smaller learning community at Penn. They develop an identity and forge relationships with adults and students within their freshman house.

Pathway Academies

After the freshman year, students choose one of four achievement academies: the Health and Human Services Academy, Fine Arts and Communications Academy, the Science, Technology, Engineering and Math (STEM) Academy or the Management and Business Academy. We know that students in these academies will also realize the same benefits they saw in the freshman academy. The achievement academies were designed by students, parents, teachers, administrators, and community members to help students bridge the gap between high school and the myriad of post-secondary options. Each of the achievement academies will help students concentrate their efforts on making a meaningful senior year with classes and projects designed specifically for each student. During the scheduling process each freshman will elect one of the four academies:

- The Fine Arts and Communications Academy
- The Health and Human Services Academy
- The Management & Business Academy
- The Science, Technology, Engineering and Math (STEM) Academy

The Achievement Academies at Penn High School have been designed to bring focus, rigor and relevance to students' high school course of study. Based on Federal and State Career Pathways models, students may choose one of four academies in which to study their sophomore, junior and senior years. Students will begin to consider the focus of their high school education when they complete their four year plan in the eighth grade. Students will choose their desired diploma-Core 40, Core 40 with Academic Honors, or Core 40 with Technical Honors and select courses that meet those requirements. Students will select their Penn Achievement Academy in Preparing for College and Careers (PCC) class.

Selection of an academy will not limit the courses a student may take. Students in each academy will be supported by a group of teachers in that academy, as well as community partners, to create a meaningful learning path that helps each student with their post-secondary goals.

Students are encouraged to take a minimum of one elective within their chosen academy per semester, beginning their sophomore year. Most students will select additional courses within their chosen academy to individualize their education to specific pathways related to post-secondary plans. Students will also be encouraged to seek Capstone Courses and Work-Based Learning experiences, which include Registered Apprenticeship, Cooperative Education, Internship, School Based Enterprise, or Service Learning.

Early College Academy

The Penn Academy for Early College provides students with a unique opportunity to begin fulfilling college requirements while simultaneously completing their high school graduation coursework at Penn High School. Through a partnership with Ivy Tech Community College, students may enroll in a selection of dual credit courses that can lead to the accumulation of significant college credits—up to an Associate's Degree—by the time they graduate from Penn. The Early College program follows a defined four-year course sequence, with opportunities for elective choices as available.

The mission of the Academy is to support and guide students in preparing for and pursuing post-secondary education. Most candidates are identified in middle school through established criteria, and participation requires commitment from the start of freshman year. Enrollment in the program constitutes a four-year dedication to its prescribed pathway.

Work-Based Learning

Penn High School encourages students to explore career pathways, and choose courses on a pathway that aligns with their future interests and post-secondary ambitions. Juniors and seniors who have earned a minimum of 2 credits on a related pathway have the opportunity to participate in Work-Based Learning (WBL). These experiences can include both inside and outside of the building components. Examples of WBL are:

- Registered Apprenticeship
- Professional Work Based-Management & Business
- Internship
- School-Based Enterprise
- Service Learning

Students may apply in the Counseling Office. Please be prepared to self-report the pathway courses you have completed, which qualify you for this experience.

Four Year Plan

A student's four year plan will include these areas:

Grade 9	Grade 10	Grade 11	Grade 12
Freshman Academy	Achievement Academy	Achievement Academy	Achievement Academy
English 9 (or Honors)	English 10 (or Honors) AP Seminar-English 10	English 11 (or Honors, AP®)	English 12 (or ACP/AP®/Ivy Tech)
Math (or Honors)	Math (or AP®)	Math (or AP®/ACP/Ivy Tech)	Math/Elective (or ACP/AP®/Ivy Tech)

Assessment Philosophy

All students should know that:

- They will receive grades that are based upon multiple forms of assessment, such as tests, quizzes, projects, reports, collaborative work, presentations, laboratory reports and writing assignments.
- The way grades will be determined will be explained at the beginning of the course and with each assignment.
- Assessment practices will measure the extent to which a student has attained the standards of the course.
- They will have opportunities to produce work of which they are proud and, at the teacher's discretion, opportunities will be given for self-correction and resubmission of work.
- They will have opportunities to know which test items they missed and why their answers were unacceptable.
- They will receive ample feedback to know how well they are doing and whether they should make changes in what they are doing.

Grading Standards for Penn High School

- Student progress may be monitored by using Skyward.
- Report cards are issued at the end of each semester. The letter grades listed below are used to designate the student's progress.
- Only semester grades are recorded on the permanent record and student's official transcript.
- Penn High School is on a four point system to determine grade point average and all course grades are included in the grade point average.

GRADE	GRADE POINT VALUE	Ξ
Α	4.0	
В	3.0	
С	2.0	
D	1.0	
F	0.0	
W/F	0.0	
N	Not calculated	

Weighted Grades

Advanced Placement® (AP®) courses will be weighted on a 5.0 scale. Advanced College Project (ACP) courses will also be weighted on a 5.0 scale when students earn an A, B or C for the semester. Dual-credit classes and certain designated classes will be weighted on a 4.5 scale.

AP® and ACP classes will be weighted as follows:

GRADE	GRADE POINT VALUE	
Α	5.0	
В	4.0	
С	3.0	
D	N/A	
F	N/A	

The following courses will be weighted on a 5.0 scale for this academic year:

- All Advanced Placement® (AP®) courses
- All Advance College Project (ACP) courses

Students must complete weighted courses with a grade of 'C' or better and complete the accompanying exam or performance assessment in order to receive the weighted credit.

Dual-credit classes and certain designated classes will be weighted on a 4.5 scale.

The following courses will be weighted on a 4.5 scale for this academic year:

- Symphonic Winds- Advanced Concert Band
- Gold Standard- Advanced Choral
- Symphonic Orchestra- Advanced Orchestra
- Advanced Jazz Ensemble
- Medical Statistics
- All dual-credit classes
- Robotics I-IV if paired with FIRST Robotics Internship
- Spanish IV, German IV, French III, French IV, Japanese IV

Students must complete weighted courses with a grade of 'C' or better and complete the accompanying exam or performance assessment in order to receive the weighted credit.

GRADE	GRADE POINT VALUE		
Α	4.5		
В	3.5		
С	2.5		
D	N/A		
F	N/A		

Incompletes Due to Excessive Absences

Students who receive a grade of "Incomplete" must complete necessary make-up work no later than the first ten days of the subsequent grading period. Students who receive a grade of Incomplete because of prolonged illness or unusual circumstances must obtain approval from the Director of Counseling Services before the end of the ten-day period to extend the deadline.

Withdrawing from a Course

Any course withdrawals after the fourth full week of the semester will result in a grade of "W/F" (Withdraw/Fail).

Course Repeats

A student may want to repeat a course for no additional credit to meet necessary prerequisites in order to continue with the next course level in a sequence of courses. A student who receives a grade below a C may retake a course to re-qualify for the Academic Honors Diploma and/or Technical Honors Diploma. The repeated course and initial grade are both calculated in the GPA.

Report Cards

Report cards are issued soon after the close of each semester.

Summer School

Summer school information will be listed on our Penn High School website as it becomes available. Please visit us there at penn.phmschools.org.

Skyward

Parents have access to Skyward on their personal computer. A password for the site is issued by the school. Both grades and attendance information are available to you with Skyward. Access Skyward through this link: https://skyweb.phmschools.org/StudentSTS/.

Commencement Participation Policy

Students must be within seven credits of completing all graduation requirements by the end of the first nine weeks of the second semester of their senior year to participate in the commencement ceremony.

NCAA and NAIA Eligibility Centers

- · Register with the NCAA Eligibility Center as early as the freshman year. A free profile page account can be created, even if the student is not being recruited to play Div. I or Div. II sports yet. If/when that changes, students can update their accounts to a certification account at any time.
- · Eligibility requirements vary from NCAA Div. I to the NAIA level so it's important that potential student-athletes are aware of their eligibility goals and plan ahead to meet the academic requirements.
- Students need to ensure they are meeting the core course and core course GPA requirements as they progress through high school. Work with one's school counselor to schedule enough core classes to meet the requirement of the eligibility level (NCAA Div. I, II, III or NAIA).

Please consult the NCAA Clearinghouse website for the most current information about preparing to participate in Division I or II college sports at https://web3.ncaa.org/ecwr3/.

NCAA approved courses are signified with

NAIA information can be found at: www.playnaia.org

Penn High School CEEB Code: 152347

Fees

Families will not be charged for curricular fees associated with the courses taken through Penn High School. The 2023 Indiana spring legislation only impacts fees charged for curricular materials and does not impact other fees state law permits school corporations to charge. Penn-Harris-Madison has certain charges for non curricular and optional activities. These charges are determined by the cost of materials, services, freight/handling fees, or any additional expenses the school corporation may incur for offering these non curricular and optional activities. If school property is damaged or lost, families may be charged.

COUNSELING SERVICES

Web Address: http://penn.phmschools.org/counseling

Mission Statement

In partnership with parents and the community, the Penn High School Counseling Center is committed to keeping students a priority and focusing on their health, well-being and educational growth. Through activities and programs, our students will find the services they need to pursue goals in their future. It is our goal to help students become responsible, contributing citizens.

Vision Statement

We believe that students deserve to be surrounded by caring adults, including licensed school counselors, who can support their academic, mental, and emotional needs. We believe students should have continuous access to these services in a safe and equipped environment. We believe students should have the ability to choose and engage in appropriate curriculum, based on their needs, preferences, and potential. We believe students should have equitable access to opportunities that prepare them for post-secondary and life-long success.

Your Counselors

Penn High School has twelve counselors. Three are assigned to our Freshman Academy, six are alphabetically assigned to grades 10-12, and two are assigned to Early College. Our Director is the counselor for students in alternative education settings (Pennway and Night School), and also foreign exchange students. We also have a Wellness Counselor that works to meet the social-emotional wellness of students. All of the counselors at Penn High School meet the standards and licensing requirements for *School Counselor* by the State of Indiana, hold a master's degree in Counseling and keep their licenses current.

SAT® and ACT

Some traditional four-year colleges require the SAT® or ACT as part of their admissions process.

- Registration for either test may be completed using the online registration process at collegeboard.org for the SAT® or act.org for the ACT.
- Registration, test dates, and test sites are determined by the testing companies. They develop and score their
 own tests
- If you have a question about your registration, scoring, or score reports, contact the Collegeboard or ACT directly.
- Students who have an Individual Education Plan (IEP) or 504 Plan must complete a Collegeboard/SSD or ACT
 accommodations request application well in advance of the desired test date. Visit the Collegeboard and/or
 ACT websites to find the specific timeline for accommodations approval.
- Test scores are sent to the student and to colleges the students request within the registration process.
- When applying to colleges and universities the student is responsible for completing the score report request process through the Collegeboard and/or ACT websites.

College Application Procedures

Penn High School utilizes Naviance to fulfill electronic college document requests in conjunction with the use of the Common Application. Both are secure online systems that allow students to order transcripts and submit applications electronically. Our staff sends the requested transcripts and the Secondary School Report to the colleges and universities requested by the student. With the Common Application, students must match their Naviance and Common Application accounts in order to connect the two programs for automatic updates. For both Common Application schools and schools with their own electronic application, students must make transcript requests in Naviance. Schools with their own application must be added by the student application list manually within Naviance, Common Application schools will automatically add to the list when the accounts are matched. Students will still submit applications through the Common Application program or directly to an institution but before doing so, schools must be represented accurately on the "Colleges I'm Applying To" list in Naviance. Students hoping to apply in early August must wait for confirmation from the Counseling Center when Naviance is ready to accept new applications and transcript requests for that academic year. Students are notified when the transcript has been sent and when the transcript has been received in Naviance.

You must allow 10 school days for the Secondary School Report and Counselor Recommendation portions of the Naviance request to be completed.

Step 1 If using Common Application, match your Common Application and Naviance accounts to add schools to the Naviance application list. If applying directly to an institution, add those schools to the application list in Naviance manually. When schools are accurately listed in Naviance, applications can be submitted electronically.

Step 2 In Naviance, official transcript requests should be made for both Common Application and non-Common Application schools. Request transcripts (in Naviance) for all colleges/universities that will receive your application.

Step 3 Request official ACT or SAT results to be sent to colleges/universities requiring them as part of the application process. ACT scores can be requested online through www.act.org and SAT scores can be requested online at www.collegeboard.org. ACT/SAT® scores are not on the Penn High School diploma or transcript.

AWARDS

Honor Roll

Students who earn between a 3.0 and a 3.49 grade point average with no grade below C- are eligible for the Honor Roll.

High Honor Roll

Students who earn a 3.5 grade point average or higher with no grade below C- are eligible for the High Honor Roll.

Academic Letter

An academic letter will be awarded to all students with a cumulative GPA >3.50 after their fourth and sixth semesters. The letter, with a lamp of knowledge, will be white with black and gold trim. Qualifying students who received letters after the fourth semester will receive a chevron after the sixth semester. The chevrons will match the academic letter in color and design. Academic letters will be presented in a public ceremony every January or February.

National Honor Society

Teachers at Penn participate in the selection of students that are juniors or seniors for The National Honor Society, a national organization for the recognition of outstanding students. Membership in The National Honor Society is an honor and is based equally upon scholarship (3.5 minimum), leadership, service and character.

Graduation with High Honors

Students are eligible to be recognized as a graduate with High Honors based upon earning a 3.5 or above Cumulative GPA with no grades below a C-. Students must be fully eligible at the end of the 7th semester in order to be recognized at senior recognition night and commencement.

Latin Honors System

Penn High School uses a Latin Honors System to recognize academic success. Students can receive the designation of Summa Cum Laude, Magna Cum Laude, and Cum Laude based on minimum GPA requirements. Students must have already completed seven semesters and/or be on track to receive an Academic or Technical Honors diploma at the time of graduation to receive a Latin designation.

Latin Designation	GPA Minimum	Required Diploma Type	Definition
Cum laude	3.75	Core 40	With praise
Magna cum laude	4.00	Academic or Technical Honors	With high praise
Summa cum laude	4.25	Academic or Technical Honors	With highest praise

Scholarships

Colleges, businesses and industry, as well as civic, fraternal and educational groups offer scholarship opportunities. Students should consult with their counselor and visit the current scholarship document for more information. A list of scholarships and applications are available on the Counseling Center web page, and can also be accessed through X (formerlyTwitter) by following @PennScholarship. Some of the awards require an examination; others require a written application or an interview. Students and parents are encouraged to do their own free scholarship search on any one of a number of scholarship sites available like the Collegeboard's Big Future website (bigfuture.collegeboard.org), FastWeb (fastweb.com) and FinAid (finaid.org).

In addition, students also have the ability to search for scholarships using Naviance. Partnering with Sallie Mae, Naviance provides students the opportunity to conduct a national scholarship search based on an individual student profile and scholarship filters.

The Penn High School class of 2025 earned over 22 million dollars in scholarship monies.

SPECIAL PROGRAMS

Early Graduation

Any student who wishes to graduate early must confer with their parents and counselor. Parents will be asked to send written permission that includes their approval, signature and date. Remaining required credits will be completed in summer school prior, or online through Independent Study during the student's final year of high school.

For students who graduate from a publicly supported high school at least one year early, the Mitch Daniels Early Graduation Scholarship awards students who qualify \$4,000 toward tuition and fees, and can be used at any eligible Indiana college.

Advanced Placement® (AP®)

"AP® and Advanced Placement® are registered trademarks of the College Board. Used with permission."

Advanced Placement® courses are taught at the college level. They afford students an opportunity to earn high school credit as well as college credit and/or appropriate placement at the college level. In order to receive weighted credit and Advanced Placement® designation on transcripts, students must successfully complete both semesters of the Advanced Placement® course and complete the Advanced Placement® examination in that course. Students who choose to take an AP® course outside of Penn must also take the corresponding AP® examination to receive weighted grade/credit. By selecting an AP® class during spring scheduling a student is making a firm commitment to complete this course the following school year.

Students enrolled in an AP® course are required to take the related national Advanced Placement® examination in the spring.

The following AP® courses are typically offered at Penn High School:

AP® African American Studies

AP® Art History AP® Biology

AP® Business with Personal Finance

AP® Calculus AB AP® Calculus BC

(AP® Seminar & AP® Research)

AP® Chemistry AP® Chinese

AP® Capstone

AP® Comparative Government & Politics

AP® Computer Science Principles

AP® Computer Science A

AP® Cybersecurity

AP® Economics: Micro & Macro

AP® English Language and Composition AP® English Literature and Composition

AP® Environmental Science AP® European History

AP® French

AP® German

AP® Human Geography

AP® Music Theory

AP® Networking Fundamentals AP® Physics I (C: Mechanics)

AP® Physics II (C: Electricity & Magnetism)

AP® Physics I - Algebra Based AP® Physics II - Algebra Based

AP® Pre-Calculus AP® Psychology AP® Seminar: English

AP® Spanish AP® Statistics

AP® Studio Art: 3-D Design AP® Studio Art: Drawing AP® Studio Art: Painting AP® Studio Art: Photography AP® U.S. Government & Politics

AP® U.S. History AP® World History

Advance College Project (ACP)

High School-based courses offered for dual credit through Indiana University. These courses are noted in the course descriptions using the Ψ symbol.

ACP Biology

ACP Brief Survey of Calculus

ACP Calculus I

ACP Calculus II

ACP Composition & Literature

ACP Computers in Education

ACP Examining Self as Teacher

ACP General Education Psychology

ACP Microeconomics

ACP Macroeconomics

ACP Political Science

ACP Precalculus Accelerated

ACP Principles of Business Management

ACP Speech

ACP Trigonometry Accelerated

ACP US History

Dual Credit Courses

High School-based courses offered for dual credit through Purdue University 🥬, Ball State University 🧆 , Vincennes

University \bigvee , or Ivy Tech Community College \bigvee . These courses are noted in the course descriptions using the associated symbols.

Dual Credits are subject to change based on staffing, IDOE crosswalk, and availability.

Project Lead the Way Classes

Project Lead the Way (PLTW) classes will fulfill requirements for the Academic and Technical Honors Diplomas. Most classes listed below will meet the dual high school/college course credit requirement. The classes listed below also meet the requirements for the Directed Electives. All PLTW classes are based on national standards for math, science, communications and technology. Additional information can be found on the Project Lead the Way website PLTW.org.

Engineering:

- Introduction to Engineering Design (9-12)
- Principles of Engineering (10-12)
- Digital Electronics (10-12)
- Civil Engineering & Architecture (10-12)
- Aerospace Engineering (11-12)
- Engineering Design & Development (12)

Biomedical Science:

- Principles of Biomedical Sciences (9-12)
- Human Body Systems (10-12)
- Medical Interventions (11-12)
- Biomedical Innovation Capstone (12)

Computer Science:

- Computing Foundations for a Digital Age (9-12)
- CS Principles of Computing (9-12)
- AP® Computer Science Principles (9-12)
- Topics in Computer Science (10-12)
- AP Computer Science A (11-12)
- Networking and Cybersecurity Operations (10-12)
- AP® Cybersecurity Fundamentals (10-12)

^{*}AP® and dual credit courses taken individually through accredited high school programs and varying colleges may be added to a student's Penn High School transcript. These courses, however, will not be added to the PHS transcript using the AP or dual credit GPA scale as used if taken at Penn High School.

Elkhart Area Career Center (EACC)

The Elkhart Area Career Center offers a variety of career and technical education programs intended to provide the student with the skills necessary to directly enter the job market after graduation or provide preparation for more advanced study at a technical school. The programs are available only to juniors and seniors. Tuition for the Elkhart Area Career Center programs is paid for by the PHM system. **Once a student commits to an EACC program it is expected that they finish the year.**

Interested students need to:

- Complete an online application. Applications are available from your counselor.
- (First Year Students Only) Attend the EACC Open House. The open house is intended to inform students of the available programs and to help the student make an informed decision about making this type of commitment.
- Make sure that their schedule for classes in the upcoming school year includes the Elkhart Area Career Center.
- If you use PHM bussing be aware the AM bus leaves at 7:25 am, before the PHM buses arrive at Penn. The PM bus leaves at 11:25 and returns at 3:00.
- Elkhart Area Career Center is a full year expectation.

Acceptance into the EACC program will be based upon space availability, academic progress, attendance and behavior. Students must apply annually to the EACC for acceptance.

A detailed description of the courses offered at the Elkhart Area Career Center is available in the reception area of the Counseling Office.

Elkhart Area Career Center Program Clusters

Go to <u>www.myeacc.org</u> for detailed information. Course numbers listed are *AM/PM* classes. Level 1 courses must be taken before level 2 courses in all pathways.

COLLEGE BASED DUAL CREDIT PROGRAM

Penn# 0672/0673

COLLEGE BASED DUAL CREDIT (CBDC)

Semesters: 1 Credits: 1 per course per semester

Grade Level: 12

Weight: 4.5 with a "C" or better IDOE: Varies by course

A College Based Dual Credit Program:

Students have the opportunity to enroll in a class at a local college through the Penn CBDC Program at Penn High School. This is an opportunity for students to begin college coursework while still in high school. An individualized schedule and plan will be developed for each participant. Juniors and seniors choose an area that matches their intended college major, their career plan or personal interest area. Participating colleges are Bethel College, IUSB, Ivy Tech, Purdue Polytechnic, Southwestern Michigan College (Niles/Dowagiac), Michiana Beauty College and Vogue. Each student will enroll through Penn High School and a local college. Each student will receive college credit from the particular post-secondary institution and high school credit from the Penn CBDC program. Students will pay for required textbooks and materials and complete Penn forms for reimbursement. Penn will pay for some CTE courses. Students must provide their own transportation.

<u>Academic & Technical Honors Diploma</u>: All classes from Bethel, IUSB, Ivy Tech Community College, Purdue Polytechnic Institute and Southwestern Michigan College may be applied to the requirements for these Honors Diplomas.

<u>CORE 40</u>: Most courses can be applied as Directed Electives for the CORE 40 Diploma. Some may also count for requirements of this diploma.

Students may take dual credit classes at Bethel, IUSB, Ivy Tech, Purdue Polytechnic or Southwestern Michigan. The classes listed below are a sampling of those courses that are offered. Students must work with Mrs. Black and the Post Secondary Institute for scheduling, requirements, and expectations. Please feel free to contact Mrs. Black (dblack@phm.k12.in.us) with any questions you may have.

	Business Administration	
Introduction to Business	Managerial Accounting	Web Site Development
Business Law	Income Tax	Microcomputer Operating Systems
Business Communication	Payroll Accounting	Network Fundamentals

Students must be 18 by June for Fire Science and EMS programs.

MICHIANA BEAUTY COLLEGE or VOGUE BEAUTY - Cosmetology (Penn# 0692, 0693, 0672, 0673)

Students must provide their own transportation.

Penn# 1613, 1615, 1617 & 1619

PHARMACY TECHNICIAN TRAINING

(IUSB Extended Learning Services–Certification Program- seniors only)

This program is presented in cooperation with the Extended Learning Services Program at IUSB, Memorial Hospital and Elkhart General Hospital.

1 Semester 1-2 Credits Grade: 12 Weight: 4.5 DOE# 7137, 5274, 7167, 7310

Tuition: Tuition will be free for Penn Students

<u>Textbooks/Fees:</u> Students must purchase their own textbooks and materials—approximately \$200. Students must also complete an application and provide a \$25 application fee. Keep all receipts and fill out proper forms for reimbursement of curricular fees.

<u>Prerequisite:</u> Pass pharmacy technician math test.

Other: Students must provide their own transportation. Classes will take place at South Bend Memorial Hospital or Elkhart General Hospital.

Classes meet 6-8:30 PM on 10 Mondays and Thursdays

Student schedules are individualized. Students may enroll for one or two credits—depending upon the blocks available in the individual student schedule. Students are released from high school during the regular school day and will make-up the time during the evening Pharmacy Technician Classes.

Penn High School Course Numbers:

	<u>First Semester</u>	Second Semester
One Period (afternoon)	690	691
Two Periods (afternoon)	672	673
One Period (morning)	696	697
Two Periods (morning)	696 & 694	697 & 695

Additional Information regarding the Pharmacy Technician Program may be obtained by emailing: dblack@phm.k12.in.us.

This program has been designed and taught by experienced, practicing pharmacists. By successfully completing this class and paying a certification fee, you can become state certified upon graduation from high school. Successful completion of this class will qualify you for an "entry-level" position. This is not a college credit program—this is a Pharmacy Technician Certification Program.

You are required to attend all classes. If, due to an emergency, you miss a class, it will be your responsibility to gather notes from other students to obtain the information you need. There will be no make-up quizzes for missed classes. A minimum grade of 65% on each exam will be required to pass the course. An overall grade of 70% is required to pass the course. IUSB requires 80% attendance to pass the course.

The contents of the training program include specific training duties required to assist a pharmacist in the technical functions associated with the practice of pharmacy, and shall include, at a minimum the following Understanding the duties and responsibilities of the technician and the pharmacist, including the standards of patient confidentiality and ethics governing pharmacy practice, Tasks and technical skills, policies, and procedures related to the technician's position, Working knowledge of pharmaceutical-medical terminology, abbreviations, and symbols commonly used in prescriptions and drug orders, Working knowledge of the general storage, packaging, and labeling requirements of drugs, prescriptions, or drug orders, Ability to perform the arithmetic calculations required for the usual dosage determinations, Working knowledge and understanding of the essential functions related to drug purchasing and

inventory control, The record keeping functions associated with prescriptions and drug orders

*Refers to the Indiana Core Transfer Library (CTL)

A full explanation of the CTL is available at www.transferlN.net/ctl or Google Core Transfer Library.

Code of Conduct

Students enrolled in courses that involve extra-curricular activities are subject to the terms of the Penn High School Code of Conduct. Students found in violation of the Code of Conduct will not suffer grade penalties. However, they may be subject to consequences detailed in the Code of Conduct.

Student Assistants (Course number 1805-1849)

A junior or senior in good standing may help a teacher during one block in place of their study hall. Students should apply through the Counseling Center prior to scheduling. No credit is awarded. This is a volunteer position. Good grades and a clean disciplinary record are required. Not everyone who requests a student assistantship will be selected.

Student Interns (Course number 1850)

Juniors and seniors in good standing may work as a student intern in any of the offices at Penn. Applications can be filled out in the Counseling Center. Interns receive credit and take their intern assignment as they would an elective class. Interns retain their study hall. Only students with unremarkable discipline and attendance will be considered. As part of this Work-Based Learning experience, students will complete a number of components resulting in a portfolio.

Kingsmen Tutor Internship (Course number 0661 with 1851 or 1865)

Kingsmen Tutor Internship provides students with opportunities to tutor peers and assist a teacher during the school year in the classroom. Tutors will receive training and attend monthly meetings with the Kingsmen Tutor Leaders. The internship is considered volunteer experience earning approximately 70 volunteer hours per semester, if taken for no credit. Many college admission offices and scholarship committees are looking for this kind of long term service. We strongly advise you to take this class as an elective for credit, but it can also be taken in place of a study hall for no credit. The grade will be based on homework assignments, attendance and teacher evaluations. Kingsmen Tutors will be placed in classrooms for various subjects including but not limited to foreign language, Algebra I and II, Geometry, Biology, ICP, English and Chemistry. As part of this Work-Based Learning experience, students will complete a number of components resulting in a portfolio.

Peer Leaders (Course number 1603)

Students (Grades 9-12) may earn 2 credits for work and interaction with students having moderate and severe disabilities. Students will provide 5 blocks over two weeks of in-class and/or community based instructions to disabled students under the personal supervision and direction of the course instructor or classroom teaching staff. As part of this Work-Based Learning experience, students will complete a number of components resulting in a portfolio. A complete description of this course may be found in the Multidisciplinary Courses.

Foreign Exchange

Penn High School welcomes all foreign exchange students who live within the P-H-M school district. We believe that a foreign exchange program can do much to create a better understanding between young people of different countries. For enrollment of a foreign exchange student at Penn, it is necessary that the student is enrolled in a high school in his home country and is residing with a resident of the Penn-Harris-Madison school district. We also expect applications in the spring prior to enrollment, with a deadline of July 1st. Foreign exchange students <u>must</u> enroll for the entire school year (August – June).

The staff at Penn High School stands ready to assist the foreign exchange student in any way possible to make the transition a comfortable one. Special effort will be made to enter the student into classes comparable with their ability and interest. It is expected that foreign exchange students are able to communicate in English. Students are

encouraged to take electives in areas that may be new to them. Foreign exchange students receive a *Certificate of Attendance* at the end of the school year, not a Penn High School diploma. Foreign exchange students are always encouraged to take part in school activities-clubs, athletics, band and chorus, and other school wide events.

Several services not provided by the school to foreign exchange students include free lunches, books, class rings, yearbooks, caps and gowns and the cost of field trips. These are all provided by the host parent unless otherwise indicated. The school is not responsible for recruiting families from its area to provide homes for students.

Freshman Mentors

Upperclassmen interested in serving as role models and guiding freshmen through their first year of high school can apply to be part of the Freshman Mentor program. Each mentor is assigned a group of 5-6 freshman students whom they will get to know personally during the Freshman Connections class. Mentors participate in training sessions each semester in preparation for leading freshmen through a number of activities designed to build community and ease the transition into high school life. The program's focus on building positive relationships and life skills benefits peer leaders and freshmen alike. Applications are available through the freshman counselors in the Counseling Office.

Pennway Alternative School

Pennway Alternative day school offers a 9th-12th grade Core 40 diploma program in a smaller classroom setting across from Penn High School's main campus. Participation is by counselor recommendation only.

Pennway Night School

The Penn-Harris-Madison School Corporation offers the Pennway Night School which provides coursework toward a high school Core 40 diploma for students over the age of 18 or beyond their senior cohort living in or outside PHM boundaries. Night School provides a comprehensive core curriculum of approved courses delivered through the Plato software program. Individuals who have a GED, are currently enrolled at another high school and not beyond their graduation date are not eligible.

Independent Study

Penn High School offers students the opportunity to take a variety of online courses through Independent Study. Students will engage in rigorous online course work delivered through Edmentum Plato, a computer software learning and curriculum program. Participation is by counselor recommendation and registration only.

EXCEPTIONAL EDUCATION

Exceptional Education services are available to students who are eligible according to the Federal and State guidelines and who have current Individual Education Plans (I.E.P.s) specifying the type and amount of services to be provided. These services include, but are not limited to, the following:

Consultation Services

The student is served in the general education classroom with consultation and support from the exceptional education teacher. Accommodations are made individually through case conference decisions.

Resource Services

The student is served in the general education classroom but receives regular, direct support from the exceptional education teacher. Resource services can be provided for 20% of the school day or less.

Part-Time Exceptional Education Services

The student is served by an exceptional education teacher for 21% to 60% of the school day. Classes are offered in an exceptional education setting and taught by an exceptional education teacher.

Full-Time Exceptional Education Services

The student is served by an exceptional education teacher for more than 60% of the school day. Full-time programs are provided to students who have such significant exceptional education needs that they cannot benefit from instruction with only part-time support. Full-time services include three program options.

Applied Courses

Students who elect applied courses are served by an exceptional education teacher in an exceptional education or general education setting. These courses contain a modified curriculum. These courses on their own do not meet the state proficiency requirements for a diploma. These students are working on a vocational track towards earning an Alternate Diploma.

The Functional Life Skills Program

This program is an activity/community based program designed to make students with significant disabilities as independent as possible within the school and community environments. Whenever appropriate, students receive their training in general education settings with non-disabled peers. Students do not earn course credit toward a diploma but will receive units toward an Alternate Diploma and participate in graduation ceremonies.

Indiana Alternate Diploma Course of Study

Effective with the students who enter high school.

The Course of Study for the Alternate Diploma is a framework for aligning curriculum to grade level standards while meeting the individual goals and transition needs stated in the student's Individual Education Plan (IEP). Those students who do not meet the credits/applied units will earn a Certificate of Completion.

Minimum total 40 highschool credits/applied units,or combination of both: It is expected that these requirements are met through enrollment in a combination of general education courses for credit, modified general education courses in which non-credit applied units are earned, and special education courses in which non-credit applied units are earned.

Credits/Units	Courses
English/ Language Arts (8 Credits/ Applied Units)	Applied English 9 Applied English 10 Applied English 11 Applied English 12 Applied Communications 11/12 LS ELA
Mathematics (4 Credits/Applied Units) Math must be taken all 4 years of high school.	Applied Algebra Applied Personal Finance (Money Matters) Applied Math I Applied Math II Applied Geometry Applied Analytical Algebra 2 LS Math
Science (4 Credits/Applied Units)	Applied Biology Applied Environmental Science LS Science (past course)
Social Studies (4 Credits/Applied Units)	A combination of: Applied Geography (past course) Applied World Civilization Applied Civics Applied US History LS Social Studies (past course)
Physical Education (2 Credits/Applied Units)	PE Adaptive PE (past course)
Health and Wellness (1 Credit/Applied Units)	Applied Health and Wellness Daily Living Skills (past course) Life Skills
Employability (10 Credits/Applied Units)	Careers Employability Skills Work Experience and/or Pathway course Gen Ed Transition Work Community Living
Electives (7 Units)	General Education Electives

Students earning an Alternate Diploma or Certificate of Complete must fulfill at least one of the following (aligned with transition goals) and determined by the case conference committee:

- 1. Career Credential: Complete an industry-recognized certification, one-year certificate or state-approved alternative
- 2. Career Experience: Complete project- or work-based learning experience or part time employment
- 3. Work Ethic Certificate: Earn a Work Ethic Certificate
- *** I AM Testing Required
- * Life Skills is intended for students who need more supported Exceptional Education level courses.
- ** Applied is intended for students who need less rigorous Exceptional Education courses.
- *** Math is required to be taken each year of high school

EXCEPTIONAL EDUCATION COURSE DESCRIPTIONS

Penn# 1201
APPLIED ENGLISH 9
Semesters: 2 Units: 2

Grade Level: 9
Prerequisite: Must be

recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 1002 Course Description:

This course contains a modified curriculum that follows the Indiana Content Connectors for ELA 9-10. This course is designed to give students the skills they need to fully understand the English language, as well as, the ability to read and interpret a variety of literature selections. Students analyze readings for content and meaning. This class is designed for students who need an alternative to the general education English 9 class. Placement is made on the of recommendation the case conference committee. This course is for students working towards an Alternate Diploma or Certificate of Completion.

Penn# 1203

APPLIED ENGLISH 10 Semesters: 2 Units: 2

Grade Level: 10 Prerequisite: Must be

recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 1004

Course Description:

This course contains a modified curriculum that follows the Indiana Content Connectors for ELA 9-10. This course is designed to give students the skills they need to fully understand the English language, as well as, the ability to read and interpret a variety of literature selections. Students analyze readings for content and meaning. This class is designed for students who need an alternative to the general education English 10 class. Placement made on is the recommendation of the case conference committee. This course is for students working towards an Alternate Diploma or Certificate of Completion.

Penn# 1205

APPLIED ENGLISH 11

Semesters: 2 Units: 2

Grade Level: 11

Prerequisite: Must be

recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 1006

Course Description:

This course is designed for those students in Exceptional education who need an alternative to the education general curriculum. Everyday English skills will be emphasized the in course. Placement in this course is made on the recommendation of the case conference committee. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1207

APPLIED ENGLISH 12

Semesters: 2 Units: 2

Grade Level: 12

Prerequisite: Must be

recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 1008

Course Description:

Applied English 12, an integrated English course based on the Indiana Content Connectors English/Language Arts in Grades 9-10 and applicable employability skills. This course is a study of language, literature, composition, and communication focusing on literature with an appropriate level of complexity for each individual student. Students analyze. compare, and evaluate a variety of classic and contemporary literature and nonfiction texts, including those of historical or cultural significance. Students write narratives, responses to literature, academic responses

(e.g. analytical, persuasive, expository, summary), and research tasks when appropriate. Students analyze and create visual information in the form of pictures, graphs, charts, and tables. Students write and deliver grade-appropriate multimedia presentations and access online information. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1265
LEARNING STRATEGIES
Semesters: 2 Units: 2
Grade Level: 9-12
Prerequisite: Must be
recommended in the Individual
Education Plan
Weight: 4.0 IDOE: 0500
Course Description:

This course is highly recommended for 9th, 10th, 11th, and 12th grade students with exceptional education needs. Basic Skills Development is a multidisciplinary course based on the Indiana Content Connectors for basic skills development in grades 9th-12th. Must be recommended in the Individual Education Plan by the case conference committee. This is an elective course. It is designed to system teach students а strategies to plan, execute and evaluate their performance on the academic expectations that they encounter at Penn High School. Students learn specific strategies to be independent learners. Teaching methodology emphasizes generalization of the strategies to the academic classes the students are taking.

Penn# 1209
APPLIED WORLD HISTORY &
CIVILIZATION

Semesters: 2 Units: 2

Grade Level: 9

Prerequisite: Must be

recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 1570

Course Description:

This course contains a modified curriculum that follows the Indiana Content Connectors for Geography. Students develop and use the six elements of geography to better understand current events and issues facing the world today. These elements are: The World in Spatial Terms. **Places** and Regions, Physical Systems, Human Systems, Environment and Society, and the Uses of Geography. Students will demonstrate an understanding of these elements of geography in the context of world history, primarily from 1450 to the present. Placement is made on the recommendation of the case conference committee. This course is geared towards individual skill needs. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1211
APPLIED U.S. HISTORY
Semesters: 2 Units: 2
Grade Level: 11-12
Prerequisites: Must be
recommended in the Individual
Education Plan
Weight: 4.0 IDOE# 1542
Course Description:

This course contains a modified curriculum that follows the Indiana Content Connectors for U.S.History. This course examines the American experience through a thematic approach of America's political,

social, and economic history. The objective will be to investigate what is the American experience and its constant evolution. Students will develop and hone critical writing, reading, and thinking skills throughout the course as they examine America from the late 19th century to the start of the 21st.

Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1213 APPLIED CIVICS

Semesters: 1 Units: 1

Grade Level: 12

Prerequisites: Must be

recommended in the Individual

Education Plan

Weight: 4.0 IDOE# 1508
Course Description:

This course contains a modified curriculum that follows the Indiana Content Connectors for Government. This course is designed to be paired with Money Matters. It is a course that outlines our government in a student friendly manner. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1216
APPLIED MONEY
MATTERS/PERSONAL FINANCE

Semesters: 1 Units: 1 Grade Level: 10-12 Prerequisites: Must be

recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 1514 (Quantitative Reasoning Course)

Course Description: This course contains a modified curriculum that follows the Indiana Content Connectors for Economics. This course is designed for those

students in exceptional education who need an alternative to the general education Economics course. Students are acquainted with economic systems, supply and demand, consumer spending, and budgeting. Placement is made on the recommendation of the case conference committee. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1235
APPLIED ALGEBRA I
Semesters: 2 Units: 2
Grade Level: 9-10
Prerequisite: Must be
recommended in the
Individualized Education Plan
Weight: 4.0 IDOE: 2560
Course Description:

Applied Algebra provides students with individualized instruction designed to increase math related competencies and/or mathematics coursework aligned with Indiana's Content Connectors The Mathematics Mathematics. standards for Algebra I are made up of 5 strands: Real Numbers and Expressions; Functions: Linear Inequalities, Equations, and Functions: Systems of Equations and Inequalities; Quadratic and Exponential Equations and Functions; and Data Analysis and Statistics. Placement is made on the recommendation of the case conference committee. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1236 APPLIED ANALYTICAL ALGEBRA II Semesters: 2 Units: 2 Grade Level: 11-12 Prerequisite: Must be recommended in the Individualized Education Plan Weight: 4.0 IDOE: 2560 Course Description:

Applied Mathematics provides students with individualized instruction designed to increase math related competencies and/or mathematics coursework aligned with Indiana's Content Connectors for Mathematics. This course should focus on the application mathematics in various disciplines including business, finance, science, technology, and career, social Placement is made on sciences. the recommendation of the case conference committee. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1237
APPLIED BIOLOGY I
Semesters: 2 Units: 2
Grade Level: 9-10
Prerequisites: Must be
recommended in the Individual
Education Plan

Weight: 4.0 IDOE: 3024 Course Description:

Applied Biology is a modified based science course on the following core topics: Std. 1 Cellular Structure and Function, Std. 2 Matter Cycles and Energy Transfer, 3 Interdependence Std. Organisms, Std. 4 Inheritance & Variation in Traits, and Std. 5 Multi-sensory learning Evolution. and differentiated instruction should focus on developing student understanding that scientific knowledge is gained from observation of natural phenomena and experimentation, by designing and conducting investigations guided by theory, and by evaluating and communicating the results of those investigations according to accepted procedures. Students will address approaching standards for the Science and Engineering Process Standards (SEPS) as well as the Content Connectors for the Indiana State Standards for Biology. Students may take Applied Biology 1B to continue content at a slower pace. Students will be assessed through Indiana's Alternate Measure (IAM) in the 10th grade year to measure student achievement and growth according to Indiana's Content Connectors aligned to the Indiana Academic Standards. Placement is made on the recommendation of the case conference committee. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1293
APPLIED ENVIRONMENTAL
SCIENCE

Semesters: 2 Units: 2 Grade Level: 10-12 Prerequisites: Must be

recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 0512 Course Description:

Environmental Science introduces fundamental environmental ecological issues. Students will do laboratory investigations as well as participate in group & discussions to debate pertinent topics. Many laboratory activities take place outside will require walking to an outdoor laboratory. Outside reading and research may be required as well as reading from the text. Students will significant amount of writing to demonstrate their understanding. Some concepts that will be covered include: Ecology, The Atmosphere, Conservation, Water, and Energy. The goal of the course is to prepare students to be literate citizens capable of using their knowledge of environmental science to make decisions to solve problems and make personal, social and ethical decisions that will have consequences for theirs and future 127 generations. This course has a modified curriculum and placement is made on the recommendation of the case conference committee. This course is for students working towards an Alternate Diploma or Certificate of Completion.

Penn# 1238
APPLIED BIOLOGY II
Semesters: 2 Units: 2
Grade Level: 10
Prerequisites: Must be
recommended in the Individual
Education Plan
Weight: 4.0 IDOE: 3024
Course Description:

This course contains a modified curriculum, which focuses on the IDOE Biology standards. ISTAR This course is designed for those students who need an alternative to general education science the Students explore the courses. nature of science, structures and functions of living systems and changes in living systems. Students will learn content through interactive relationships between living organisms and the environment. Students will learn content through a multi-sensory approach with differentiated instruction based on student needs. Students may be recommended to take a second year in this course of study. The Biology **ISTAR** assessment will be administered during the student's 10th grade year.

Students in this course are working towards an Alternate Diploma or Certificate of Completion.

1229 OR 1230 - 10
APPLIED HEALTH AND
WELLNESS
Semesters: 1 Units: 1
Grade Level: 9-12
Prerequisite: Must be
recommended in the
Individualized Education Plan

IDOE: 3506

Penn# 1271 OR 1272 - 9

Course Description:

Weight: 4.0

Applied Health & Wellness contains a modified curriculum that follows the Indiana Content Connectors for Health & Wellness. This course provides the basis to help students adopt and maintain healthy behaviors. Through a variety of instructional strategies, students practice the development functional health information. Students will determine personal values that support health behaviors and develop the essential skills necessary to adopt, practice, and health-enhancing maintain behaviors. This course provides students with the knowledge and skills of health and wellness core concepts. analyzing influences. accessing information, interpersonal communication. decision-making and goal-setting skills. health-enhancing behaviors, health and wellness advocacy skills. made Placement is on the recommendation of the case conference committee. Students in this course are working towards an Alternate Diploma.

Penn# 1277
APPLIED AMERICAN SIGN
LANGUAGE

Semesters: 2 Units: 2 Grade Level: 9-12 Prerequisites: Must be

recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 2156

Course Description:

American Sign Language introduces American Sign Language (ASL) and the Deaf community. It focuses on frequently used signs functional-notional through approach and discusses cultural features of the Deaf community. Emphasis is placed on the receptive and expressive skills. In the areas reading, composition, and receptive expressive communication skills, students have the opportunity to develop visual acuity, follow brief verbal instructions. understand short statements. questions. and dialogues, originate short descriptions from prompts, read and discuss texts written by Deaf authors about their experiences, read and discuss the history of the Deaf community, begin to understand the current Glossing system used to write ASL. Students recognize also learn to difference between the pathological psychological definitions of deafness, dispel common myths associated with deafness and ASL, recognize the widespread use of ASL throughout the United States. and develop an understanding of the intricate relationship between languages and cultures in general. Placement is made on the of recommendation the case conference committee. Students in this course are working towards an

Alternate Diploma or Certificate of Completion.

Penn# 1273
APPLIED EARLY CHILDHOOD
EDUCATION

Semesters: 2 Units: 2 Grade Level: 9-12

Prerequisites: Must be recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 7160 Course Description:

This course is designed to explore the stages of a child's development from conception through childhood. includes а study of the responsibilities and decisions involved in effective parenting. Emphasis is given to the physical, emotional, intellectual and social growth of the child. Student opportunities directed learning include a toddler/parent experience (1 - 3 year olds) and play school program (3 - 4 year olds). Placement is made on the recommendation of the case conference committee. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1275 APPLIED THEATRE ARTS Semesters: 2 Units: 2 Grade Level: 9-12

Prerequisites: Must be recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 4242 Course Description:

This course is for students who want an introduction to theatre through acting and performance. Areas of study will include voice and diction, observation, pantomime, improvisation and character development. Student activities will

include daily theatre games, vocal and physical warm-ups. Students learn to create characters through the use of movement, gestures, facial expression, and language in improvised and scripted activities. Some study of early theatre history and Shakespeare will provide students with a historical and cultural context. Performance evaluations will be required in class. evaluation Written of a performance will be required. Field trip expenses may vary. Required audition, rehearsals. performances may be held outside of the school day. Placement is made on the recommendation of the case conference committee. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1266
CAREER INFORMATION
Semesters: 2 Units: 2
Grade Level: 9-10
Prerequisites: Must be
recommended in the Individual
Education Plan
Weight: 4.0 IDOE: 0522
Course Description:

This course is designed to introduce students to many career fields and options, and to teach students to match their interests, abilities and lifestyle choices to compatible Employability/workforce careers. readiness skills (communication, organization, teamwork, punctuality, critical thinking/problem solving, social cues, adaptability and work ethic) are taught in order to enhance successful employment. Students create personal resume, participate in classroom vocational activities, complete job interest surveys and develop interview skills. This class is a prerequisite for the Work Experience Program. Placement is made on the recommendation of the case conference committee. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1239 1240 1241 1242 1243

1244 1245 1246

WORK EXPERIENCE (WBL)

Semesters: 2

Units: 1/block/semester Grade Level: 10-12 Prerequisites: Must be

recommended in the Individual

Education Plan.

Weight: 4.0 IDOE: 5974 Course Description:

These courses are designed to give students in exceptional education opportunity to gain work experience through in school or community jobs. This program provides the first opportunity for students to experience real world requirements for success in the workplace. Job coaching and frequent evaluations are used to students employability/workforce readiness skills (communication, organization, punctuality, teamwork, critical thinking/problem solving, social cues, adaptability and work ethic). Placement is made on the of recommendation the case conference committee. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

LS CLASSES

These classes contain a modified curriculum. They are designed to make students with significant disabilities as independent as school possible within and community environments. ΑII courses in this section are for students completing an Alternate **Diploma** or Certificate Completion. Students receive a high level of support.

Penn# 2202 LIFE SKILLS

Semesters: 2 Units: 2

Grade Level: 9-12 Prerequisites: Must be

recommended in the Individual

Education Plan.

Weight: 4.0 IDOE: 0500

Course Description:

This multidisciplinary course provides students the opportunity to continue to develop basic skills including writing, math, organizational, and interpersonal skills. Students will work on home skills such as cooking, cleaning, and laundry, as well as a employability variety of skills. Students will also learn about personal care, health, and safety. Skills will be emphasized for each based student on their Individualized Education Program with (IEP) in line content connectors. Community based instruction may also be used to practice daily living skills. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 1233 LS MATH

Semesters: 2 Units: 2 Grade Level: 10-12 Prerequisites: Must be

recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 2560

Course Description:

This course contains a modified curriculum. This course is designed for those students in exceptional education who need an alternative to the general education mathematics courses. It focuses on developing math skills for real life situations such as measurement, money skills, time, basic addition and subtraction, and more. A variety of materials are used in individual and group instruction. Students in this course are working towards an Alternate Diploma or Certificate of Completion. Students will be working on content connectors.

Penn# 2226

LS LANGUAGE ARTS 10

Semesters: 2 Units: 2

Grade Level: 10

Prerequisites: Must be

recommended in the Individual

Education Plan

Weight: 4.0 IDOE: 1004

Course Description:

Students develop reading and writing skills. Students are taught at their academic level and supported with a high amount of support. The class is focused on everyday Language Arts skills. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 2212

LS LANGUAGE ARTS 11

Semesters: 2 Units: 2

Grade Level: 11

Prerequisites: Must be

recommended in the Individual

Education Plan.

Weight: 4.0 IDOE: 1006

Course Description:

Students receive focused instruction on reading through the use of current events. Specific curriculum is used to accommodate the individual student at their reading level. Creative and timely materials are used to engage all learners. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 2228

LS LANGUAGE ARTS 12

Semesters: 2 Units: 2

Grade Level: 12

Prerequisites: Must be

recommended in the Individual

Education Plan.

Weight: 4.0 IDOE: 1008

Course Description:

Students receive focused instruction on reading through the use of current events. Specific curriculum is used to accommodate the individual student at their reading level. Creative and timely materials are used to engage all learners. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Placement is made on the recommendation of the case conference committee.

Penn# 2222 EMPLOYABILITY

Semesters: 2 Units: 2
Grade Level: 9-10
Prerequisite: Must be recommended in the Individualized Education Plan Weight: 4.0 IDOE: 0522

Course Description:

LS Employability course provides students with opportunities to learn about themselves including interests, strengths and needed support while exploring various traditional and nontraditional occupations and careers. Students develop skills in employability, and decision career making planning. Opportunities are provided students to observe and participate in various job situations opportunities through such community based instruction. internships, mock interviews, and guest speakers. Life Skill portfolio resume development and career-related experience and assessments may also be provided to students. Students in this course are working towards an Alternate Diploma Certificate or of Completion.

Penn# 2214

COMMUNITY LIVING Semesters: 2 Units: 2 Grade Level: 9-12 Prerequisite: Must be

recommended in the

Individualized Education Plan

Weight: 4.0 IDOE: 5330 Course Description:

LS Community Living is recommended for all students as life foundations for independent community living. This course builds knowledge, skills, attitudes, and behaviors that students will need as they complete high school and prepare to take the next steps toward adulthood in today's society. The course includes the study of interpersonal standards, lifespan roles and responsibilities, individual and family resource management, financial responsibility and resources. Placement is made on the recommendation of the case conference committee. Students in this course are working towards an Alternate Diploma or Certificate of Completion.

Penn# 2100 AND/OR 2101 SASS INDEPENDENT STUDY/STUDY HALL

Semesters: 1 or 2 Grade Level: 9-12 Course Description:

Self Management and Social Skills. Students in the Exceptional Education program will gain credits through on-line learning. Students will be working on the credits needed as discussed in a case conference. Students will receive a high level of support. Placement is made on the recommendation of the

case conference committee. This course is a noncredit behavioral support class.

MULTIDISCIPLINARY COURSES

Penn# 1871 CAREER INFORMATION AND EXPLORATION

Semesters: 1 (1st) Credits: 1

Grade Level: 9

Weight: 4.0 DOE# 0522

Course Description:

Career Information and Exploration provides students with opportunities to learn about themselves and about various traditional and nontraditional occupations and careers. Students also gain an awareness of the type occupational preparation or needed for various training occupations and careers. Students develop skills in: (1) employability, (2) understanding the economic process, and (3) career decision making and planning. Opportunities are provided for students to observe and participate in various job situations through opportunities such as field trips, internships, mock interviews, and guest speakers. Resume development experience and career- related testing are also provided to students.

Penn# 0680, 0681, 0682, 0683, 0684, 0685, 0686, 0687- 1 block 0674, 0675, 0679- 2 blocks WORK BASED LEARNING INTERNSHIP (WBL)

Semesters: 1 or 2

Credits: 1/block/semester

Grade Level: 11-12

Prerequisite: Any One CTE

Course

Weight: 4.0 IDOE: 5974

Course Description:

Students must provide their own transportation. Work Based Learning Internship is a career course that is designed to provide opportunities for students to explore careers that require additional degrees, certifications or training beyond high school. The emphasis of the experience is on applying

skills developed through instruction from an adult mentor and learning new career competencies at the internship site. Activities can be tailored to the unique needs and interests of the students. Internships may be paid or unpaid. A teacher monitors students in their field experiences. Students should enroll in the Internship class because the program provides an opportunity for a student to experience all aspects of "real world" requirements for success and the program is a means of linking academic learning with career and community experiences. As part of this Work-Based Learning experience, students will complete a number of components resulting in a portfolio.

Penn# 0690-0699 COLLEGE BASED DUAL CREDIT (CBDC)

Semesters: 1 or 2 Credit: 1/block/semester Grade Level: 11-12

Prerequisite: Meet Individual College admission requirements

Weight: 4.5

Course Description:

Students may enroll in College Based Dual Credit for 1, 2, 3 or 4 Student schedules are blocks. individualized according to the student's interests. Students may responsible for costs be associated with the college course. Students have the opportunity to enroll in a class at a local college through the Penn CBDC Program at Penn High

School. This is an opportunity for students to begin college coursework while still in high school. An individualized schedule and plan will be developed for each participant. Juniors and seniors choose an area that matches their intended college major, their career plan or personal interest area. Participating colleges are Bethel College, IUSB, Ivy Tech, Purdue Polytechnic, Southwestern Michigan College (Niles/Dowagiac), Michiana Beauty College and Vogue. Each student will enroll through Penn High School and a local college. Each student will receive college credit from the particular post-secondary institution and high school credit from the Penn CBDC Students will pay for program. required textbooks and materials and complete Penn forms for reimbursement. Penn will pay for some CTE courses. **Students** provide their must own transportation. Complete details are listed in the Penn College Based Dual Credit **Program** section.

Penn# 1603
PEER LEADERS (WBL)
Semesters: 2 Credits: 2

Grade Level: 9-12

Prerequisite: Interview with

course instructor

Weight: 4.0 IDOE: 5974

Course Description:

Students (Grades 9-12) may earn 2 credits for work and interaction with students having moderate and severe disabilities. Students will provide 1 semester or 1 full year of in-class and/or community based instruction to students in Exceptional Education under the supervision of the Peer Leadership Advisor and direction of the

placement teacher. As part of this Work-Based Learning experience, students will complete a number of components resulting in a portfolio. Students completing 2 years consecutive or non consecutive will be eligible to receive a chord for graduation.

Penn# 1611

PEER LEADERS- YAP (WBL)

Semesters: 2 Credits: 2

Grade Level: 11-12

Prerequisite: Peer Leaders- 1603

Weight: 4.0 IDOE: 5974

Course Description:

This course is designed to give high school students the opportunity to interact with people with disabilities and learn how to work with them. Students will provide 5 blocks over two weeks of in-class and/or community based instruction to students with moderate and severe disabilities in the Young Adult Program under the personal supervision and instruction of the YAP director.

Penn#

ELD I (1655) ELD II (1656)

ELD III (1657)

Semesters: 2 Credits: 2

Grade Level: 9-12

Recommendation: WIDA Scores

Weight: 4.0 IDOE: 1012

Course Description:

English Language Development is a multidisciplinary course which provides students continuina opportunities to develop the basic skills including: (1) reading, (2) writing, (3) listening, (4) speaking, (5) note taking, (6) study and organizational skills. and (7) problem-solving skills that are essential for high school course work achievement. Determination of the skills to be emphasized in this course is based on the Indiana State English fluency proficiencies, individual school corporation general curriculum plans, and student Individualized Learning Plan (ILP). Credits earned in this course are elective credits. For further information regarding ENL services. please contact your Guidance Counselor or ENL Coordinator. Level placement is based on English level assessment.

Penn# 1658 LANGUAGE LAB

Semesters: 2 Credits: 1

Grade Level: 9-12

Weight: 4.0 IDOE: 0500

Recommendation: WIDA Scores

Course Description:

Students enrolled in Language Lab complete personalized English grammar exercises that target areas needed for growth. The class also serves as a study hall with access to ENL staff who provide structured support and guidance on general education classroom assignments. It is not required that students also take ELD in conjunction with this course.

Penn# 0661 BBBS: 0662 WITH 1851 OR 1865 KINGSMEN TUTOR INTERNSHIP

(WBL)

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: Application,

interview, teacher

recommendations, clean disciplinary and attendance

record

Weight: 4.0 IDOE: 5974

Course Description:

Kingsmen Tutor Internship provides students with opportunities to tutor peers and assist a teacher during the school year in the classroom. Tutors will receive training and attend monthly meetings with the Kingsmen Tutor Leaders. If you take second semester for no credit then this internship is considered volunteer experience. earning approximately 70 volunteer hours in semester. Many college admission offices and scholarship committees are looking for this kind of long term service. We strongly advise you to take this class as an elective, but it can also be taken in place of a study hall. The grade will based homework be on attendance assignments. and teacher evaluations. Kingsmen Tutors will be placed in classrooms for various subjects including but not limited to foreign language, Algebra I and II, Geometry, Biology, ICP, English and Chemistry.

Penn# 1605 & 1607
AP® CAPSTONE:
AP® SEMINAR & AP®
RESEARCH
(A 2 year course - 1605 first)
Semesters: 2 Credits: 4 (2/yr)
Grade Level: 11 & 12
Weight: 5.0 IDOE: 0552 & 0551
Course Description:

Seminar, students AP® In investigate real-world issues from multiple perspectives, gathering and analyzing information from various sources in order to develop credible and valid evidence-based arguments. Students who earn scores of 3 or higher in Seminar and AP® Research and on four additional AP® Exams of their choosing will receive the AP® Capstone Diploma. Students who earn scores of 3 or higher in AP® Seminar and AP® Research but

not on four additional AP® Exams will receive the AP® Seminar and Research Certificate. AP® Seminar may also be taken as a stand-alone option.

AP Research, the second course in the AP Capstone experience, allows students to deeply explore an academic topic, problem, issue, or idea of individual interest. Students design, plan, and implement a vearlong investigation to address a research question. Through this inquiry, they further the skills they acquired in the AP Seminar course by learning research methodology, ethical employing research practices, and accessing, analyzing, information. and synthesizing Students reflect on their skill development. document their processes, and curate the artifacts of their scholarly work through a process and reflection portfolio. The course culminates in an academic paper of 4,000-5,000 words and a presentation with an oral defense. Students who earn scores of 3 or higher in AP® Seminar and AP® Research and on four additional AP® Exams of their choosing will receive the AP® Capstone Diploma. Students who earn scores of 3 or higher in AP® Seminar and AP® Research but not on four additional AP® Exams will receive the AP® Seminar and Research AP® Seminar may Certificate. also be taken as a stand-alone option. AP® Seminar would be **AP**® taught to Juniors: Research would be taught to Seniors.

Penn# 1869
COMMUNICATION & PUBLIC
RELATIONS INTERNSHIP (WBL)
Semesters: 2 Credits: 2

Grade Level: 10-12

Weight: 4.0 IDOE: 4790(5974)

Course Description:

This internship - which is focused on promoting the events and people of Penn High School and the Penn-Harris-Madison School Corporation – is designed for students who wish to apply the practices of public relations (written and visual) in order to gain experience and build a portfolio. Students should already have a strong understanding of writing, journalistic and public relations principles, or students need to have strong graphic design/videography skills and a command of Adobe Photoshop. Adobe Illustrator. InDesign, and/or videography skills, including Adobe Premiere Pro. Students will implement media relations strategies such as crafting releases. writing press news/features articles, or producing graphic designs or videos to promote Penn/P-H-M events/people through social/traditional media.

EARLY COLLEGE (EC)

9TH GRADE EC COURSE INFORMATION

Penn# 2301

ENGLISH 9 (EC)

Semesters: 2 Credits: 2

Grade Level: 9

Weight: 4.0 DOE# 1002

Course Description:

English 9 PAEC focuses on increasing student understanding of our common humanity through literature. This is accomplished through a synthesis of literature, composition, research, grammar, usage, mechanics, public speaking vocabulary; formative and summative assessments will follow in all of the above areas. Along with students becoming stronger writers, speakers, listeners and readers, they will also be better equipped for even more rigorous future English classes for college credit. Unique to PAEC English 9, students will have the opportunity to project-based, authentic learning across the curriculum...

Penn# 2306 ALGEBRA I (EC)

Semesters: 2 Credits: 2

Grade Level: 9

Weight: 4.0 DOE# 2520

Course Description:

The Mathematics standards for Algebra I are made up of 5 strands: Real Numbers and Expressions; linear Functions: equations, Inequalities, and Functions; Systems of Equations and Inequalities; Quadratic and Exponential Equations and Functions; and Data Analysis and Statistics. Algebra I is a required course for graduation.

Penn# 2319 BIOLOGY I (EC)

Semesters: 2 Credits: 2

Grade Level: 9

Weight: 4.0 DOE# 3024

Course Description:

The course highlights how biology applies to and potentially improves To help students human life. productive develop into and responsible citizens, they will make connections between biological concepts and real life applications. Through regular use of Science and Engineering Practices, inquiry laboratory investigations, data analysis, demonstrations, reading, research, group discussion, and computer simulations, Early College Biology Honors provides a study of four major themes: Biochemistry and Cells - Organic molecules, cellular components and functions. Ecology - study of the relationships between living organisms and the environment. Genetics - study of the molecular basis of heredity and inheritance of traits. Evolution mechanism for change over time and the unity and diversity of life. In the spring, students will take Indiana Statewide Testing for ILEARN in Biology.

Penn# 2305 GEOMETRY (EC)

Semesters: 2 Credits: 2

Grade Level: 9

Weight: 4.0 DOE# 2532

Course Description:

This course is for students enrolled in the Early College Program. The curriculum will be the standards for Geometry and an in-depth review of Algebra topics preparing students for Algebra II Honors their sophomore year. Geometry is designed to study the pattern and structure of geometry using the of inductive techniques and deductive reasoning. The properties and relationships of geometric figures will include the study of angles, lines, planes, congruent and similar triangles, trigonometric ratios, polygons, and circles. An understanding of proof and logic will be developed and formal proof will be emphasized.

Penn# 2308

ALGEBRA II (EC)

Semesters: 2 Credits: 2

Grade Level: 9

Prerequisite: Algebra I Weight: 4.0 DOE# 2522

Course Description:

The Mathematics standards for Algebra II are made up of 5 strands: Complex Numbers Expressions; Functions; Systems of Equations; Quadratic Equations and Functions: Exponential Logarithmic Equations and Functions; Polynomial, Rational, and Other Equations and Functions; and Data Analysis, Statistics, and Probability. Students who complete this course will enroll in Geometry 728.

A scientific calculator is required and students will gain experience using the graphing calculator.

Penn# 2309 SPANISH I (EC) Semesters: 2 Credits: 2 Grade Level: 9

Weight: 4.0 DOE# 2120

Course Description:

Spanish 1 EC is designed to prepare highly capable, motivated students to achieve dual credit through Ivy Tech in their junior or seniors. This course introduces students to the Spanish language by practicing the basic language acquisition skills of reading, writing, listening, and speaking on a daily basis. The goal of Spanish 1 EC is to establish a solid foundation in the Spanish language as well as to apply various strategies for learning

a language. Within this context, Spanish 1 EC provides students with opportunities to:

- Comprehend new language through dialogues, clip art, rhymes, visuals, and video
- Practice communication through listening exercises, paired activities, and group activities
- Answer questions and express personal opinions both verbally and in writing
- Compare languages and cultures through grammar study, pronunciation, art, and readings in authentic settings
- Demonstrate all language skills through a variety of tasks and projects presented in the classroom

Penn# 2307

WORLD HISTORY AND CIVILIZATION (EC)

Semesters: 2 Credits: 2

Grade Level: 9

Weight: 4.0 DOE# 1548

Course Description:

This course explores significant events that shaped large populations across diverse regions throughout history. Students analyze transcultural interactions, compare civilizations, and study continuity and change. Emphasis is on developing historical thinking skills and applying knowledge to inquiry processes.

10th GRADE EC COURSE **INFORMATION**

Penn# 2315

ENGLISH 10 (EC)

Semesters: 2 Credits: 2

Grade Level: 10

Prerequisites: English 9 Weight: 4.0 **DOE# 1004**

Course Description:

English 10 PAEC is designed to prepare students for success in future dual credit classes, building on the literary and study skills they developed in English 9 PAEC. This course also pushes students to be prepared for the Accuplacer and PSAT tests, of which a certain level of competency is required for college credit classes. In addition to the curriculum developed by Penn teachers, Ivy Tech's Integrated Reading and Writing Course will also be used to help make the above goals achievable. Students analyze and respond through reading, writing, speaking, listening to a variety of fiction and non-fiction pieces of literature, as well as informational texts, giving students the necessary skills to be college-level readers successful, and writers.

Penn# 2303 🔒 🚾

INTEGRATED CHEMISTRY AND PHYSICS (EC)

Semesters: 2 Credits: 2

Grade Level: 10

Prerequisites: Biology 1 Weight: 4.0 **DOE# 3108**

(Quantitative Reasoning Course) **Course Description:**

The course is required for students entering the Early College Program and prepares students for taking dual credit science classes through Ivy Tech Community College. This interdisciplinary science class investigates themes of chemistry and physics through a real world, project/lab-based approach which emphasizes scientific inquiry and process skills. The course will primarily focus on the following themes: Motion, Energy, Properties of Matter, Chemical Reactions, and Science in Society.

Penn# 2333

Chemistry II

CHEMISTRY (EC)

Semesters: 2 Credits: 2

College Credits: 3 Grade Level: 10 or 12

Prerequisites: Passing score on the English and Math Knowledge Assessment through Ivy Tech and completion of Alg I and Geometry

Weight: 4.5 **DOE# 3066** (Quantitative Reasoning Course) **Course Description:**

An introductory course that includes the science of chemistry measurement, atomic theory and table. the periodic chemical equation writing bonding, and balancing, stoichiometry, gasses and acids/bases.

Penn# 2323

SPANISH II (EC)

Semesters: 2 Credits: 2

Grade Level: 10

Prerequisites: Spanish I Weight: 4.0 **DOE# 2122**

Course Description:

Spanish 2 EC is the continuation of preparing the students to achieve dual credit through Ivy Tech in their junior and senior years. This course continues to focus on the important skills of reading, writing, listening,

and speaking while studying new tenses. Special emphasis will be placed on open-ended writing as well as oral proficiency that includes studying and applying pronunciation rules. Within this context, Spanish 2 EC provides students with opportunities to:

- Comprehend new language through dialogues, clip art, rhymes, visuals, video, and games
- Practice communication through listening exercises. paired activities, and group activities
- Answer questions and express personal opinions both verbally and in writing
- Compare languages and cultures through grammar study, pronunciation, art, and readings in authentic settings
- Demonstrate all language skills through a variety of tasks and projects presented in the classroom

Penn# 2326/2327 MICROSOFT OFFICE

Semesters: 1 Credits: 1 Grade Level: 9-12

Weight: 4.5 **DOE# 4528**

Ivy Tech-OTEC 107 College Credits: 3 **Course Description:**

Do you need to brush up on your computer skills? Would you like to be proficient in Microsoft Office? Look no further, you can take CINS here at Penn and learn those skills, which will make you a more competitive person in the job market! Students will use Microsoft Word, Excel, and Access software to create and produce letters, tables. graphics reports,

applications, spreadsheets, and database projects. Students will also create projects using PowerPoint. Along with the skills acquired in this course, students will complete a professionalism unit that can be incorporated and utilized throughout a student's high school, college. and professional experience. Not open to students who have taken 2327. Dual credit is available with qualifying scores.

II, the pace of this course is accelerated and topics are covered in greater depth. Students will gain experience using the graphing calculator.

Penn# 2321

ALGEBRA II (EC)

Semesters: 2 Credits: 2

Grade Level: 10

Prerequisites: Geometry Weight: 4.0 DOE# 2522

Course Description:

This course is for students with above average performance in math. It expands on the topics of Algebra I and provides further development of the concepts of a function, domain and range. Reviews linear equations, inequalities, graphing, and factoring algebraic expressions. Concentrates properties of on integer and rational exponents, systems linear equations, of radicals, radical equations, functions quadratic equations, including their graphs, and applications. Compared to Algebra

Grade Level: 12

Prerequisites: ENGL 111/215 and passing score on the English Knowledge Assessment, PSAT, or a cumulative GPA of 2.6 or higher. Weight: 4.5 DOE# 1124 Course Description:

ENGL 206 Development of basic strategies for critically reading and interpreting poetry, fiction, and drama; introduction to the premises and motives of literary analysis and critical methods associated with various literary concerns through class discussion and focused writing **ENGL** 202 assignments. This introduces students course to opportunities for self-expression in one or more literary genres - fiction, poetry, drama, and the creative essay. Creative writing will be conducted using a workshop model; students will share their writing with each other and collaborate in response groups to give and receive feedback.

Penn# 2347 OR 2348
POLS 101 INTRODUCTION TO

AMERICAN GOVERNMENT AND

POLITICS (EC)

United States Government Semesters: 1 Credits: 1

College Credit: 3
Grade Level: 12

Prerequisites: Passing score on the English Knowledge Assessment, PSAT, or a cumulative GPA of 2.6 or higher.

Weight: 4.5 DOE# 1540

Course Description:

Studies federalism, theories of origins and purposes of government and other aspects of the American government including interest groups, political parties, and the electoral process. Emphasis is placed constitutional on backgrounds and the organization and functions of the executive, legislative, and judicial segments of the national government, liberties and civil rights, public opinion, media, bureaucracies, and domestic and foreign policy. Naturalization test for citizenship is required.

Semesters: 2 Credits: 2 College Credits: 3 Grade Level: 10 or 12

Prerequisites: Passing score on the English and Math Knowledge Assessment through Ivy Tech and completion of Alg I and

Geometry

Weight: 4.5 DOE# 3066 (Quantitative Reasoning Course) Course Description:

An introductory course that includes the science of chemistry and measurement, atomic theory and the periodic table, chemical bonding, equation writing and balancing, stoichiometry, gasses and acids/bases.

Penn# 2367 * WATE

MATH 135 FINITE MATH (EC) Finite Mathematics

Semesters: 2 Credits: 2

College Credit: 3
Grade Level: 12

Prerequisites: MATH 136/MATH 137 and passing score on the Math Knowledge Assessment or PSAT.

Weight: 4.5 DOE# 2530 Course Description:

This course is designed for college bound students. Topics include solving and graphing linear equations and inequalities. elementary set theory, matrices and their applications, linear programming, and elementary probability. This is a standard finite mathematics course. Ivy Tech Credit may be earned.

Penn# 2353

MATH 211 CALCULUS I (EC)

Calculus

Semesters: 2 Credits: 2

College Credit: 4
Grade Level: 12

Prerequisites: Demonstrated competency through appropriate assessment or successful completion Math 136 College Algebra and Math 137 Trigonometry with Analytic Geometry.

Weight: 4.5 DOE# 2527 Course Description:

Reviews the of concepts exponential, logarithmic and inverse functions. Studies in depth the fundamental concepts and operations of calculus including limits. continuity. differentiation including implicit and logarithmic differentiation. Applies differential calculus to solve problems in the natural and social sciences, to solve estimation problems and to solve optimization problems. **Applies** differential calculus to sketch curves and to identify local and global extrema. inflection points. increasing/decreasing behavior, concavity, behavior at infinity, horizontal and vertical tangents and asymptotes, and slant asymptotes. Applies the concept of Riemann sums and antiderivatives to find Riemann integrals. Applies fundamental theorem of calculus to solve initial value problems, and to find areas and volumes and the average values of a function.

Penn# 2359

MATH 212 CALCULUS II (EC)

Advanced Math

Semesters: 2 Credits: 2

College Credit: 3
Grade Level: 12

Prerequisites: Demonstrated competency through appropriate assessment or successful completion Math 136 College Algebra and Math 137 Trigonometry with Analytic

Geometry.

Weight: 4.5 DOE# 2544
Course Description:

Reviews the concepts of exponential, logarithmic and inverse functions. Studies in depth the fundamental concepts and operations of calculus inc

Penn#2351/2352 SPAN 201 & SPAN 202 SPANISH IV (EC)

Semesters: 2 Credits: 2

Grade Level: 12

Prerequisites: Passing score on

the English Knowledge
Assessment, PSAT, or a
cumulative GPA of 2.6 or higher
and grade of C or higher in SPAN
102.

Weight: 4.5 DOE# 2126

DOE- Spanish IV College Credit: 6

Course Description: [IDOE 2126] Spanish is the primary medium of instruction. The goal of the course is to continue the development and reinforcement of the skills of the target language: listening, speaking, reading and writing at an intermediate level. The course continues the study of grammar and

syntax, vocabulary building, and Spanish and Latin American civilizations, cultures, and literature through discussion and written and oral reports.

Penn# 2365/2366

GENS 279 GENERAL STUDIES CAPSTONE COURSE (EC)
Semesters: 1 Credits: 1

Grade Level: 12

Prerequisites: Students should only enroll in this course if they are on track to complete their lvy Tech Associate's Degree of

General Studies.
College Credits: 3
Course Description:

For the Early College Capstone Project, students will develop a semester-long multimedia project guided by an early college staff member. Students will be mentored in this endeavor, culminating in a reflective final project and presentation at the end of the semester which highlights one or multiple aspects of their education throughout their tenure in the Early College program at Penn, as well as potentially directing them toward their future path. This course will require both independent study and class instruction.

FRESHMAN ACADEMY

Penn# 0301 ENGLISH 9

Semesters: 2 Credits: 2

Grade Level: 9

Weight: 4.0 DOE# 1002

Course Description:

The focus of this course is to increase student understanding of our common humanity through literature and to develop reading, writing and speaking skills. A synthesis of all the components of language arts is emphasized: literature, composition, research, grammar, usage, mechanics, public and vocabulary. speaking, Assessments include narrative writing, writing, summary thesis-based essays, and journal writing. Students will study novels, short stories, poetry and drama and informational texts. English students will complete multiple requirements including writing process papers and timed writing.

Penn# 0305

ENGLISH 9 HONORS
Semesters: 2 Credits: 2

Grade Level: 9

Weight: 4.0 DOE# 1002

Course Description:

This course is designed for the highly motivated student who has demonstrated a high reading level and a reasonable mastery of written and spoken English. The focus of this course is to increase student understanding of our common humanity through literature and to continue communication and skill development. A synthesis of all the components of language arts is emphasized: literature, composition, research, grammar, usage, mechanics, public speaking, and

vocabulary. Assessments include narrative writing, summary writing, thesis-based essays, and journal writing. Students will study novels, short stories, poetry, drama and informational texts. Students will be expected to complete independent reading and writing, both in the summer and during the school year. English 9 Honors students will multiple complete writing including requirements process papers and timed writing.

Penn# 0355

DEVELOPMENTAL READING I

Semesters: 2 Credits: 2

Grade Level: 9

Prerequisite: Test results, teacher

referral, and counselor

recommendation

Weight: 4.0 DOE# 1120

Course Description:

This course is intended to support and enhance a student's experience with the Penn High School Freshman Academy curriculum by helping students develop understanding of themselves as readers and writers while acquiring the strategies used by highly effective readers and writers. The goal is to use contemporary, high-interest, accessible texts as the foundation around which and which students through build personal literacy identities and literacy processes. The goal is not to teach specific texts or to re-teach 9 curriculum. English Instead. students who leave this course will better understand themselves as readers and writers and, therefore, will be more strategic about how they approach reading, writing, and learning tasks. Armed with this newfound confidence, students will find themselves more prepared to engage successfully with the many learning opportunities that are offered here at Penn High School. This is an elective course; it does not satisfy the state English graduation requirement. This elective will help students start their educational career here at Penn High School on a positive note.

Penn# 0905 BIOLOGY I

Semesters: 2 Credits: 2

Grade Level: 9

Weight: 4.0 DOE# 3024

Course Description:

The course highlights how biology has both personal and global implications in human lives. To help students develop into productive and responsible citizens, they will between make connections biological concepts and real life applications. Through regular use Science and Engineering Practices, laboratory investigations, projects, reading, research, group discussion, computer simulations, and videos, Biology I provides a study of four major themes: Biochemistry and Cells - organic molecules, cellular components and functions, Ecology - study of relationships between living organisms and the environment, Genetics - study of heredity and inheritance of traits, Evolution mechanism for change over time and the diversity of life. In the spring, students will take Indiana Statewide Testing for ILEARN in Biology.

WORLD HISTORY & CIVILIZATION

Semesters: 2 Credits: 2

Grade Level: 9

DOE# 1548 Weight: 4.0

Course Description:

This course explores significant that shaped events large populations across diverse regions throughout history. Students analyze transcultural interactions, compare civilizations, and study continuity and change. Emphasis is on developing historical thinking skills and applying knowledge to inquiry processes.

Penn# 1163

AP® WORLD HISTORY

Semesters: 2 Credits: 2

Grade Level: 9

Weight: 5.0 DOE# 1612

Course Description:

In AP® World History students investigate significant events. individuals, developments, and processes in historical periods from approximately 1200 CE to the present. Students develop and use the same skills, practices, and methods employed by historians: analyzing primary and secondary sources; developing historical arguments; and utilizing reasoning about comparison, causation, and continuity and change over time. The course provides six themes that students explore throughout the course in order to make connections among historical developments in different times and places: humans and the environment. cultural developments interactions. and governance, economic systems. systems. economic social interactions and organization, and technology and innovation.

Penn# 0717 **ALGEBRA I**

Semesters: 2

Credits: 2

Grade Level: 9

Weight: 4.0 **DOE# 2520**

Course Description:

The Mathematics standards for Algebra I are made up of 5 strands: Real Numbers and Expressions; Functions: Linear Equations. Inequalities, and Functions: **Systems** Equations and of

Inequalities; Quadratic and Exponential Equations and Functions; and Data Analysis and Statistics. Algebra 1 is a required course for graduation.

Penn# 0726-N

GEOMETRY ACCELERATED 9

Semesters: 2 Credits: 2

Grade Level: 9

Prerequisite: Algebra I Weight: 4.0 **DOE# 2532**

Course Description:

The Mathematics standards for Geometry are made up of 5 strands: Logic and Proofs; Points, Lines, and Planes; Triangles; Angles, Quadrilaterals and Other Polygons: Circles; Transformations; Three-dimensional Solids. Algebra will reviewed skills be and remediated in this course.

Penn# 0713

ALGEBRA II HONORS Semesters: 2 Credits: 2

Grade Level: 9

Prerequisite: Algebra I and

Geometry

Weight: 4.0 DOE# 2522

Course Description:

Students with an A or B in Algebra and Geometry should take this course. The Mathematics standards for Algebra II are made up of 5 strands: Complex Numbers and Expressions: Functions: Systems of Equations; Quadratic Equations and Functions; Exponential & Logarithmic Equations and Functions; Polynomial. Rational. and Other Equations and Functions; and Data Analysis, Statistics, and Probability. This course is for students with superior performance in math. Compared to Algebra II, the pace of this course is accelerated and topics are covered in greater depth. Students will gain experience using the graphing calculator. A scientific calculator is required and a graphing calculator is highly recommended.

Penn# 0725

ALGEBRA II ACCELERATED

Semesters: 2 Credits: 2 Grade Level: 9

Prerequisite: Algebra I Weight: 4.0 **DOE# 2522**

Course Description:

The Mathematics standards for Algebra II are made up of 5 strands: Complex Numbers and Expressions; Functions; Systems of Equations; Quadratic Equations and Functions; Exponential Logarithmic Equations and

Functions; Polynomial, Rational, and Other Equations and Functions; and Data Analysis, Statistics, and Probability. Students who successful in this course should take Pre-Calculus Accelerated. A scientific calculator is required and students will gain experience using a graphing calculator.

ENGLISH

NOTE: Students must take four years of English, selecting one required course from each grade level. In addition to the required classes, students may also take classes from the electives list.

Penn# 0307 ENGLISH 10

Semesters: 2 Credits: 2

Grade Level: 10

Prerequisites: English 9 Weight: 4.0 DOE# 1004

Course Description:

This course will give students an opportunity to improve and practice their basic communication skills through reading, writing, listening, and speaking. Students will learn how to present their ideas logically and coherently, how to present appropriate supporting details, and how to draw conclusions. Comprehension of vocabulary, literature, non-fiction, informational texts and poetry are core components of the course. Students write responses to literature. argumentative compositions, and sustained research assignments. Students deliver grade-appropriate oral presentations with attention to audience and purpose and access. analyze, and evaluate online information. Each semester students will write process papers and on demand essays as unit summative assessments.

Penn# 0311 Penn# 0311

Prerequisites: English 9
Weight: 4.0 DOE# 1004

Course Description:

English 10 Honors is designed to prepare students for success in future AP classes, as well as success in college and careers in general. This course is fundamentally different from the

regular English 10 course in that this course pushes students to mastery of College Board Standards for College Success. This course emphasizes complexity of thought over difficulty of tasks. It is for students who are motivated, who are willing to work hard, who enjoy challenges, and who are able to work independently. Students analyze a variety of fiction and non-fiction pieces of literature, as well as informational texts, to explore the characteristics of quality writing. Students write responses to argumentative literature, compositions. and sustained Students research assignments. deliver grade-appropriate oral presentations with attention audience and purpose and access, analyze, and evaluate information. Students will complete several formal writing assignments of including essays personal experience, literary analysis and research, as well as on demand essays given as unit summative assessments.

Penn# 0321

AP® SEMINAR- English 10

Semesters: 2

Credits: 2 (1 English, 1 Communications-Focused) Prerequisite: English 9

Grade Level: 10

Weight: 5.0 IDOE: 1104

Course Description:

Seminar Advanced Placement is the first-year foundational interdisciplinary course that is unique to the AP Capstone diploma program. In AP® Seminar: English 10, students investigate real-world issues from multiple perspectives, gathering and analyzing information from various media and sources in

order to develop credible and valid evidence-based arguments. Students learn to synthesize information from multiple sources, develop their own perspectives in research-based written essays, and design and deliver oral and visual presentations, both individually and as part of a team. AP Seminar is the first of two courses in the AP Capstone™ program and this course satisfies all the objectives for English 10. Beginning with the Class of 2029, this course will meet the requirement for one (1) credit in a Communications-focused course for graduation and will also count as one (1) of the eight (8) required English credits.

Penn# 0313 ENGLISH 11

Semesters: 2 Credits: 2

Grade Level: 11

Prerequisite: English 10 Weight: 4.0 DOE# 1006

Course Description:

English 11 surveys American literary themes, emphasizing major writers and their works in relation to historical periods and common literary styles and motifs. The genres of the major literary will be studied. movements Readings will be derived from a variety of sources. including required novels and plays. Several literary selections will emphasize cultural diversity. Students will analyze literature through discussion and writing. A variety of techniques learning and student-centered activities involving oral communication, critical thinking, peer editing, collaboration. prewriting, drafting and revision will be used. Reading and writing will be treated as interrelated processes in the study

of the American experience. SAT vocabulary study will be included.

Penn# 0327/1161

AP® ENGLISH LANGUAGE & COMPOSITION/

AP® US HISTORY SEMINAR Semesters: 2 Credits: 4

Grade Level: 11

Prerequisite: English 10

Weight: 5.0 DOE# 1056/1562

Course Description:

Enrollment in AP® Language/AP® U.S. History Seminar signals a decision to begin studying language and history at the college level. Students will receive 2 Credits in AP® Lang & 2 Credits in AP® US Advanced Placement® History. courses are modeled after college freshman courses and are designed for motivated students who have the desire and determination to gain Advanced Placement® credit while still in High School. This seminar will integrate literature with history and will encompass history and literature from the Age of Exploration to present-day America. addition, the course will emphasize collaborative learning. providing students with the opportunity to further develop both their practical, problem-solving skills and their analytical skills. Finally, students will redefine their ability to respond to non-fiction texts with fluency, clarity, and accuracy. Students who enroll in this course must possess strong writing and critical skills thinking demonstrated by their work in previous English and Social Studies classes.

Penn# 0315

AP® ENGLISH LANGUAGE & COMPOSITION

Semesters: 2 Credits: 2

Grade Level: 11

Prerequisites: English 10 **DOE# 1056** Weight: 5.0

Course Description:

Advanced Placement® Language and Composition is modeled after a college freshman composition course designed for motivated juniors who are committed to the study of writing and who have the determination to gain college credit or Advanced Placement® in English while still in high school. Study is centered on the analysis and creation of non-fiction essays. The purpose of the course is to develop the student's ability to compose essays which demonstrate fluency. clarity, and accuracy. HISTORY SEMINAR

Semesters: 2 Credits: 4 Grade Level: 11

Prerequisite: English 10 AND

meet I.U. admissions

requirements

Weight: 5.0 DOE# 1006/1542 IU- HIST-H 105 American History I / HIST-H 106 American History II College Credits: 6 **Course Description:**

This is a college course designed for capable juniors who meet the standards of academic rigors and success equaling those of a college freshman. Students will receive 2 **HS Credits in English 11 Honors** & 2 HS Credits in ACP US History. Although this course is offered to meet Indiana's state standards for US History credit, its applicants must meet guidelines prescribed by Indiana University. Students will earn six credit hours that are accepted at not only Indiana but all other state University, schools as well as over 700 colleges and universities across the country. The student will be awarded a weighted grade for the history portion of the class. The course will focus on various themes beginning with the age of exploration and continuing through the Reagan presidency. Students will focus on these themes through various strategies including reading primary and secondary sources, and historical writing projects and **ACP United States** presentations. History is a course that allows students an in-depth study of the history of our great nation. Students are awarded three credit hours per semester for earning a C or better. Students must meet admission requirements to attend Indiana University if they are taking the course for I.U. credit. The course will also develop students' skills in writing, critical thinking, literary analysis, and close reading. Texts that support the historical context will be explored including poetry, short stories, novels, etc. Students will be asked to work individually as well as collaboratively throughout the year.

Penn# 0321 ENGLISH 12

Semesters: 2 Credits: 2

Grade Level: 12

Prerequisite: English 11 Weight: 4.0 DOE# 1008

Course Description:

This course is a culminating experience language arts seniors. It seeks to pursue these essential questions: What are the antecedents of modern media representations in our culture? How do modern media representations affect culture and society? What problems do we see with representations of race, class, gender and sexuality in modern media? Students will be challenged summarize, analyze, and synthesize reading. speaking. viewing, and listening experiences through the writing process. Students will write frequent informal writing pieces, as well as formal, full-process essays that include multiple drafts and revisions. Students will write grade-appropriate fictional narrative, responses to literature and media, historical/ research-based reports, and create and deliver multimedia presentations. The curriculum will be a rich mixture that includes classic literature, poetry, music, sports and current events. mythology, art, film, television, and other popular culture texts and media. This will be a unique class environment that requires interactive, engaged approach by the student; in return, the instructor provide relevant, exciting content that ranges from Homer to

Edgar Allan Poe to Christopher Nolan. Ultimately, this course can unlock the potential for students to become producers of media rather than mere consumers of it.

Prerequisites: English 11 AND IU

admission requirements Weight: 5.0 DOE# 1124 IU-W131 Reading, Writing & Inquiry/ENG-L 202 Literary

Interpretation

College Credits: 3-6
Course Description:

Each semester of ACP (Advance College Project) is a dual credit course offered through Indiana University and transferable to more than 400 colleges and universities nation-wide. meaning that the fulfills course the credit Penn requirements for High English 12 School's and for college-level English (W131, college-level freshman composition in the fall and L202, college-level sophomore literary analysis in the spring.) Students are awarded three college credit hours for each semester in which they earn a grade of C or better, so they start building college transcripts and earning college credit while still in high school. By participating in the ACP program, students can prepare themselves for the rigors of college classes at their own pace by taking one or two classes per semester in high school. Indiana University carefully screens applicants so that those who are accepted are likely to be successful. ACP courses are carefully monitored by Indiana University, and the instructors are specially trained so that the classes at the high school mirror what is offered on the college campus. The program offers challenging material for the college-bound student.

Penn# 0329

AP® ENGLISH LITERATURE & COMPOSITION

Semesters: 2 Credits: 2

Grade Level: 12

Prerequisites: 11th Grade English

Course

Weight: 5.0 DOE# 1058
Course Description:

Advanced Placement® **English** Literature and Composition is a course based on the content established and copyrighted by the College Board. Because the AP® English Literature and Composition course aligns to an introductory college-level literature and writing curriculum, AP® English Literature and Composition is designed for the able and ambitious high school student who is committed to the close study of literature and who has the desire and determination to gain college credit or advanced placement in English while still in high school. The course focuses on reading, analyzing, and writing about imaginative literature (fiction, poetry, drama) from various periods. Students engage in close reading and critical analysis of imaginative literature to deepen their understanding of the ways writers use language to provide both meaning and pleasure. As they read. students consider a work's structure, style, and themes, as well as its use of figurative language, imagery, and symbolism. Writing assignments include expository, argumentative analytical, and essays that require students to analyze and interpret literary works. All students enrolled in this course will take the AP® Literature and Composition exam in the spring. NOTE: Students will complete a

summer reading assignment. The summer reading will be posted online and will be available from current AP® Literature instructors. Students enrolled in AP® Literature are expected to have all summer reading completed by Labor Day.

Penn# 2339 OR 2340

ADVANCED SPEECH AND COMMUNICATION

Semesters: 1 Credits: 1

Grade Level: 9-12

Weight: 4.5 DOE# 1078
IVY TECH COMM 101

Fundamentals of Public Speaking

College Credit: 3
Course Description:

This is a dual-credit course that will allow students an opportunity to earn 3 college-level credits. COMM 101 introduces fundamental concepts and skills for effective public speaking, including audience analysis. outlining, research. delivery. critical listening and evaluation, presentational aids, and use of appropriate technology, class lecture, class discussion, student presentations, and other active learning techniques will be used in this course. A prerequisite is required for the Ivy Tech portion of the course.

Penn# 0377/0378 ACP SPEECH

Semesters: 1 Credits: 1
Grade Level: 11-12
Weight: 5.0 DOE# 1078
IU- SPCH-S121 Public Speaking
Course Description:

Penn# 0393 (0394 1 Sem) SPORTS JOURNALISM

Semesters: 1 or 2 Credits: 1 or 2 Grade Level: 10-12

Weight: 4.0 DOE# 1086
Counts as Fine Arts credits for
Academic Honors diploma
Course Description:

Students will promote athletics at Penn High School and provide information about Penn athletics through a variety of ways. Students will produce content for sports publications and a Penn athletics website. Sports journalism students will also create a recruiting center website that would post profiles and highlights of video Penn student-athletes to showcase athletes to college recruiters. In addition, students will produce profiles of Penn student-athletes and create media notes to be distributed to local and state media. promoting Penn student-athletes for all-state honors. Students will also be involved in video interviews with Penn student-athletes, putting

together video highlight packages featuring Penn student-athletes, and broadcasting Penn athletic events. Students will also market Penn athletic events.

Penn# ELD I (1655) ELD II (1656) ELD III (1657)

Semesters: 2 Credits: 2

Grade Level: 9-12

Recommendation: WIDA Scores Weight: 4.0 IDOE: 1012

Course Description:

English Language Development is a multidisciplinary course which provides students continuing opportunities to develop the basic skills including: (1) reading, (2) writing, (3) listening, (4) speaking, (5) note taking, (6) study and organizational skills, and (7) problem-solving skills that are essential for high school course work achievement. Determination of the skills to be emphasized in this course is based on the Indiana State English fluency proficiencies, individual school corporation general curriculum plans, and student Individualized Learning Plan (ILP). Credits earned in this course are elective credits. For further information regarding ENL services, please contact your Guidance Counselor or ENL Coordinator. Level placement is based on English level assessment.

Penn# 1658 LANGUAGE LAB

Semesters: 2 Credits: 2

Grade Level: 9-12

Weight: 4.0 IDOE: 0500 Prerequisite: WIDA Scores

Course Description:

Students enrolled in Language Lab complete personalized English grammar exercises that target areas needed for growth. The class also serves as a study hall with access to ENL staff who provide structured support and guidance on general education classroom assignments. It is not required that students also take ELD in conjunction with this course.

VISUAL ARTS

Penn# 0149
INTRODUCTION TO
TWO-DIMENSIONAL ART
(Course for all Visual Arts
Pathways with 0150.)
Semesters: 1 Credit: 1
Grade Level: 9-12
Weight: 4.0 DOE# 4000
Course Description:

Introduction to 2-Dimensional Art is a 1-semester course intended to provide students with the basic skills and techniques in drawing, painting, design and printmaking. The 2/D course will help students generate new ideas, develop artistic skills, and foster student imagination. Pencil. chalk. charcoal, colored pencil, marker, tempera, acrylics, oil pastels and scratchboard may be some of the materials students will explore. Our goal is one in which students gain an appreciation for the arts, and learn how the arts can be integrated into other areas of study.

Penn# 0150 **INTRODUCTION TO** THREE-DIMENSIONAL ART (Course for all Visual Arts Pathways with 0149.) Semesters: 1 Credit: 1 Grade Level: 9-12 Weight: 4.0 **DOE# 4002 Course Description:** Students who have previously received credit in ceramics or sculpture can not take this course. This course is not intended for students with previous credit in ceramics or sculpture. Introduction to 3-Dimensional Art is the next phase of the introductory course intended to provide students with the basic skills and techniques in sculpture and ceramics. Clay, plaster, cardboard, textiles, and other 3-dimensional materials may be explored. Through these art experiences, young adult artists will find gratification in creating three-dimensional works of art. Our goal is one in which students gain an appreciation for the arts, and learn how the arts can be integrated into other areas of study.

CERAMICS

Ceramics Locally Created Pathway:

Penn# 0109/0110(0109a 1 sem)
CERAMICS I & II
(First Level Course for
Ceramics Pathway)
Semesters: 2 Credits: 2
Grade Level: 9-12
Weight: 4.0 DOE# 4040
Course Description:

This is a 1 or 2-semester course where you will learn to make your childhood mud pies into creative and useful artwork. Your artwork will not only be a decorative piece of art, but you will be able to use it in your daily life or give it to someone as a gift of love. Students will explore coil, slab, pinch, drape and sculpture techniques to construct animal sculptures, bowls, boxes, masks, teapots, tiles and vessels that have a strong sense of color and texture designs.

Penn# 0111/0112
CERAMICS III & IV
(Second Level Course for
Ceramics Pathway)
Semesters: 2 Credits: 2
Grade Level: 10-12
Prerequisite: Ceramics I-II
Weight: 4.0 DOE# 4040
Course Description:

This course is a further study of clay, glazing, staining and design techniques. Wheel thrown pottery will be introduced. Independent studio practices emphasizing creativity and exploration into the realm of clay as pottery will be applied to non functional and functional ware.

Penn# 0113/0114
CERAMICS V & VI
(Third Level Course for
Ceramics Pathway)
Semesters: 2 Credits: 2
Grade Level: 11-12
Prerequisite: Ceramics III-IV
Weight: 4.0 DOE# 4040

Course Description:

This course is a continuing study and development of ceramic skills and techniques, emphasizing the development of individual style. Traditional and contemporary clay sculpture will be applied as students work on free form ceramics and the potter's wheel to create a series of nonfunctional and functional pottery.

Penn# 0115/0116
CERAMICS VII & VIII
Semesters: 2 Credits: 2
Grade Level: 12

Prerequisite: Ceramics V-VI
Weight: 4.0 DOE# 4040
Course Description:

Course Description:

Ceramic students participating in this class are urged to create high quality artwork to be put into their portfolio. This class is designed for a student who wants to research a variety of techniques beyond previous levels to develop a personal concentration in their own style of artwork.

DRAWING

Drawing Locally Created Pathway:

Penn# 0117/0118(0117a 1 sem)
DRAWING I & II
(First Level Course for Drawing
Pathway)
Semesters: 2 Credits: 2

Grade Level: 9-12

Weight: 4.0 DOE# 4060

Course Description:

Intro to 2-D or 3-D Art is recommended. This 1 or 2 semester course is an introduction to the basic skills and techniques of drawing and composition. Emphasis will be on the elements of placed structure: shape, line, form, space, value, texture, and color well principles as as arrangement. Students will explore various media such as pencil, charcoal, pastels, pen and ink, watercolor, marker, printmaking techniques. Assignments may include: still life drawing, portraiture, perspective figure drawing, drawing, printmaking, scratchboard, graphic and abstract design. Students will be required to keep a sketchbook.

Penn# 0119/0120
DRAWING III & IV
(Second Level Course for
Drawing Pathway)
Semesters: 2 Credits: 2

Grade Level: 10-12
Prerequisite: Drawing I & II
Weight: 4.0 DOE# 4060
Course Description:

This course is a further study of the elements and principles of drawing and design. Students will wide explore а range techniques as it applies to the various media. Assignments may include: landscape, life drawing, architectural and fashion design, illustration printmaking techniques such as linoleum, intaglio and monoprints, and mixed media. Students will be required to keep a sketchbook quarterly and shoot 1 roll of film per semester for visual references.

Penn# 0121/0122
DRAWING V & VI
(Third Level Course for
Drawing Pathway)
Semesters: 2 Credits: 2
Grade Level: 11-12
Prerequisite: Drawing III & IV
Weight: 4.0 DOE# 4060

Course Description:

This course is a continuing study drawing and design techniques. Students that advance to this level have more choices project and encouraged to develop a more personal style/focus. Students will be required to keep a sketchbook quarterly and shoot 1 roll of film semester for visual references. Assignments include: landscape, life drawing, architectural and fashion design, illustration printmaking techniques such as linoleum, intaglio and monoprints, and mixed media. This course combines particularly well with AP Studio Art senior year.

Penn# 0123/0124 DRAWING VII & VIII Semesters: 2 Credits: 2

Grade Level: 12

Prerequisite: Drawing V &

VI1002

Weight: 4.0 DOE# 4060 Course Description:

This course is a continuing study and design drawing techniques. Students that advance to this level have more choices and project are encouraged to develop a more personal style/focus. Students will be required to keep a sketchbook quarterly and shoot 1 roll of film per semester for visual references. Assignments may include: landscape, life drawing, architectural and fashion design, illustration printmaking techniques such as linoleum, intaglio and monoprints, and mixed media.

GRAPHIC DESIGN

Digital Design Pathway: (counts as CTE pathway for graduation requirement) (does not count as fine art credit)

Penn# 0133

PRINCIPLES OF DIGITAL DESIGN

(First Level Course for Digital Design Pathway)

Somostors: 2 Cr

Semesters: 2 Credits: 2

Grade Level: 9-12

Weight: 4.5 DOE# 7140

Ivy Tech VISC 101 Design

Fundamentals
College Credits: 3
Course Description:

Students will be introduced to fundamental design theory as it relates to digital art and graphic design. No prior graphic design knowledge is necessary, you will learn it all here! This course will focus on learning how to use professional design software such as Adobe Photoshop, Illustrator, and InDesign. Projects include making stickers, t-shirts, more - all of which you will get to take home with you. Investigations into design theory provide experiences application, ideas and creative problem solving, and technical skills.

Penn# 0135

DIGITAL DESIGN GRAPHICS
(Second Level Course for
Digital Design Pathway)
Semesters: 2 Credits: 2
Grade Level: 10-12
Prerequisite: Principles of
Digital Design
Weight: 4.5 DOE# 7141
Ivy Tech-VISC 102 Raster
Graphics I
College Credits: 3
Course Description:

Take your graphic design skills to the next level in this second year course. Students now have the background knowledge of how to use the Adobe Creative Suite and can really start to focus on applying those skills by creating their designs own from conception to completion. Projects will be guided to help students learn the creative process. Topics will include logo design, designing for print brochures. flyers. (posters, business cards, etc.), the study of typography, and more.

Penn# 0137

GRAPHIC DESIGN & LAYOUT
(Third Level Course for Digital
Design Pathway)
Semesters: 2 Credits: 2

Grade Level: 11-12

Prerequisite: Digital Design

Graphics

Weight: 4.5 DOE# 5550

Ivy Tech-VISC 115 Vector

Graphics & Pub Design I

College Credits: 3

Course Description:

This third year course will build upon previous courses while utilizing the Adobe Creative Suite offer more open-ended projects. Students will have much more autonomy in making projects their own. The class will also work as a team to run a production shop for real customers by taking on roles and completing jobs from customer inquiry to delivery of the product. Students will learn about package design and the importance of creating a brand. In this class, students will really hone in on their graphic design skills by creating industry level products through innovation.

Penn# 0139
DIGITAL DESIGN CAPSTONE
(Capstone Course for Digital
Design Pathway)
Semesters: 2 Credits: 2

Grade Level: 12

Prerequisites: Graphic Design

& Layout

Weight: 4.0 DOE# 7246
Course Description:

This course will be run similar to an independent study. Students will be able to choose their

projects, focusing on creating a web-based portfolio for college

and/or to take to interviews when applying for jobs. Students will have the opportunity to work on industry-grade projects for real clients. If desired, students can an Adobe Certified become Expert (ACE) in the Adobe Creative Suite programs. Students are also encouraged to explore additional graphic based software including - but not limited to - video editing, web design, and animation.

PHOTOGRAPHY

Photography Locally Created Pathway:

Penn# 0141/0142 (0141a 1 sem)
PHOTOGRAPHY I & II
(First Level Course for
Photography Pathway)
Semesters: 2 Credits: 2
Grade Level: 10-12
Weight: 4.0 DOE# 4062
Course Description:

Intro to 2-D or 3-D Art recommended. Students must have access to a 35mm SLR manual camera. Students will explore the basic principles of white 35 black and mm photography. Shutter speed. aperture, depth of field, ASA/ISO film speed, lighting, processing and developing techniques will be taught. Emphasis will be placed on lighting, composition, subject matter, and darkroom techniques. Other methods for making visual images will be explored such as pinhole photography, photograms, hand coloring, and toning. Students will gain familiarity with the history of photography. This course may be taken 1 or 2 semesters.

PHOTOGRAPHY III & IV
(Second Level Course for
Photography Pathway)
Semesters: 2 Credits: 2
Grade Level: 11-12
Prerequisite: Photography I &
II
Weight: 4.0 DOE# 4062
Course Description:
Students must have access to
a digital camera along with
their 35mm manual camera.
Students will further explore black

Penn# 0143/0144

and white 35mm photography. Students will focus on building their skills using creative controls of aperture, shutter speed, film, and focusing. Emphasis will be placed on composition, lighting, subject matter, and darkroom techniques. Students will begin to explore digital photography.

Penn# 0173
AP® 2D ART & DESIGN:
PHOTOGRAPHY
(Third Level Course for
Photography Pathway)
Semesters: 2 Credits: 2

Grade Level: 12

Prerequisite: Photography III &

IV

Weight: 5.0 DOE# 4050 Course Description:

Students will further explore the world of digital photography creating portfolio quality works and gaining essential photoshop skills. The Advanced Placement® (AP®) Studio Art program enables highly motivated students to do college-level work in studio art while still in high school. The program is intended to help students build professional portfolio that can be submitted for entrance to an Art College, University, or Institute as well as scholarship opportunities. for Advanced Guidelines Placement® Studio Art portfolios designed have been accommodate variety of interests and approaches to art. Students must submit 24 pieces that will be evaluated on the basis (student's quality successful works with respect to form and content,) concentration (sustained, deep, multi-perspective investigation of

a student-selected topic,) and breadth (a range of ideas and approaches to art-making.). Portfolios will be submitted for evaluation at the end of the semester to the AP® College Board. It is highly recommended that you reference this link regarding the AP® Studio Art 2-D Design

Painting Locally Created Pathway:

Penn# 0101/0102 (0101a 1 sem)
PAINTING I & II
(First Level Course for Painting

DOE# 4064

Semesters: 2 Credits: 2

Pathway)

Weight: 4.0

Grade Level: 9-12

Course Description:

Intro to 2-D or 3-D Art 1 or 2 recommended. This semester course is an introduction to the basic principles of painting. Students will have an opportunity to explore various techniques associated with watercolor, tempera, acrylics, and oil paints. Connections will be made between historically significant painters and periods of art. First year painting students will learn to merge the brush stroke with their imagination.

Penn# 0103/0104 **PAINTING III & IV** (Second Level Course for Painting Pathway) Semesters: 2 Credits: 2 Grade Level: 10-12 Prerequisite: Painting I & II **DOE# 4064** Weight: 4.0

Course Description:

This course gives students the opportunity to expand upon the methods of painting learned in beginning painting. Students will experiment with new techniques and begin to develop a personal style.

Penn# 0105/0106 **PAINTING V & VI** (Third Level Course for Painting Pathway) Semesters: 2 Credits: 2 Grade Level: 11-12 Prerequisite: Painting III & IV **DOE# 4064** Weight: 4.0

Course Description:

This course is a continuing study principles and painting techniques emphasizing the development of an individual **Assignments** style. will be open-ended and student driven, while attempting to create a personal portfolio.

Penn# 0107/0108 **PAINTING VII & VIII**

Semesters: 2 Credits: 2

Grade Level: 12

Prerequisite: Painting III & IV Weight: 4.0 **DOE# 4064 Course Description:**

This course is a continuing study of painting principles and techniques emphasizing the development of an individual Assignments style. will be open-ended and student driven,

while attempting to create a personal portfolio.

SCULPTURE

Sculpture Locally Created Pathway:

Penn# 0125/0126(0125a 1 sem) **SCULPTURE I & II** (First Level Course for Sculpture Pathway) Semesters: 2 Credits: 2 Grade Level: 9-12 Weight: 4.0 DOE# 4044 **Course Description:**

This 1 or 2 semester course introduces the basic principles and techniques of sculpture using variety of materials. will include Assignments sculptural techniques and methods of additive, subtractive, and constructive processes using such materials as clay, cardboard, paper, foam board, wire, plaster, found objects, paper mache', etc.

SCULPTURE III & IV (Second Level Course for Sculpture Pathway) Semesters: 2 Credits: 2 Grade Level: 10-12 Prerequisite: Sculpture I & II

DOE# 4044 Weight: 4.0

Course Description:

Penn# 0127/0128

Application, and 2nd semester enrollment required. This course is a further study of sculpture with emphasis on the human form and the relationships of size, space and forms in the environment. Students carve a sculpture from soapstone. Other assignments include: clay, plaster. cardboard, wood carving, paper mache' sculptures, constructism

bust, and creating 3-Dimensional buildings, etc.

Penn# 0129/0130 **SCULPTURE V & VI** (Third Level Course for Sculpture Pathway) Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: Sculpture III & IV Weight: 4.0 DOE# 4044

Course Description:

Application, and 2nd semester enrollment required. This course is a continuing study of sculptural principles and techniques emphasizing the development of individual style. Student assignments include: may bust, alabaster clay realistic sculpture, wax sculpture, found objects in metal, plaster, and casting of the human form, wood carving, glass creations etc...

Penn# 0131/0132 **SCULPTURE VII & VIII** Semesters: 2 Credits: 2

Grade Level: 12

Prerequisite: Sculpture V & VI Weight: 4.0 DOE# 4044

Course Description:

Application, and 2nd semester enrollment required. This course is an advanced study of sculpture techniques principles and emphasizing advanced materials. tools, and sculpting methods.

JEWELRY

Penn# 0185/0186 JEWELRY I/II Semesters: 2 Credits: 2 Grade Level: 9-12 Weight: 4.0 DOE# 4042 **Course Description:**

Students create works of jewelry design and fabrication techniques including sawing, piering, filing, and soldering.

Penn# 0187/0188 JEWELRY III/IV

Semesters: 2 Credits: 2 Grade Level: 10-12

Weight: 4.0 IDOE# 4042

Course Description:

Students create works of jewelry design and fabrication techniques including sawing, piering, filing, and soldering.

Other Visual Arts Courses

Penn# 0155/0156 ART HISTORY

Semesters: 1 Credits: 1 Grade Level: 10-12 Weight: 4.0 DOE# 4024 Course Description:

Through lectures. slide videos. presentations, guest and special speakers, projects, art history students will develop an appreciation for art history and cultures. Students will classify major styles of art and artists, and develop a foundation for understanding the historical progression of art. In addition, students will search for meaning and significance in art history by exploring studio techniques and processes related to historical periods.

Penn# 0165

AP® ART HISTORY
Semesters: 2 Credits: 2
Grade Level: 11-12
Weight: 5.0 DOE# 4025
This course is weighted on a

5.0 scale.

Course Description:

In this course, students examine and critically analyze major forms of artistic expression from the past and the present from a variety of cultures. While visual analysis is a fundamental tool of the art historian, art history emphasizes understanding how and why works of art function in context, considering such issues as patronage, gender, and the function and effects of works of art.

Penn# 0167
PRINTMAKING

Semesters: 1 Credits: 1 Grade Level: 10-12

Prerequisites: Drawing I & II OR Graphic Design I & II OR Introduction to 2D & 3D Art Weight: 4.0 DOE# 4066 Course Description:

This is a one semester class designed for students that want to explore a variety of art techniques that can be expressed through printmaking. Some background in and drawing experience development of drawing skills and the understanding of the elements and principles and what makes a good composition will prove to be most helpful in making effective printmaking projects. The most important factors are willingness to draw, experiment, try, and meet goals. Many different types of printmaking will be explored. Some of these may include: rubbings, eraser blocks, stencils, glue prints, various types of linoleum blocks, etching, mono-prints and mono-types.

Penn# 0151/0152 ADVANCED TWO-DIMENSIONAL ART Semesters: 2 Credits: 2

Grade Level: 11

Weight: 4.0 DOE# 4004

Course Description:

Drawing, Painting, Computer Illustration & Graphics. http://apcentral.collegeboard.c om/apc/members/exam This course is open to Juniors as a prerequisite to the AP® Senior Juniors will not submit their portfolio until their senior vear. Students will create a portfolio in drawing, painting, computer, or graphic design that can be partially used senior year. The submission fee is waived. This program is intended for students seriously committed to studying art in drawing, painting, computer, and graphic design. Students participating in the program should strive to produce high quality artwork, and their submitted portfolios should reflect this effort. The guidelines for Advanced Placement® Studio Art portfolios have been designed to accommodate а variety interests and approaches to art and design. There are three required sections to the portfolio: quality (student's most successful works with respect to form and content.) concentration (sustained, deep. and multi-perspective investigation of a student-selected topic,) and breadth (a range of ideas and approaches to art-making.) This course is a great opportunity to apply for art scholarships and prepare for senior year and a future in the fine arts field. *There is no AP® credit until senior year. The program is intended to help students build a professional portfolio that can be submitted for entrance to an Art College, University, or Institute as well as scholarship opportunities. Guidelines for Advanced Placement® Studio Art portfolios have been designed to accommodate а variety of interests and approaches to art. Students must submit 24 pieces that will be evaluated on the basis quality (student's successful works with respect to form and content,) concentration (sustained. deep. and multi-perspective investigation of a student-selected topic,) and breadth (a range of ideas and approaches to art-making.).

Portfolios will be submitted for evaluation at the end of the semester to the AP® College Board. Automatic portfolio submission, however, does not guarantee college credit. This decision is determined by the individual school. It is highly recommended that you reference this link regarding the AP® Studio Art 2-D Design Portfolio: http://apcentral.collegeboard.c om/apc/members/exam/exam_i nformation/2134.html

(Course for Theatre Pathway)
Semesters: 2 Credits: 2
Grade Level: 9-12
Weight: 4.0 DOE# 4244
Course Description:

This course is for students who want to learn about the many technical aspects of play production. Instruction will combine technical theatre theories of design. construction, operation, and safety. Students will have opportunities to develop skills with scenery, lighting, sound, properties, costumes, and make-up. Study will include script analysis and the evaluation of live theatre. Career opportunities in technical theatre arts will be explored. In addition to class time, students will be required participate in some out of class projects. Field trip expenses vary.

Penn# 0381/0382 ADVANCED TECHNICAL THEATRE I & II

(Course for Theatre Pathway) Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisite: Technical Theatre I

& II

Weight: 4.0 DOE# 4252 Course Description:

Students enrolled in Technical Theatre will actively lead and supervise in the process of designing, building, managing,

and programming, drafting implementing the technical aspects of a production. These activities will incorporate elements of theatre history, culture, analysis, aesthetic response, creative process and integrated studies. Additionally, students investigate technical theatre careers, and develop a plan for potential employment or further education through audition, interview or presentation of a portfolio. Students also attend and critique theatrical productions and serve on production crews. Field trip expenses vary.

Penn# 1864 (1860 -0 credit)
THEATRE INTERNSHIP (WBL)
Semesters: 2 Credits: 2
Grade Level: 10-12
Weight: 4.0 DOE# 5974
Course Description:

This internship focuses on theatre management, giving students hands-on experience maintaining and preparing both a proscenium stage theatre and a black box theatre. Students will learn how to do basic maintenance with audio and visual cables, hang and focus lighting equipment, place and route sound on stage, troubleshoot control surfaces, build sets, and learn the inner workings of a theatre.

PHYSICAL EDUCATION (9)

Penn# 0501/0502 PHYSICAL EDUCATION I & II

Semesters: 1 Credits: 1 Grade Level: 9

Weight: 4.0 DOE# 3542 & 3544

Course Description:

Required attire: Gold shirt & Black shorts. Secondary Physical Education I & II are based on fitness health-related and developing the skills and habits necessary for a lifetime of activity. This course includes the five components of physical fitness. Activities such as aerobic activity, aquatics, team sports, recreational sports, individual and dual sports will be used to create an interest in developing and maintaining physical fitness. Students will evaluate their own fitness level through a fitness assessment in fall and winter. Students will complete nutrition, fitness and wellness through interactive physical education in a blended learning environment. Vital knowledge will be conveyed through this learning to stay fit, healthy and happy while creating extended opportunities in class for participation.

ELECTIVE PHYSICAL EDUCATION COURSES

Classes in Advanced PE can be taken a second time for credit. Students need to be in good standing for dress and participation, receiving A or B in the course the first time. Teacher discretion can be implemented.

Penn# 0537/0538 (for credit) 0551/0552 (for no credit) 0525/0526 ("0"Hour) 0555/0556 (PE-9)(w/Health) PHYSICAL CONDITIONING

Semesters: 1 Credits: 1

Grade Level: 9-12

Prerequisite: Desire to tryout and/or participate on a Penn

athletic team

Weight: 4.0 DOE# 3560 Course Description:

This is a performance based class and participants will be expected to work through a prescribed workout under the guidance of a Certified Strength and Conditioning Coach. Student-athletes will learn a variety of techniques that can be used to improve all aspects of physical fitness and performance. Students will explore how to improve upper, lower, and core body flexibility, strength and power. They will work on ways to improve agility, speed, and nutrition. Registration preference will be given to PHS student athletes and those planning to try out for a PHS athletic team. For students trying out, specific parameters will be implemented to ensure active pursuit of athletic involvement.

Penn# 0505 AND/OR 0506 FITNESS I

Semesters: 1 Credits: 1 Grade Level: 10-12

Prerequisite: B or better in Physical Education I & II OR

teacher approval

Weight: 4.0 DOE# 3560

Course Description:

This class will offer a set routine that will encompass total-body muscle fitness, as well as cardiovascular fitness. Students will utilize muscle fitness and cardiovascular machines (no free weights). Students will learn proper work habits and good time management skills. Correct technique for weight training will be introduced and implemented by all students, whether beginners or experienced lifters. Throughout the semester students will gain an understanding of how to develop muscle group, how maximize workout benefits, how to monitor and assess progress, and how to achieve personal goals. Near the end of the semester, students will determine and utilize their own muscle fitness routine. To take the course a second time: students must have earned an "A" or "B" in Fitness I the first time.

Penn# 0509 AND/OR 0510 FITNESS II

Semesters: 1 Credits: 1 Grade Level: 11-12

Prerequisite: B or better in Fitness I OR teacher approval Weight: 4.0 DOE# 3560 Course Description:

This will be a continuation of skills **Fitness** learned in Ι. new individualized programs, continued learning of muscle groups and workouts to aid in lifetime fitness. The course will offer individualized programs for physical improvement. Correct techniques for use of and three different weights programs for weight training will be introduced and implemented. individualized program will be set up to meet each student's needs. Machine weights and cardiovascular machines will be utilized, not free weights. To take course a second time: student must have earned an "A" or "B" in Fitness II the first time.

Penn# 0533 AND/OR 0534 XFIT

Semesters: 1 Credits: 1 Grade Level: 10-12

Prerequisites: B or better in Physical Education I & II OR

teacher approval

Weight: 4.0 DOE# 3560 Course Description:

XFIT is a strength and conditioning program. It is not sport specific and promotes general overall physical fitness. XFit workouts call for participants to work hard and fast with little rest. Competence will be required in

cardiovascular/respiratory endurance. stamina, strength, flexibility, power, speed, agility, balance, coordination and accuracy. combination of Α athletic conditioning, plyometrics, Olympic weightlifting, medicine ball and dumbbell training, some swimming possible. body weight movements. running and jump roping will be used. The workouts are always varied. Application must be filled out and approved

by the teacher in order to take XFit twice.

Penn# 0513 AND/OR 0514 LIFEGUARD TRAINING Semesters: 1 Credits: 1

Grade Level: 10-12 Prerequisite: B or better in

Physical Education I & II AND Pass Swim Test

Weight: 4.0 DOE# 3560

Course Description:

Swim Test consists of: 550 yard swim including breaststroke & front crawl with rhythmic breathing, swim 20 yds., surface dive to a depth of 7 ft., retrieve a 10 lb. object, return to the surface, and swim 20 yds. back to the starting point, and exit without a ladder (1 minute, 40 seconds). Swim 5 yds; submerge and retrieve three diving rings placed 5 yds apart in 4-7 feet of water; resurface; and swim 5 yds to the side of the pool. This course provides participants with the knowledge, skill, and practice needed to become well-trained and effective lifeguards at pools and at a waterfront environment. Certificates are given.

Penn# 1858 (1857 0 credit) PENN LIFEGUARD INTERNSHIP (WBL)

Semesters: 2 Credits: 2
Grade Level: 11-12
Prerequisite: Lifeguard
Certification and First Aid, CPR
and AED Certification
Weight: 4.0 DOE# 5974
Course Description:

This course is intended to help develop strong skills and work ethic in student lifeguards. Students will be responsible for ensuring the safety of facility patrons by preventing and responding to emergencies. Students will perform lifeguard surveillance, rescue

techniques, emergency preparations, and head, neck and back management skills. Students will perform various maintenance duties to meet class standards and the duties of a lifeguard. Students will also be expected to participate in mandatory in-service training. Student interns will be highly recommended for paid lifeguard positions through Penn High School Aquatics.

Penn# 0521 AND/OR 0522 WATER ACTIVITIES

Semesters: 1 Credits: 1 Grade Level: 10-12

Prerequisite: Physical Education
I & II AND Pass Swim test OR
Case Conference Committee
recommendation

Weight: 4.0 DOE# 3560
Course Description:

Swim Test includes: 4 laps of pool, 5 Tread water for minutes. Comfortable swimming in deep water for long periods of time. Water Activities is a one-semester course where students may enhance their physical fitness through water related activities. Students use their swimming ability to play a variety of water games and team challenges as water polo, ultimate torpedo, water basketball, diving board games and water soccer. Students have the opportunity to be introduced to scuba diving and experience an actual dive in the pool. Students will create and present their own pool game.

Penn# 0507 AND/OR 0508 (Coed) ADVANCED TEAM SPORTS

Semesters: 1 Credits: 1 Grade Level: 10-12 Prerequisite: Phys Ed I & II Weight: 4.0 DOE# 3560

Course Description:

Advanced Team Sports promotes lifelong physical activity through team sports. Students will incorporate daily fitness into a lifetime routine. This elective will feature advanced fundamentals, techniques, and strategies of the following activities: softball, tennis, flag football, ultimate frisbee, indoor soccer, volleyball, basketball, and recreational sports.

To take a course a second time: student must have earned an "A" or "B" in ATS the first time.

**We do offer a female section as well as the coed option.

Penn# 0541 AND/OR 0542
BASKETBALL-Recreational
Semesters: 1 Credits: 1
Grade Level: 11-12
Prerequisite: B or better in
Physical Education I & II OR
teacher approval
Weight: 4.0 DOE# 3560
Course Description:

This one semester course is designed to meet the fitness needs of both boys and girls who want to use the sport of basketball for cardiovascular exercise. With the class focus on basketball game play, students will use half of the daily class time in half court 5 on 5 competition and the other half of class on full court 5 on 5 competition. ΑII students will demonstrate basketball game play knowledge and take turns with officiating responsibilities of the full court game. Daily sportsmanship is required. Course can only be taken one time each semester.

Penn# 0543 / 0544 OFFICIATING

Semesters: 2 Credits: 2 Grade Level: 10-12 Prerequisite: PE I & II Weight: 4.0 DOE# 3560

(Students can take 2 semesters)
Course Description:

Officiating is a course created in partnership with the IHSAA. Students will study and practice officiating in 2 sports each semester. Once students have learned the rules and standards of officiating they will take the IHSAA test and become licensed officials. Student Officials can officiate middle school and little league sports.

Field experience is required and may happen outside of class time and/or outside of the school day. The teacher will coordinate with students.

Some sports knowledge is required for students to be successful in this course.

HEALTH

Penn# 0565 OR 0566 HEALTH & WELLNESS EDUCATION

Semesters: 1 Credits: 1
Grade Levels: 9 & 10
Weight: 4.0 DOE# 3506
Course Description:

All things talked about in Health apply to everyday life, now and forever. Health Education designed to foster knowledge and attitudes leading to wellness and healthy lifestyles choices. This course includes wellness, mental health and mental illness, stress management, CPR. dating relationships (including dating human violence). sexuality. pregnancy and sexually transmitted infections, suicide, nutrition, and drug and alcohol education, including prescription drugs and vaping. This course assists students in understanding that health is a lifetime commitment by analyzing individual risk factors and health decisions that promote health and prevent disease. A variety of instructional strategies and current events will bring this course to life. Peer class discussions also make this a don't miss class.

Penn# 0517 OR 0518
ADVANCED HEALTH EDUCATION

Semesters: 1 Credits: 1 Grade Level: 10-12

Prerequisite: Health & Wellness

Education

Weight: 4.0 DOE# 3500 Course Description:

Advanced Health Education is a health elective course for those students who may be interested in a health related career. Students will study the history of medicine, systems of the body, bones and muscles, CPR, Torts, risk appraisals and current health trends. Careers in health are researched, explored and job shadowed. Canvas work and job interviews are also included.

EXERCISE SCIENCE

(Quantitative Reasoning Course)

Course Description:

Intro to Macroeconomics - This course is focused on measuring and explaining aggregate economic performance. money. monetary policy, and fiscal policy as an analytical core. Individual sections apply this core to a variety of current economic policy problems, such as unemployment. inflation, and economic growth. Students are awarded three credit hours for earning a C or better. Students must meet admission requirements to attend Indiana University if they are taking the course for I.U. credit.

Penn# 1125 OR 1126 PSYCHOLOGY

Semesters: 1 Credits: 1
Grade Level: 10-12
Weight: 4.0 DOE# 1532
Course Description:

Have you ever wondered why people act differently in a crowd compared to by themselves? Have you ever tried to figure out what is the best environment for studying in or how someone that seems so happy could have depression? Psychology, the scientific study of human behavior, provides an opportunity for students to gain insights into behavior patterns and our adjustments to social environments. The course will help students in gaining a better understanding of themselves as well as others as it considers such topics as: group behavior, the effects of sleep and drugs, human development over the course of a life span, memory and abnormal psychology. This class will be largely project based and assess students as they learn to do the work of Psychologists.

Penn# 1127 OR 1128 SOCIOLOGY

Semesters: 1 Credits: 1 Grade Level: 10-12 Weight: 4.0 DOE# 1534 Course Description:

Sociology allows students to study human social behavior from a group perspective. The sociological perspective is a method of studying recurring patterns in people's attitudes and actions and how these patterns vary across time, cultures. and in social settings, and groups. Students describe the development of sociology as a social science and identify methods of research. Through research methods such as scientific inquiry, students examine society, group behavior, and social structures. The influence of culture

on group behavior is addressed through institutions such as the family, religion, education, economics. community organizations, government, and political and social groups. The impact of social groups and institutions on group and individual behavior and the changing nature of society will be examined. Influences on group behavior and social problems are included in the course. Students also analyze the role of individuals in the community and social problems in today's world. The goal of this course is to help students see the world sociologically and analyze what they see. This course is organized around a series of in-class exercises and field studies. Each is designed to introduce students to a different sub-field, familiarize them with different analytical techniques, and help them learn new theories and concepts. In this class, students will work individually, in pairs, and in small groups.

Penn# 1180 ETHNIC STUDIES

Semesters: 1 Credits: 1 Grade Level: 9-12

Weight: 4.0 DOE# 1516

Course Description:

Studies Ethnic provides opportunities to broaden students' perspectives concerning lifestyles and cultural patterns of ethnic groups in the United States. This course will either focus on a particular ethnic group or groups, or use a comparative approach to the study of patterns of cultural development, immigration, and assimilation. as well as the contributions of specific ethnic or cultural groups. The course may also include analysis of the political impact of ethnic diversity in the United States.

Penn# 1181 INDIANA STUDIES

Semesters: 1 Credits: 1

Grade Level: 9-12

Weight: 4.0 DOE# 1518

Course Description:

Indiana Studies is an integrated course that compares and contrasts state and national developments in the areas of politics, economics, history, and culture. The course uses Indiana history as a basis for current understanding policies, practices. and state legislative procedures. It also includes the of state and national study constitutions from а historical perspective and as a current foundation of government. Examination of individual leaders and their roles in a democratic society will be included and students will examine the participation of citizens in the political process. Selections from Indiana arts and literature may also be analyzed for insights into historical events and cultural expressions.

Penn# 1171

SOCIAL JUSTICE SOCIOLOGY

Semesters: 2 Credits: 2

Grade Level: 12

Weight: 4.0 DOE# 1534/1502

Course Description:

Students will receive 1 HS Credit in Sociology Gandhi said, "Be the change you wish to see in the world" as he recognized the need to improve the world in which he lived. Social iustice provides opportunity to look at social and cultural issues locally, nationally, and globally. Sociology will focus on the society in which we live by examining topics such as

inequalities of race and ethnicity, gender and age, social status, and culture. The course expands beyond the United States to look at anthropology, the science of humankind. Specific focus will be put on culture including education, political/economic institutions, and family. **Various** religion, traditions, beliefs, values, social institutions, art, and the impact of humans on other humans will be considered. During the duration of the course students are required to go outside of the classroom and do as Gandhi said by providing service to others. An intricate element of the course is to apply the knowledge learned in class to others locally, nationally, and globally through service learning.

Penn# 1135

AP® PSYCHOLOGY Semesters: 2 Credits: 2 Grade Level: 11-12 Weight: 5.0 DOE# 1558

The AP® course in Comparative Government and Politics/Current

Issues introduces students to fundamental concepts used by political scientists to study the processes and outcomes of politics in a variety of country settings. This course will also provide students an opportunity to observe the social life through the media. The course aims to illustrate the rich diversity of political life, to show available institutional alternatives, to explain differences in processes and policy outcomes, and to communicate to students the importance of global political and economic changes. In addition to covering the major concepts that are used to organize and interpret what we know about political phenomena and relationships, the course should cover specific countries and their governments. Six countries form the core of the AP® Comparative Government and Politics course: China, Great Britain, Iran, Mexico, Nigeria, and Russia.1 By using these six countries, the course can move the discussion of concepts from abstract definition to concrete example, noting that not all concepts will be equally useful in all country settings. This course does not fulfill US Govt requirement.

Penn # 1191 AP® AFRICAN AMERICAN STUDIES

Semesters: 2 Credits: 2

Grade Level: 10-12

Weight: 5.0 DOE# TBD

Course Description:

AP African American Studies is an interdisciplinary course that examines the diversity of African American experiences through direct encounters with authentic and varied sources. Students explore key topics that extend from early African kingdoms to the ongoing challenges and achievements of the contemporary moment. Given the interdisciplinary character of African American studies, students in the course will develop skills across multiple fields, with an emphasis on developing historical, literary, visual, and data analysis skills. This is for students who are interested in a diverse and varied approach to the African American experience through examining history, culture, music, literature, and more. The course culminates with both a component research that submitted to CollegeBoard, and a more traditional AP test.

INFORMATION TECHNOLOGY
FUNDAMENTALS

(Second level course for IT Operations Pathway) Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisites: IT Principles of

Computing

Weight: 4.5 DOE# 7180

Ivy Tech-ITSP 132 - IT Support

Essentials I
College Credits: 2
Course Description:

IT Support Interns will learn how to troubleshoot computers maintain technology equipment. Objectives of this course include IT support for teacher laptops, student & teacher Chromebooks and maintaining the technology infrastructure to help meet Penn High School technology. In addition, students will learn Linux, cyber security, and server skills.

Penn# 0222
AP CYBERSECURITY
FUNDAMENTALS
(Third Level Course for IT

Operations Pathway) Semesters: 2 Credits: 2

Grade Level: 10-12

Prerequisites: IT Fundamentals
Counts as 3rd science course
Weight: 5.0 DOE# 7181
Course Description:

This course introduces the secure software development process including designing secure applications, writing secure code designed to withstand various types of attacks, and security testing and auditing. It focuses on the security issues a developer faces, common security vulnerabilities and flaws, and security threats. The course

explains security principles, strategies, coding techniques, and tools that can help make software fault tolerant and resistant to attacks.

Penn# 0224

IT SUPPORT CAPSTONE

Semesters: 2 Credits: 2

Grade Level: 11-12

Prerequisites: Networking & Cybersecurity Operations
Weight: 4.0 DOE# 7245

IT Support Interns will learn how to troubleshoot computers and maintain technology equipment. Objectives of this course include IT support for teacher laptops, student teacher Chromebooks maintaining the technology infrastructure to help meet Penn High School technology.

Penn# 1823
IT STUDENT ASSIST (WBL)
2 Semesters 2 Credits
Grade Level: 10-12
Prerequisites: Information
Technology Fundamentals
Weight: 4.0 DOE# 5974

Course Description:

IT Support Interns will learn how to troubleshoot computers and maintain technology equipment. Objectives of this course include IT support for teacher laptops, student & teacher Chromebooks and maintaining the technology infrastructure to help meet Penn High School technology.

Penn# 0273
AP NETWORKING
FUNDAMENTALS
Semesters: 2 Credits: 2
Grade Level: 10-12
Weight: 5.0 DOE# 7181
Course Description:

This is a full-year high school course that covers the fundamentals of networking. It is equivalent to a college-level Introduction to Networking course. The course interweaves essential networking concepts with relevant, hands-on problem-solving activities maximize students' understanding network hardware and configuration, the use of protocols to enable reliable and accurate transmission of data between different hosts around the world. and relevant security practices that secure the transmission of data both within and between computer networks.

Penn# 0271 AP CYBERSECURITY FUNDAMENTALS

Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisite: AP Networking Weight: 5.0 DOE #: Pilot Course

Course Description:

Cybersecurity Fundamentals is a full-year course covering foundational cybersecurity concepts and skills and is equivalent to a college-level Introduction Cybersecurity course. Students will explore the current cyber threat landscape to understand the types of adversaries organizations face and the techniques adversaries use to compromise systems and data. Students will learn vulnerabilities create risk and how organizations implement security controls to manage that risk. Topics in the course include physical, operational, application, network security; security controls; cryptography: access control; attacks and detection; and response and recovery. Students will research emerging trends in cybersecurity gain hands-on experience implementing security protocols.

OTHER BUSINESS COURSES

Penn# 0235 OR 0236
INTRODUCTION TO BUSINESS

Semesters: 1 Credits: 1 Grade Level: 9-12

Weight: 4.0 DOE# 4518

Course Description:

A great introductory course for any students interested in business. course will briefly cover This economics, entrepreneurship, management, marketing, law, risk management, banking, personal finance, and careers in business. The importance and application of business etiquette and ethics are included. Introduction to Business will include problem-based projects and group work.

Penn#0269/0270 ¥
MICROSOFT OFFICE
Semesters: 1 Credits: 1

Grade Level: 9-12

Weight: 4.5 DOE# 4528

Ivy Tech-OTEC 107
College Credits: 3
Course Description:

Do you need to brush up on your computer skills? Would you like to be proficient in Microsoft Office? Look no further, you can take CINS here at Penn and learn those skills, which will make you a more competitive person in the job market! Students will use Microsoft Word, Excel, and Access software to create and produce letters, tables. reports. graphics applications, spreadsheets, and database projects. Students will also projects create using PowerPoint. Along with the skills acquired in this course, students will complete a professionalism unit that can be incorporated and utilized

throughout a student's high school, college, and professional experience. Not open to students who have taken 2327. Dual credit is available with qualifying scores.

Penn# 0207 OR 0208 © PERSONAL FINANCIAL RESPONSIBILITY

Semesters: 1 Credits: 1

Grade Level: 11-12

Weight: 4.0 DOE# 4540 (Quantitative Reasoning Course)

Course Description:

This is a personal finance course that introduces students to banks and the use of banking services (checking accounts. savings accounts, etc.) It also introduces students to the world of credit, how to use credit and the actual costs of using credit. Students will also be introduced to insurance. Students will learn about vehicles, banking, homes, budget, debt and investments.

Semesters: 2 Credits: 2 Grade Level: 10-12

Weight: 4.5 DOE# 7150

Ivy Tech-BUSN 108 Personal

Finance

College Credits: 3

(Quantitative Reasoning Course)

Course Description:

Personal Finance and Banking emphasizes management of individual financial resources for growth and maintenance of personal wealth. Covers home buying and mortgage financing, installment financing, life and health insurance, securities, commodities and other investment opportunities.

Students will gain an overview of the banking industry and the financial services provided by banks for individuals and businesses.

Penn# 0287 AP BUSINESS WITH PERSONAL FINANCE

Semesters: 2 Credits: 2 Grade Level: 11-12 Prerequisite: None Weight: 5.0 DOE# pilot Course Description:

AP Business with Personal Finance aligns closely with a college-level introduction to business course. Students explore the business disciplines of entrepreneurship. marketing, finance, accounting, and management through real-world business applications, case studies, and project based learning. In addition, students learn and apply all the National Standards for Personal Financial Education created by the Council for Economic Education and the Jump\$tart Coalition for Personal Financial Literacy.

Penn# 0211 OR 0212 INTRODUCTION TO ENTREPRENEURSHIP

Semesters: 1 Credits: 1 Grade Level: 10-12

Weight: 4.0 DOE# 5967

Course Description:

Introduction to Entrepreneurship class here at Penn. Introduction to Entrepreneurship is designed to give students the skills they need to effectively plan, market, finance, and manage a small business. This course covers topics such as: planning, knowing customers and competitors, finding a location, developing a marketing plan, small business assistance, franchising and finances. Students will create an original business plan throughout the semester for the business of

their choice. Voluntary Membership in a Marketing Club (DECA)

Penn# 0209
BUSINESS LAW & ETHICS
Semesters: 2 Credits: 2
Grade Level: 10-12
Weight: 4.0 DOE# 5968
Course Description:

Business and Personal Law is a business course that provides an overview of the legal system. Topics covered include: Basics of the Law, Contract Law, Employment Law, Personal Law, and Consumer Laws and Rights. Both criminal and civil trial procedures are presented. Instructional strategies should include mock trials, case studies, field trips, guest speakers, and Internet projects.

Penn# 0255 SPORTS & ENTERTAINMENT MARKETING

Semesters: 1 or 2 Credits: 1 or 2

Grade Level: 11-12
Weight: 4.0 DOE# 5968
Course Description:

Students taking this course will build upon their prior knowledge of marketing and learn how to apply it directly to sports, recreation and entertainment industries. Students will apply what they are learning directly to marketing sports and entertainment activities here at Penn High School for a more hands-on learning experience. Optional participation in the Career and Technical Student Organization of DECA will be made available.

Penn# 1850
OFFICE STUDENT INTERNSHIP
(WBL)

Semesters: 1 or 2

Credit: 1 per semester of

completion

Grade Level: 11-12 Weight: 4.0 DOE# 5974

Course Description:

Athletic & Student Activity Office, Bookstore, Academy Offices, Counseling Office, IMC, Main Office. Penn High School Office Internships provide opportunities for students to assume office assistant duties and responsibilities within the school building. Students are expected to conduct themselves in accordance with a professional office setting. Students must report on time, always meet the PHS dress code, must always display PHS ID, follow directions from adult supervisors, properly greet visitors, and meet all other high school office rules and expectations. responsibilities may vary from office to office. Some of the required responsibilities, for all students, include completion of writing assignments, career research assignments and creating professional correspondence letter. In order to be one of the office student interns in Athletics/Student Activity, Bookstore, Division Offices, Guidance Office, IMC and the Main Office, students must enroll in course 1850.

Penn# 0225 BUSINESS-RELATED CLASSROOM EXPERIENCE-CAPSTONE COURSE

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: Application AND concurrent enrollment in 0227 Weight: 4.0 DOE# 5974 (6162)

Course Description:

This class meets Gold Days during "A" Lunch. Business Related Classroom Experience is the classroom component of the

Business Related Work Experience program. The instruction in this class is related to the student's on-the-job training program and career goals. General instruction will center on topics such as personality and self-improvement, human relations, communication skills. and business money management, taxes, refinement of skills and career exploration.

Penn# 0227 (w/1341/1342 SH) BUSINESS-RELATED WORK EXPERIENCE

Semesters: 2 Credits: 4 Grade Level: 11-12

Prerequisite: Application AND concurrent enrollment in 0225
Weight: 4.0 DOE# 5974 (6162)
Course Description:

Students interested in business related careers - general office assistant, bank/credit union teller, receptionist,

accounting/bookkeeping,

recordkeeping, entry, sales/selling/retail, clerk. cashier. etc. should enroll in Business Related Work Experience. Business Related Work Experience is an on-the-job training program for young men and women. The student will receive a minimum of 15 hours of training each week, will be paid at least the minimum wage, and will earn four credits for this experience. The Business Related Work Experience program allows students to apply their skills, to explore career possibilities, and to receive one year of work **Students** experience. must provide their own transportation

Ψ Penn# 0265 OR 0266 **ACP PRINCIPLES OF BUSINESS MANAGEMENT**

Semesters: 1 Credits: 1 Grade Level: 11-12

Prerequisite: Meet IU admission

requirements

IU- BUS-B 190 Business Administration: Introduction

College Credits: 3

DOE# 4562 Weight: 5.0 **Course Description:**

ACP Principles of Business Administration is a college-level course that prepares students to plan, organize, direct and control the functions and processes of a firm or organization and to perform business-related functions. Students are provided opportunities to develop attitudes and apply skills and knowledge in the areas of business administration. management, and finance. Individual experiences will be based upon the student's career and educational goals. Students enrolled in ACP Principles of Business Administration will have the opportunity to earn college credit through IU at a reduced tuition cost.

Penn# 0289 PRINCIPLES OF REAL ESTATE Semesters: 2 Credits: 2 Grade Level: 12 Weight: 4.0 DOE# 5968 **Course Description:**

This course introduces students to real estate industry prepares them for careers in property sales, management, and related fields. In partnership with a local Real Estate school, students will learn directly from licensed professionals about real estate law. property valuation. financing. contracts, and ethical practices. The course also provides structured preparation for the Indiana Real Estate Broker certification exam, giving students the knowledge and needed to pursue experience licensure and career opportunities in the real estate profession.

Penn# 0275, 0277, 0279, 0281, 0283 FINANCIAL APPRENTICESHIP **Principles of Business** Management, Personal Finance and Banking, Finance and Investment, Insurance Fundamentals. Personal and **Commercial Insurance** (Level one, two, and three for **Finance and Investment Pathway AND Insurance Pathway)** Semesters: 2 Credits: 10 Grade Level 10-12 **Prerequisite: Any Business Course AND Application** Weight: 4.0 DOE# 4562, 7150. 5258, 7149, 7151

Course Description:

Through an apprenticeship experience with Korhorn Financial Group, students will learn directly from industry professionals while hands-on exposure to gaining finance and insurance. The course covers personal finance, banking, investments, and insurance, with an emphasis on managing financial resources, protecting against risk, and building long-term security. While working at Korhorn students will connect classroom concepts with real-world practice, developing both practical skills and career insight in the finance and insurance industries. Students must provide their own transportation.

Penn# 0203 OR 0204 **COMPUTING FOUNDATIONS FOR** A DIGITAL AGE

Semesters: 1 Credits: 1 Grade Level: 10-12 Weight: 4.0 DOE# 4565

Course Description:

Computers and the internet have revolutionized the way we access and disseminate information. As technology continues to change at an ever-increasing pace, the need for students to gain a foundational understanding science computer is clear. Computing Foundations for a Digital Age is designed introduce students to five major topics within computer science including computing systems, networks and the internet, data algorithms and analysis, and planning, and impacts of computing. The course

introduces foundational computing while concepts exploring current events and building critical thinking. collaboration, problem solving, and other important skills that are invaluable for life in a global and technologically advancing society.

COMPUTER SCIENCE

Computer Science Pathway:

Penn# 0217 **CS PRINCIPLES OF COMPUTING** (First Level Course for Computer Science Pathway) Semesters: 2 Credits: 2 Grade Level: 9-12 Counts as 3rd science course Weight: 4.5 **DOE# 7183** Ivy Tech-SDEV 120 Computing Logic

College Credits: 3

(Quantitative Reasoning Course) **Course Description:**

Principles of Computing provides students the opportunity to explore how computers can be used in a wide variety of settings. This course is designed for students with no previous background in computer science. The course will begin by exploring trends of computing and the necessary skills to implement information systems. Some sample topics include: operating systems, database technology, cybersecurity, and cloud implementations. Students will also have the opportunity to utilize basic programming skills to develop scripts designed to solve problems JavaScript and Python programming languages. Students will learn about algorithms, logic development and flowcharting.

OR

Penn# 0261 🔒

AP® COMPUTER SCIENCE PRINCIPLES

(First Level Course for Computer Science Pathway)

Semesters: 2 Credits: 2

Grade Level: 9-12

Counts as 3rd science course Weight: 5.0 DOE# 7183 (4568) (Quantitative Reasoning Course) **Course Description:**

**This course is suggested for students who have successfully passed Introduction to Computer Science OR have experience with personal programming projects.

AP® Computer Science Principles course will introduce you to the essential ideas of computer science and show how computing and technology can influence the world around you. Students will creatively address real-world issues and concerns while using the same processes and tools as artists. writers, computer scientists, and engineers to bring ideas to life.

Penn# 0219

TOPICS IN COMPUTER SCIENCE

(Second Level Course for Computer Science Pathway) Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisites: CS Principles of Computing or AP Computer

Science Principles

Counts as 3rd science course DOE# 7351 Weight: 4.5 Ivy Tech-SDEV 140 Intro to Software Development

College Credits: 3

(Quantitative Reasoning Course)

Course Description:

Topics in Computer Science is designed for students to investigate emerging disciplines within the field of computer science. Students will use foundational knowledge from Principles of Computing to study the areas of data science, artificial intelligence. app/game development, and security. Students will utilize knowledge related to these areas and programming skills to develop solutions to authentic problems. Students in this course will develop and expand their programming skills in the Python and C++ programming languages.

Penn# 0221

AP® COMPUTER SCIENCE A

(Third Level Course for Computer Science Pathway)

Semesters: 2 Credits: 2

Grade Level: 11-12

Prerequisite: Topics in Computer

Science

Counts as 3rd science course Weight: 5.0 DOE# 7352 (Quantitative Reasoning Course) **Course Description:**

AP® Computer Science introduces students to computer science through programming. Fundamental topics include the design of solutions to problems, the use of data structures to organize large sets of data, the development and implementation of algorithms to process data and discover new information, the analysis of potential solutions, and the ethical and social implications of computing systems. The course emphasizes object-oriented programming and design using the Java programming

language.

MATHEMATICS

Penn# 0718 ALGEBRA I

Semesters: 2 Credits: 2 Grade Level: 10-12 Weight: 4.0 DOE# 2520

Course Description:

The Mathematics standards for Algebra I are made up of 5 strands: Real Numbers and Expressions; Functions: Linear Equations, Inequalities, and Functions: **Systems** of **Equations** and Inequalities; Quadratic and Exponential Equations and Functions; and Data Analysis and Statistics.

Penn# 0728 GEOMETRY

Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisite: Algebra I (0717)
Weight: 4.0 DOE# 2532
Course Description:

The Mathematics standards for Geometry are made up of 5 strands: Logic and Proofs; Points, Lines, Angles, and Planes; Triangles; Quadrilaterals and Other Polygons; Circles; Transformations; and Three-dimensional Solids. Algebra skills will be reviewed and remediated in this course.

Penn# 0726

GEOMETRY ACCELERATED 10

Semesters: 2 Credits: 2
Grade Level: 10-12
Prerequisite: Algebra I 8
Weight: 4.0 DOE# 2532
Course Description:

The Mathematics standards for Geometry are made up of 5 strands: Logic and Proofs; Points, Lines,

Angles, and Planes; Triangles; Quadrilaterals and Other Polygons; Circles; Transformations; and Three-dimensional Solids. Algebra skills will be reviewed and remediated in this course.

Penn# 0724 ALGEBRA II

Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisite: Geometry (0728)
Weight: 4.0 DOE# 2522
Course Description:

The Mathematics standards for Algebra II are made up of 5 strands: Complex Numbers and Expressions: Functions: Systems of Equations; Quadratic Equations and Exponential Functions: & **Equations** Logarithmic and Polynomial, Rational, Functions; and Other Equations and Functions: and Data Analysis, Statistics, and Probability. Students who complete this course will enroll in Geometry 728.

A scientific calculator is required and students will gain experience using the graphing calculator.

Penn# 0710
ANALYTICAL ALGEBRA II
Semesters: 2 Credits: 2
Grade Level: 10-12
Prerequisite: Geometry
Weight: 4.0 DOE# 2524
Course Description:

This course is designed for students who do not have an Algebra II credit and are planning on earning a Core 40 Diploma. Analytical Algebra II should focus on the application of mathematics in various disciplines including business, finance, science, career and technical education, and social sciences. This course covers most of the traditional Algebra II

standards, but the focus is on the application of algebraic concepts rather than theoretical concepts. This course is for those students who may plan to go to college but not necessarily majoring in a heavy Math-related field.

*Parents must sign a form for students to be enrolled in this course that will inform the parents that the enrollment in Analytical Algebra II might affect the student's acceptance into particular postsecondary programs or institutions.

Penn# 0759 FINITE MATH

Semesters: 2 Credits: 2

Grade Level: 12

3 College Credits can be earned Prerequisite: Algebra II and Geometry or Pre-Calculus Weight: 4.5 DOE# 2530 Ivy Tech-MATH 135 Finite Math

College Credit: 3
Course Description:

This course is designed for college Topics include bound students. graphing solving and linear equations and inequalities. elementary set theory, matrices and their applications. linear programming, and elementary probability. This is a standard finite mathematics course.

Penn# 0753

PRE-CALCULUS

Semesters: 1 Credits: 1 Grade Level: 10-12

Prerequisite: Algebra II and

Geometry

Weight: 4.5 DOE# 2564

Ivy Tech-MATH 136 - College

Algebra

College Credits: 3

Course Description:

Also register for 0732. This course extends the foundations of algebra and functions developed in previous courses to new functions. The course includes concepts that must be mastered prior to enrollment in a college-level calculus class. functional approach provides a means for examining linear, quadratic, higher degree, rational relationships and logarithmic functions. A scientific calculator is required and a graphing calculator is highly recommended.

Penn# 0732 **TRIGONOMETRY**

Semesters: 1 Credits: 1 Grade Level: 10-12

Prerequisite: Algebra II and

Geometry

Weight: 4.5 **DOE# 2566**

Ivy Tech-MATH 137 Trigonometry

with Analytic Geo College Credits: 3 **Course Description:**

Also register 0753. for Trigonometric relationships will be developed from an understanding of the circular function and their properties and graphs. Inverse trig trig equations functions. and identities, the Law of Sines and Cosines and applications of trig functions will be studied. The course also includes arithmetic and geometric sequences.

Penn# 0735 Ψ 🗪 **ACP PRE-CALCULUS ACCELERATED** Semesters: 1 Credits: 1 Grade Level: 10-12

Prerequisite: Algebra II **Accelerated OR Honors**

Weight: 5.0 **DOE# 2564** **IU- M125 Precalculus Mathematics** College Credits: 3 **Course Description:**

Also register for 0736. Pre-Calculus extends the foundation of algebra and functions developed in previous courses to new functions and to a more advanced level. Pre-Calculus is made up of the Following strands: Complex Numbers. Functions, Quadratic, Polynomial and Rational Equations and Functions, Exponential and Logarithmic Equations and Functions. This course is designed to provide students with a strong foundation for Calculus. This course is preparing the students for ACP Calculus 215. A scientific calculator is required and a graphing calculator is highly recommended.

Penn# 0736 **ACP TRIGONOMETRY ACCELERATED**

Semesters: 1 Credits: 1 Grade Level: 10-12 Prerequisite: Algebra II Accelerated OR Honors Weight: 5.0 **DOE# 2566 IU-M126 Trigonometric Functions**

College Credits: 3 **Course Description:**

Also 0735 register for Trigonometry Accelerated provides students with the skills understandings that are necessary for advanced manipulation of angles and measurement. Trigonometry consists of: Conics, Unit Circle, Periodic Functions, Identities, Polar Coordinates and Vectors. Trigonometry provides the foundation for common periodic that are encountered functions nearly all STEM disciplines. This course is preparing the students for ACP Calculus 215.

Penn# 0733

AP® PRE-CALCULUS Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisite: Algebra II Honors **DOE# 2563** Weight: 5.0

Course Description:

AP Pre-Calculus is an Honors course that extends the foundation of algebra and functions developed in previous courses to new functions and to a more advanced level. Pre-Calculus is made up of the following strands: Functions: Quadratic, Polynomial, and Rational Equations and Functions: Exponential and Logarithmic Functions; Sequences and Series; and Conics. This course is designed to provide students with a strong foundation for Calculus. course is preparing the students for AP® Calculus AB and for students who expect math to be a major component of their college courses. A scientific calculator is required and a graphing calculator is highly recommended.

Penn# 0787 **ACP BRIEF SURVEY OF CALCULUS**

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: Pre-Calculus AND meet IU admission requirements **DOE# 2527** Weight: 5.0 **IU-MATH-M119 Brief Survey of**

Calculus I College Credits: 3 **Course Description:**

This course is an in-depth study of functions, graphs, limits, continuity, derivatives, and integrals of those

functions and their applications. It provides rigorous instruction in mathematical modeling concepts and skills presented in the context of real-world applications. It may be taken for college credit for students pursuing a liberal arts program in college. NOTE: In order to receive weighted credit on transcripts. students must successfully complete both semesters of the course and take the I.U. final exam. An hourly fee for 3 credits will be assessed by Indiana University for students opting for college credit. There will be a fee from IU for digital learning tools, approx. \$80.

This is a college Calculus course, which is comparable to the length and difficulty of a first semester college calculus course. It is an in-depth study of functions, limits, graphs, continuity, derivatives, and integrals of those functions and their applications. Students who apply, qualify and successfully complete the course will receive five Indiana University credits that may be transferable to other colleges. NOTE: In order to receive weighted credit on transcripts, students must successfully complete both semesters of the course and take the I.U. final exam. An hourly fee for 5 credits will be assessed by Indiana University for students opting for college credit.

Penn# 0769 Ψ 🚾 ACP CALCULUS II

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: ACP Calculus M215
OR AP® Calculus AB AND meet
IU admission requirements
Weight: 5.0 DOE# 2544
IU-MATH M216 Calculus II

College Credits: 5
Course Description:

This course is an in-depth study of advanced techniques in integration, volumes of solids of revolution, sequences and series. Students qualify and successfully complete the course will receive five Indiana University credits that may be transferable to other colleges. NOTE: In order to receive weighted credit on transcripts, students must successfully complete both semesters of the course and take the I.U. final exam. An hourly fee for 5 credits will be assessed by Indiana University for students opting for college credit.

Penn# 0737

AP® CALCULUS AB

Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisite: Pre-Calculus

Honors and Algebra
Weight: 5.0 DOE# 2562

Course Description:

This is a college Calculus course. It is designed for students who have demonstrated a superior performance in math. The pace of this course is more accelerated and the content depth is greater than in Honors courses. The course includes advanced integration and differentiation techniques. The use of a graphing calculator is central to the course. Students should be

prepared to do a self-paced intensive Pre-Calculus review during the summer prior to entering the It is required that each course. student has a graphing calculator. A student may gain college credit with a successful score on the AP® exam. NOTE: In order to receive weighted credit and the Advanced Placement® designation on transcripts. students must successfully complete both of the Advanced semesters Placement® course and take the Advanced Placement® examination in that course.

Penn# 0745

AP® CALCULUS BC Semesters: 2 Credits: 2

Grade Level: 11-12

Prerequisite: AP® Calculus AB Weight: 5.0 DOE# 2572

Course Description:

This is a second year course that complies with and exceeds the College Board standards. It is an in-depth study of advanced techniques of integrations, improper integrals, sequences and series, differential equations, topics in three-dimensional space and vectors. It is required that each student has a graphing calculator. A student may gain college credit with a successful score on the AP® NOTE: In order to receive exam. weighted credit and the Advanced Placement® designation on students transcripts, must both successfully complete semesters of the Advanced Placement® course and take the Advanced Placement® examination in that course.

Semesters: 2 Credits: 2

Grade Level: 12

Prerequisite: AP® Calculus BC

Ball State- MATH 267

Multivariable Calculus / MATH 374

Differential Equations
College Credits: 6

Weight: 4.5 DOE# 2544

Course Description:

Topics include three-dimensional vector calculus, Gauss's theorem, Green's theorem, and Stoke's theorem. Introduction to nth-order ordinary differential equations. equations of order one, elementary applications, linear equations with constant coefficients. nonhomogeneous equations, undetermined coefficients, variation of parameters, linear systems of equations. and the Laplace transform. This course includes the use of graphing calculators and computer software. This course is offered as distance learning through Ball State University. Students will participate during the school day. course requires special registration through the Counseling Office and the Math Instructional Leader. There will be a fee payable to Ball State University for Dual Credit.

Penn# 0771 OR 0772

PROBABILITY AND STATISTICS Semesters: 1 Credits: 1

Grade Level: 11-12

Prerequisite: Algebra II and

Geometry

Weight: 4.0 DOE# 2546

Course Description:

This course includes the concepts and skills needed to apply statistical

techniques in the decision-making process. Students will learn the basics about populations and samples and how to design, implement, collect and interpret a study, and learn the basics of hypothesis testing. The course is designed around in-class use of graphing calculators in addition to simple hand calculations.

Penn# 0767

AP® STATISTICS

Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisite: Algebra II and

Geometry

Weight: 5.0 DOE# 2570

Course Description:

This course is for mathematically able students who can work at a fast pace and wish to complete studies in high school, equivalent to a one-semester, non-calculus based college course in introductory statistics. It is recommended for juniors or seniors who will be exposed to four broad conceptual themes: exploring data by observing and departures patterns patterns; planning a study to decide and how to measure: producing models using probability and simulation; and using statistical inference to confirm models. The use of computer software and graphing calculator technology will be an integral part of the course. It is required that each student has a graphing calculator with statistical capabilities (the TI-83 or TI-84 is recommended. A student may gain college credit with a successful score on the AP exam.

Penn# 0775 (with 0778) ALGEBRA I LAB

Semesters: 2 Credits: 2

Grade Level: 9

Prerequisites: Students are placed in the course based on standardized test scores (NWEA, or ISTEP) and/or teacher recommendation
Weight: 4.0 DOE# 2516

Weight: 4.0 DOE# 2516
Course Description:

Algebra I Lab is a mathematics support course for Algebra I. The provides students course with additional time to build the foundations necessary for high math while school courses, concurrently having access to rigorous, grade-level appropriate courses. The five critical areas of Algebra I Lab align with the critical areas of Algebra I. Relationships between Quantities and Reasoning with Equations; Linear and Exponential Relationships; Descriptive Statistics: Expressions Equations; and Quadratic Functions and Modeling. However, whereas Algebra ı contains exclusively grade-level content, Algebra I Lab combines standards from high school courses with foundational standards from the middle grades. Algebra I Lab is designed as a support course for Algebra I. As such, a student taking Algebra I Lab must also be enrolled in Algebra I during the same academic year.

Penn# 0739

CCR BRIDGE: MATH
Semesters: 2 Credits: 2

Grade Level: 12

Prerequisite: Algebra II or

Analytical Algebra II or Integrated

Mathematics III

Weight: 4.0 DOE# 2595

Course Description:

The CCR Bridge: Math Ready course will include and reinforce the Algebra 1, Geometry, Algebra 2 and skills. This **Statistics** course emphasizes understanding of math concepts rather than iust memorizing procedures. Math Ready students learn the context behind the procedure: why to use a certain formula or method to solve a problem, for example. This equips them with higher-order thinking skills in order to apply math skills, functions and concepts in different situations. The content of this course is designed to enhance students' math skills so that they are ready for college-level assignments.

Counts as a Mathematics Course for all diplomas.

Penn# 0740

QUANTITATIVE REASONING
Semesters: 2 Credits: 2
Grade Level 11-12
Prerequisite: Algebra II OR
Analytical Algebra II
Weight: 4.5 DOE# 2550
Ivy Tech- MATH 123 Quantitative
Reasoning

Course Description:

Quantitative Reasoning is a mathematics course focused on the study of numeracy, ratio and proportional reasoning, modeling, probabilistic reasoning to assess risk, and statistics. Students build knowledge of and confidence with basic mathematical/analytical concepts and operations required

for problem solving, decision making, and economic productivity real-world applications for prepare an increasingly information-based society in which the ability to use and critically evaluate information, especially numerical information, is essential.

Penn# 1790
MEDICAL STATISTICS
Semesters: 2 Credits: 2

Grade Level: 12

Prerequisite: AP® Statistics
Weight: 4.5 DOE# 2543
Course Description:

This is a second year course that applies statistics into the field of science and medicine. The topics that are covered are regression analysis, ANOVA, nonparametric, Chi-Square, and statistical processes. In addition to these topics, students will learn specific concepts that pertain to medical research that will help any student wanting to study a science field or medicine. Students will also learn the basics of abnormal psychology. medical terminology, and read autobiographies that support specific illnesses that are studied during class. Students must have a graphing calculator for this class. In order to receive weighted credit for this class. students must successfully complete the STEM data analysis project given to them each semester.

AP® BIOLOGY

Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisites: Biology I and Chemistry I (or concurrent enrollment in Chemistry I) Weight: 5.0 DOE# 3020 (Quantitative Reasoning Course)

Course Description:

Advanced Placement® Biology is a challenging college-level course which follows College Board Entrance Examination guidelines for Advanced Placement® Biology. The AP® Biology course and the AP® Examination Biology biological facts, the synthesis of those facts into concepts, themes and science processes. The major areas of study are evolution, energy and systems. Students taking AP® Biology engage in college-level laboratory work.

Penn# 0965 ACP BIOLOGY

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: Biology I AND
Chemistry I AND meet IU
admission requirements
Weight: 5.0 DOE# 3090
IU-BIOL-L100 Humans and the

Biological World
College Credits: 3
Course Description:

This college-level course emphasizes how biology has both personal and global implications in

human lives. It examines central themes of biology including biochemistry. genetics, evolution. ecology, and human physiology. Students taking this course will investigate biological concepts while developing critical thinking and problem solving skills. This course meets Indiana University biological departmental standards. To earn five college credits a student must enroll following the **IU-ACP** application procedure, make a necessary tuition payment, and earn a C or better in the class. This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0971

NTRODUCTORY
BIOLOGY

Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisites: Passing score on the English and Math Knowledge

Assessment, PSAT, or a cumulative GPA of 2.6 or higher.

Weight: 4.5 DOE# 3026

DOE- Biology II

Ivy Tech-BIOL 101 - Introductory

Biology

COURSE DESCRIP

COURSE DESCRIPTION:

Introduces the basic concepts of life. Includes discussion of cellular and organismal biology, genetics, evolution, ecology, and interaction among all living organisms.

Addresses applications of biology in a global community.

Penn# 0913

ANATOMY AND PHYSIOLOGY

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: Biology I and

Chemistry I

Weight: 4.5 DOE# 5276

Ivy Tech-APHY 101 Anatomy and

Physiology I
College Credits: 3
Course Description:

Course Description: The course is intended primarily for students interested in medical-related careers. Students will investigate concepts related to Health Science. with emphasis on interdependence of systems and contributions of each system to the maintenance of healthy body. The course introduces students to the cell, and covers tissues. integumentary, skeletal. muscular, and nervous as an integrated unit. systems extensive Through anatomy understanding. laboratory dissections. modeling diagramming for understanding, and researching medical case studies, students apply concepts associated with Human Anatomy & Physiology. Students will understand structure, organization and function of the various components of the healthy body in order to apply this knowledge in all health related fields. All students must participate laboratory dissections. the

Students pursuing a medical career in college are highly recommended to take two years of high school chemistry. Students can take anatomy and a second year of chemistry in the same year. This course fulfills a science requirement for all diplomas.

Integrated Chemistry-Physics is a course focused on the following core topics: motion and energy of macroscopic objects; chemical, electrical, mechanical and nuclear energy; properties of matter: transport of energy; magnetism; production energy and relationship to the environment and economy. Instruction will focus on developing student understanding that scientific knowledge is gained from observation natural of phenomena and experimentation by designing and conducting investigations guided by theory and by evaluating and communicating the results of those investigations according to accepted procedures. The course will prepare students to complete future coursework in Chemistry I and Physics I. This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0921 CHEMISTRY I

Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisites: Biology I and

Algebra I

Weight: 4.0 DOE# 3064 (Quantitative Reasoning Course) Course Description:

Chemistry lets you understand the world around you. It helps you to understand what you eat, what you wear, and what you observe. It is often called the central science as it connects many other sciences. In this course you will study matter, energy, counting and measuring atoms and their compounds, atomic structure and chemical reactions. The concepts will be presented through laboratory experiments that will involve making observations and predictions, collecting data, analyzing data, and communicating results. Problem solving skills, multiple critical thinking and representations of knowledge will be stressed. Upon successful completion of this course and if you are planning a career in a health, medical or STEM field, you are encouraged to strongly Chemistry II during your junior or senior year. This course fulfills a science requirement for Core 40. Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0919 Q CHEMISTRY I HONORS
Semesters: 2 Credits: 2
Grade Level: 10-12

Prerequisites: Biology I AND an

"A" in Algebra

Weight: 4.0 DOE# 3064 (Quantitative Reasoning Course) Course Description:

Chemistry lets you understand the world around you. It helps you to understand what you eat, what you wear, and what you observe. It is often called the central science as it connects many other sciences. Chemistry I Honors is designed for the college-bound student interested in a science career (medical related, engineering, etc.), and/or who has a high interest in science. The honors level of chemistry has a much deeper application of mathematics and the pace is much faster than Chemistry I. You will often be expected to independently apply and extend your knowledge to new situations. In this course you will study matter, energy, counting and measuring atoms and their compounds. atomic structure. chemical reactions and bonding. The concepts will be presented through laboratory experiments that will involve making observations and collectina predictions. data. analyzing data, and communicating results. Problem solving skills, critical thinking and multiple representations of knowledge will be stressed. Upon successful completion of this course you will be well prepared and encouraged to take Chemistry II and /or AP® Chemistry during your junior or senior year. This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0923

CHEMISTRY II

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: Chemistry I and

Algebra II

Weight: 4.0 DOE# 3066 (Quantitative Reasoning Course)

Course Description:

Chemistry II expands and deepens the understanding of concepts studied in Chemistry I. Additional emphasis will be placed on molecular structure. thermodynamics. acid-base theories, hydrolysis, kinetics. equilibrium, and redox reactions. Experiments requiring quantitative calculations and formal written reports will be performed in the laboratory. It differs from AP® Chemistry in that not all AP® Chemistry topics will be studied, or will not be studied at the depth at which they would be assessed on the AP® exam. This course fulfills a science requirement for Core 40. Core 40 with Academic Honors and Core 40 with Technical Honors. Students taking regular Chemistry I are required to take Chemistry II before taking AP® Chemistry.

Penn# 0937

AP® CHEMISTRY

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisites: Chemistry I and Pre-Calculus (or pre-Calc

Pre-Calculus (or pre-Ca

concurrently)

Weight: 5.0 DOE# 3060 (Quantitative Reasoning Course) Course Description:

Chemistry, Advanced Placement® is a course which follows College Board entrance examination quidelines for Advanced Placement® chemistry. Topics included are atomic and molecular structure, equilibria, oxidation-reduction.

thermochemistry, electrochemistry, kinetics and acid-base chemistry. This course also includes extensive college-level laboratory work stressing acquisition data and interpretation. Students are required to keep a laboratory manual. Students prepare for and are required to take the AP® Chemistry Exam given in May. To succeed in this course, students should be highly motivated. organized, and have good study habits. College credit will be earned upon successful completion of the AP® Exam. Dual credit through Ivy Tech is also available at no cost. Check specific colleges and universities for their policies. There is a short summer assignment over basic Chemistry I principles. This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0925 ASTRONOMY

Semesters: 2 Credits: 2 Grade Level: 10-12 Prerequisite: Geometry Weight: 4.0 DOE# 3092

Course Description:

Astronomy provides for the in-depth investigation of astronomy. The course а comprehensive. is sequential, practical application course that utilizes the P-H-M Digital Theater (formerly Video Planetarium) in the study of the: Sphere; Celestial Celestial Coordinates: Constellations: Solar System; Moon and Moon Phases; Eclipses; Sun as a star; Theories on the origin of our Solar System, Milky Way Galaxy, and Universe; Scale Models of: Earth-Sun, Solar System to our nearest star Alpha Centauri, and our Galaxy; Stellar Astronomy (all the things beyond the edge of our Solar System); Lives and Deaths of Stars; Spectroscopy; H&R Diagram; Cosmic Time Scale; Time Travel (Relativity); Life in the universe; Interstellar Space Travel; and the History of Manned Space Flight. This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0943

ENVIRONMENTAL SCIENCE

Semesters: 2 Credits: 2 Grade Level: 11-12 Prerequisite: ICP OR

Chemistry I

Weight: 4.0 DOE# 3010

Course Description:

Environmental Science introduces environmental fundamental and ecological issues. Students will do laboratory investigations as well as in group participate & class discussions to debate pertinent topics. Many laboratory activities take place outside will require walking to an outdoor laboratory. Outside reading and research may be required as well as reading from the text. Students will do a significant amount of writing to demonstrate their understanding. Some concepts that will be covered include: Ecology, The Atmosphere, Conservation, Water, and Energy. The goal of the course is to prepare students to be literate citizens capable of using their knowledge of environmental science to make decisions to solve problems and make personal, social and ethical

decisions that will have consequences for theirs and future generations. This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0945

AP® ENVIRONMENTAL SCIENCE

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisites: Chemistry OR Earth/Space Science

Weight: 5.0 DOE# 3012 (Quantitative Reasoning Course) Course Description:

The AP® Environmental Science course is a more advanced study of topics in environmental science. The goal of the AP® Environmental Science course is to provide students with the scientific principles, concepts, and methodologies required to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternative solutions for resolving and/or preventing them. Considerable emphasis is placed on outdoor field investigations as well as on indoor laboratory study. Students are required to take the **AP®** Environmental Science Examination upon completion of the course in order to receive the weighted grade. It is necessary to have reading and study skills at a high enough level to read and comprehend college-level text and write college level papers and reports. This course fulfills a science requirement for Core 40. Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0929 PHYSICS I

Semesters: 2 Credits: 2 Grade Level: 10-12

Weight: 4.0 DOE# 3084 (Quantitative Reasoning Course)

Course Description:

Physics I incorporates high school Disciplinary Core Ideas, Science and Engineering Practices, and Crosscutting Concepts to students gain a three dimensional understanding of Physics topics. Disciplinary Core Ideas for this include Forces course and Interactions, Wave Energy, Properties, and Electromagnetic Radiation. Instruction focuses on the observation of phenomena to develop an understanding of how scientific knowledge is acquired. This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0963

AP® PHYSICS I - C: MECHANICS

Semesters: 2 Credits: 2 Grade Level: 11-12

Pre/Corequisites: Calculus I
Weight: 5.0 DOE# 3089
(Quantitative Reasoning Course)
Course Description:

Physics I AP® -C Mechanics is an advanced and very rigorous first level of physics designed particularly for students intending to pursue university studies in any of the fields of mathematics, science, or engineering. This course is Calculus based and uses differential and integral calculus. This physics course utilizes guided inquiry and student-centered learning techniques to foster the development of critical thinking skills. Students will be challenged with more complex problems in all topic areas. and given be opportunities to further develop creative problem solving skills, data procedures. analysis and experimental design techniques. Emphasis is on problem solving techniques, laboratory techniques, applications of interactive software for data acquisition and processing. They will also develop skills in the application of interactive software and the use state-of-the-art laboratory instruments and techniques. Topics include; Kinematics, Forces, Energy, Rotational Momentum. Motion. Oscillations, and Gravitation.

This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0933

AP® PHYSICS II: ALGEBRA

BASED

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: Physics I AND Pre-Calculus (or concurrent enrollment in Pre-calculus) Weight: 5.0 DOE# 3081 (Quantitative Reasoning Course)

Course Description:

AP® Physics 2 is an algebra-based, introductory college-level physics course. Students cultivate their understanding of physics developing models of physical phenomena through inquiry-based investigations. You'll learn about thermodynamics, electricity magnetics, circuits, waves, optics, and modern physics topics such as atomic, nuclear. and quantum physics. While learning about the key course concepts, you'll do hands-on laboratory work to investigate specific phenomena. This course is the second half of the algebra based physics sequence, but algebra based AP Physics 1 is not a required prerequisite.

This course fulfills science а requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0969 **AP® PHYSICS I: ALGEBRA BASED** 2 Semesters 2 Credits

Grade Level: 10-12 Weight: 5.0 DOE# 3080 Prerequisites: Algebra II

(Quantitative Reasoning Course)

Course Description:

AP® Physics1 is a course based on content established the and

copyrighted by the College Board. AP® Physics 1: Algebra based is equivalent to a first-semester college course in algebra-based physics. The course covers aspects of Mechanics such as kinematics, dynamics, gravitation. orbits. momentum, harmonic energy, motion, springs, and torque. The course will include several hands-on labs that explore these ideas inquiry through and scientific reasoning.

Penn# 0947

AP® PHYSICS II - C: **ELECTRICITY & MAGNETISM**

Semesters: 2 Credits: 2

Grade Level: 11-12 Prerequisites: AP® Physics I: Alg

Based OR AP Physics I: C Mechanics AND Calculus or concurrent enrollment in Calculus

DOE# 3081 Weight: 5.0 (Quantitative Reasoning Course) **Course Description:**

AP® E&M is an advanced level of physics designed particularly for students intending to pursue university studies in any of the fields mathematics. science. engineering. This course is Calculus and based а good understanding of differential, integral, and vector calculus is required. This physics course utilizes guided inquiry and student-centered learning techniques to foster the development of critical thinking skills. Students will be challenged with more complex problems in all topic areas. and be given opportunities to further develop creative problem solving skills, data analysis procedures, and experimental design techniques. Emphasis is on problem solving techniques, laboratory techniques, applications of interactive software for data acquisition and processing. They will also develop skills in the application of interactive software and the use of state-of-the-art laboratory instruments and techniques. Topics include oscillations, electrostatics, current, DC circuits, magnetism, electromagnetism, and AC circuits. This course is equivalent to a one semester, introductory Electricity & Magnetism college course. This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0951 OR 0952 **FORENSIC SCIENCE**

Semesters: 1 Credits: 1 Grade Level: 10-12

Prerequisites: ICP OR Chemistry (or concurrent enrollment in

Chemistry)

Weight: 4.0 DOE# 3092 **Course Description:**

Forensic science is а laboratory-based that course integrates aspects of biology, chemistry and physics to interpret evidence from physical crime scenes. In this class students will learn how physical evidence is collected and handled and perform laboratory investigations to analyze the evidence. The final project will involve collecting and analyzing evidence from a mock crime scene to solve a case. In the process, students will develop and improve their analytical and problem solving skills, which are imperative to any This course fulfills a profession. science requirement for Core 40,

Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0955

OCEANOGRAPHY

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: ICP OR Chemistry I

Weight: 4.0 DOE# 3092 Course Description:

Oceanography is a Core 40 science elective for juniors and seniors. Topics include: oceanic relevance and importance, geological features of the ocean, oceanic properties and characteristics, the relationship between the ocean and marine life, and the role of human impact on the ocean. Students will have opportunities to gain an understanding of the history of our oceans, research the unique oceanic life forms, and investigate problems related to personal needs, social issues, and global decisions that affect our planet. The goal of class is for students to this recognize the importance of the ocean for all life and the role its care and humans play in maintenance. Students will become equipped with the knowledge and skills to make educated decisions about our oceanic planet. This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0953
SCIENCE RESEARCH
INDEPENDENT STUDY
Semesters: 2 Credits: 2
Grade Level: 11-12
Prerequisites: Recommendation
from Science teacher AND
Physics I (or concurrent

DOE# 3008

enrollment in Physics I)

Weight: 4.5

Course Description:

This course is designed to provide students with unique opportunities for independent, in-depth study of one specific scientific problem. Students will develop research skills and a familiarity with the laboratory used in research. procedures Students will be expected to complete a science project that will be exhibited in a science fair or comparable competition and/or end-of-course project such as a paper research and poster presentation of their findings. This course counts as a science course for Core - 40, Core-40 with Academic Honors and Core 40 with Technical Honors diplomas. This course may be taken two years in a row.

research processes. This course provides an overview of all the courses in the Biomedical Sciences program and lays the scientific foundation for subsequent courses. This course is designed for 9th - 12th grade students. College credit is offered if students obtain a satisfactory score on the EoC and a satisfactory grade in the course. This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

BIOMEDICAL SCIENCE

Penn# 0909

Biomedical Science Pathway:

PLTW PRINCIPLES OF BIOMEDICAL SCIENCES (PBS) (First level course for Biomedical Science Pathway) Semesters: 2 Credits: 2 Grade Level: 9-12

NCAA

Prerequisite: Biology I (or current enrollment in Biology I)
Counts as 3rd science course
Weight: 4.5 DOE# 5218
Course Description:

Principles of Biomedical Sciences is a hands-on project based Project Lead the Way (PLTW) course. Students investigate various health conditions including heart disease, diabetes, sickle-cell disease, hyper-cholesterolemia, and infectious diseases. The activities and projects introduce students to human physiology, medicine, and

Penn# 0911

PLTW HUMAN BODY SYSTEMS (HBS)

(Second level course for Biomedical Science Pathway) Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisite: PBS

Counts as 3rd science course Weight: 4.5 **DOE# 5216 Course Description:**

The **HBS** course provides foundational knowledge and skills in anatomy and physiology, clinical medicine, and laboratory research. The course engages students in how this content can be applied to real-world situations, cases, and problems. This course is designed for 10th, 11th or 12th grade students. College credit is offered through IUPUI for students that earn an EOC score of a 6 and above and a satisfactory grade in the course. The credit is accepted as a 100 level science elective. IUPUI offers letters of completion to students attending other colleges. Currently there is no fee for credits associated with PLTW for students enrolled at IUPUI. This course fulfills a science requirement for Core 40. Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0961

PLTW MEDICAL INTERVENTIONS (MI)

(Third level course for Biomedical Science Pathway- HBS prereg) Semesters: 2 Credits: 2

Grade Level: 11-12

Prerequisites: HBS or Anatomy &

Physiology

Counts as 3rd science course Weiaht: 4.5 **DOE# 5217**

Course Description:

Medical Interventions is the third course in the PLTW Biomedical Sciences program. In this year-long course, students investigate a variety of interventions involved in the prevention. diagnosis treatment of disease as they follow the life of a fictitious family. The course is a "How-To" manual for maintaining overall health and homeostasis in the body. Students explore how to prevent and fight infection; screen and evaluate the code in human DNA; prevent, diagnose and treat cancer; and prevail when the organs of the body begin to fail. Through scenarios, students are exposed to a range of interventions related to immunology, surgery, genetics, pharmacology, medical devices, and diagnostics. This course is designed for 10th - 12th grade students. College credit is offered through IUPUI for students that earn an EOC score of a 6 and above and a satisfactory grade in the course. The credit is accepted as a 100 level science elective. IUPUI offers letters of completion to students attending other colleges. Currently there is no fee for credits associated with PLTW for students enrolled at IUPUI. This course fulfills a science requirement for Core 40, Core 40 with Academic Honors and Core 40 with Technical Honors.

Penn# 0967

PLTW BIOMEDICAL INNOVATION (BI)

(Capstone course for Biomedical

Science Pathway)

Semesters: 2 Credits: 2

Grade Level: 12 Prerequisites: MI

Weight: 4.5 **DOE# 5219**

Course Description:

Biomedical Innovation is a capstone course designed to give students the opportunity to design innovative solutions for the health challenges of the 21st century as they work through progressively challenging open ended problems, addressing topics such as clinical medicine, physiology, biomedical engineering, and public health. They have the opportunity to work on independent project and may work with a mentor or advisor from a university, hospital, physician's office or industry. Throughout the course the students are expected to present their work to an adult include audience that may representatives the from local business health and care community. This course fulfills a science requirement for Core 40. Core 40 with Academic Honors and Core 40 with Technical Honors.

Semesters: 2 Credits: 2
Grade Level: 9-12

Weight: 4.5 DOE# 7117

Ivy Tech-AGRI 102 - Agricultural Business and Farm Management

College Credits: 3
Course Description:

Principles of Agriculture is a two-semester course that will cover the diversity of the agricultural industry and agribusiness concepts. Students will develop an understanding of the role of agriculture in the United States and globally. Students will explore Agriculture, Food, and Natural Resource (AFNR) systems related to the production of food, fiber and fuel and the associated health, safety and environmental management systems. **Topics** covered in the course range from animals, plants, food, natural resources, ag power, structures and technology, and agribusiness. Participation FFA and Supervised Agricultural Experiences (SAE) will be an integral part of this course in order to develop leadership and career ready skills.

AGRI-SCIENCE ANIMALS

Agri-Science Animals Pathway:

Penn# 0659 HORTICULTURAL SCIENCE (Second Level Course for Horticulture Pathway) Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisite: Principles of

Agriculture

Weight: 4.5 DOE# 5132 Ivy Tech-AGRI 116 Survey of

Horticulture
College Credits: 3
Course Description:

Horticulture Science is a two semester course that provides students with a background in the field of horticulture. Coursework includes hands-on activities that encourage students to investigate areas of horticulture as it relates to biology and technology the involved in the production, and marketing of processing, horticultural plants and products. Students are introduced to the following areas of horticulture science: reproduction and propagation of plants, plant growth, management growth-media, practices for field and greenhouse production, marketing concepts, production of plants of local interest, greenhouse management, floral design, and pest management. Students participate in a variety of activities including extensive laboratory work usually in a school greenhouse.

Penn# 0651

GREENHOUSE & SOILLESS PRODUCTION

(Third Level Course for Horticulture Pathway) Semesters: 2 Credits: 2 Grade Level: 11-12 Weight: 4.5 DOE# 7114 Ivy Tech-AGRI 164 Landscape

Design I

College Credits: 3
Course Description:

Greenhouse and Soilless Production is a two-semester course that provides an overview of structural designs and uses of enclosed structures (greenhouses) to grow various plants and food. The course will focus on discussing different types of enclosed structures, management systems, and growing systems used to produce plants and food. The course will also present an overview of soilless growing systems such as hydroponics, aeroponics aquaponics, fogponics. Students will utilize the school greenhouse as part of this course.

ENGINEERING & TECHNOLOGY

ENGINEERING & TECH

ENGINEERING

Engineering Pathway:

Project Lead the Way (PLTW)

PLTW (Project Lead the Way) helps students develop the skills needed to succeed in our global economy. PLTW courses are aligned with State Standards for Math and Language Arts. English Next Generation Science Standards, and other national and state standards. Courses and units are designed to complement math and science courses. Courses can meet requirements for the Core 40 Academic Honors Diploma and Technical Honors Diploma.

Penn# 0605

College Credits: 3
Course Description:

(IED) Introduction to Engineering Design is а fundamental pre-engineering course where students become familiar with the engineering design process. Students work both individually and in teams to design solutions to a variety of problems using industry standard sketches and current 3D design and modeling software to represent and communicate solutions. Students apply their through knowledge hands-on projects and document their work with the use of an engineering notebook. At the end of the course students will have the opportunity to obtain a certification as a Certified User in Autodesk Fusion 360.

Penn# 0607
PRINCIPLES OF ENGINEERING (POE)

(Second Level Course for Engineering Pathway) Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisite: Introduction to Engineering Design (IED) Counts as 3rd science course Weight: 4.5 DOE# 5644 Ivy Tech-DESN 104 - Mechanical

Graphics
College Credits: 3

(Quantitative Reasoning Course)

Course Description:

Principles of Engineering (POE) is a course that focuses on the process of applying engineering. technological, scientific principles in the mathematical design, production, and operation of products, structures, and systems. This is a hands-on course designed to provide students interested in engineering careers to explore experiences related to specialized fields such as civil, mechanical, electrical and materials engineering. Students will engage in research, development, planning, design, production. and project management to simulate a career in engineering. The topics of ethics and the impacts of engineering decisions are also addressed.

Classroom activities are organized to allow students to work in teams and use modern technological processes, computers, CAD software, and projection systems in developing and presenting solutions to engineering problems.

Students select at least one of three options to complete the Engineering pathway.

Aerospace Engineering ignites students' learning in the fundamentals of atmospheric and space flight. Aerospace Engineering is of the one specialization courses in the PLTW Engineering program. The course deepens the skills and knowledge of an engineering student within the context of atmospheric and space flight. Students explore the fundamentals of flight in air and space as they bring the concepts to by designing and testing components related to flight such as an airfoil, propulsion systems, and a rocket. They learn orbital mechanics concepts and apply these by creating models using industry-standard software. They also apply aerospace concepts to alternative applications such as a wind turbine and parachute. Students simulate a progression of operations to explore a planet,

including creating a map of the terrain with a model satellite and using the map to execute a mission using an autonomous robot.

Penn# 0655 * 0 CIVIL ENGINEERING AND ARCHITECTURE (CEA) (Third Level Course for Engineering Pathway) Semesters: 2 Credits: 2 Grade Level: 10-12 Pre/Corequisite: POE Weight: 4.5 DOE# 5650 Ivy Tech-DESN 105 -Architectural Design I College Credits: 3 (Quantitative Reasoning Course) Course Description:

Civil Engineering and Architecture introduces students to the fundamental design and development aspects of civil architectural engineering and planning activities. Application and design principles will be used in conjunction with mathematical and scientific knowledge. Computer software programs (Revit) will allow students opportunities to design, simulate, and evaluate the buildings construction of and communities. During the planning and design phases, instructional emphasis will be placed on related transportation, water resource, and environmental issues. Activities will include the preparation of cost estimates, structure design, surveying, model building, as well а review of regulatory procedures that would affect the project design.

Penn# 0613

DIGITAL ELECTRONICS (DE)
(Third Level Course for
Engineering Pathway)
Semesters: 2 Credits: 2
Grade Level: 10-12
Pre/Corequisite: POE
Weight: 4.5 DOE# 5538
Ivy Tech-EECT 112 - Digital
Fundamentals

(Quantitative Reasoning Course)
Course Description:

College Credits: 3

Digital Electronics is a course of study in applied digital logic that encompasses the design application of electronic circuits and devices found in video games, watches. calculators. digital cameras, and thousands of other devices. Instruction includes the application of engineering and scientific principles as well as the use of Boolean algebra to solve design problems. Using computer software that reflects current industry standards, activities will provide opportunities for students to design, construct, test, and analyze simple and complex digital circuitry. Software will be used to develop and evaluate the product design. This course engages students in critical thinking and problem-solving skills. time management teamwork skills.

PQ Penn# 0608 **ENGINEERING DESIGN & DEVELOPMENT (EDD)**

(Capstone Course for Engineering Pathway) Semesters: 2 Credits: 2

Grade Level: 12

Pre/Corequisite: Three PLTW

Engineering courses Weight: 4.5 **DOE# 5698** Purdue-TECH 12000 Design Thinking in Technology

College Credits: 3

(Quantitative Reasoning Course)

Course Description:

Engineering Design and Development is an engineering research course in which students work in teams to research, design, test, and construct a solution to an open-ended engineering problem. The product development life cycle and a design process are used to guide the team to reach a solution to the problems. The team presents and defends their solution to a panel of outside reviewers at the conclusion of the course. The EDD course allows students to apply all the skills and knowledge learned in previous pre-engineering courses. This course also engages students in critical thinkina and problem-solving skills. time management and teamwork skills, a valuable set for students' future careers.

ROBOTICS

Industry 4.0 Pathway:

Penn# 0602 **ROBOTICS I** Principles of Industry 4.0 (First Level Course for Robotics Industry 4.0 Pathway) Semesters: 2 Credits: 2 Grade Level: 9-12 Weight: 4.5 **DOE#7220**

Course Description:

Students can choose to take this course as a 0 hour class or a normal class. 0 hour class will meet outside the school day. Robotics I is designed for students to work together solving an engineering problem. Teams of students are responsible for designing, building, and programming their competition robots. Competitions are held throughout Indiana and the nation. Students will learn and use the design process to guide their work in class. Families will be expected to attend informational meetings in Many skills and the evenings. processes are learned in Robotics I to build the individual towards an effective team member for the Robotics Classes (FRC 11th and 12th grade years). Students get to Design, build, and program robots, Apply real-world math and science concepts, Develop strategic problem solving, organizational, and team building skills, Compete and cooperate in Alliances tournaments, Earn a place in the World Championships, Qualify for scholarships at over 100 colleges/universities

*There will be evening and weekend commitments to participating in this class. Students will ride a school bus and stay overnight at certain competitions.

Penn# 0612 🔒 **ROBOTICS II Robotics Design & Innovation** (Second Level Course for Robotics Industry 4.0 Pathway) Semesters: 2 Credits: 2 Grade Level: 10-12 Prerequisite: Robotics II Weight: 4.5 **DOE# 4728** (Quantitative Reasoning Course) **Course Description:**

Penn# 0609

ROBOTICS III

Robotics Design & Innovation
(Third Level Course for Robotics
Industry 4.0 Pathway)
Semesters: 2 Credits: 2
Grade Level: 11-12
Prerequisite: Robotics II
Weight: 4.5 DOE# 7100
This course is weighted on a 4.5
scale if taken with Penn FIRST
Robotics Internship I.
(Quantitative Reasoning Course)
Course Description:

This course is designed to give students an experience in the Design Process as it relates to building a competition robot. Since 1998 this class has participated in the FIRST (for inspiration and recognition of Science and Technology) Competition. Students will dedicate the entire year learning the necessary skills and processes needed to contribute to building Penn High School's FRC Robot, "The Black Knight!" Experiences such as 3D Modeling, 3D Printing, Welding, Machining, Wiring, Programming, Assembling, Controlling, and Driving are all topics of study. Students that successfully complete both classes Automation & Robotics and Penn FIRST Robotics Internship will receive a weighted grade.

*Students should plan to take both Automation & Robotics as well as Penn FIRST Robotics Internship. Penn# 0610 ROBOTICS IV

Robotics Design & Innovation (Fourth Level Course for Robotics Industry 4.0 Pathway)

Semesters: 2 Credits: 2

Grade Level: 12

Prerequisite: Robotics III
Weight: 4.5 DOE# 7100
This course is weighted on a 4.5
scale if taken with Penn FIRST
Robotics Internship II.
(Quantitative Reasoning Course)

(Quantitative Reasoning Course)

This class is offered in conjunction with the Automation & Robotics I & II classes. Robotics Internship students participate in Penn's school-based enterprise "The Black Knight" FRC Robot in all

facets of operations, including marketing, fundraising, and community outreach. Students that successfully complete both classes *Automation & Robotics and Penn FIRST Robotics Internship* will receive a weighted grade.

*Students should plan to take both Robotics as well as Penn FIRST Robotics Internship.

ARCHITECTURE Design Technology Pathway:

Penn# 0604

ARCHITECTURAL DESIGN I
Intro to Engineering Design
(First Level Course for
Architecture- Design Technology
Pathway)
Semesters: 2 Credits: 2
Grade Level: 9-12
Weight: 4.5 DOE# 4802
Ivy Tech-DESN 101 Intro to
Design Technology
College Credits: 3

Course Description: Architectural Drafting and Design I gives students а basic understanding of the detailing skills commonly used by architectural technicians. Areas of study include: sketching, proper use of equipment, geometric constructions, and general residential design. This course includes the creation and of construction interpretation documents. Methods of geometric three-dimensional construction, drawing techniques, and sketching will be presented as well as elementary aspects of residential Areas of design and site work. emphasis will include print reading and drawing. This course also provides students with a basic understanding of the features and considerations associated with the

operation of a computer-aided design (CAD) system. They will be expected to complete several projects relating to command topics. Topics include: 2D drawing commands, coordinate systems, editing commands, paper and model space, inquiry commands, layers, plotting, text, and basic dimensioning.

ARCHITECTURAL DESIGN II
(Second Level Course for
Architecture- Design Technology
Pathway)
Semesters: 2 Credits: 2
Grade Level: 10-12
Prerequisites: Architectural
Design I
Weight: 4.5 DOE# 7196
Ivy Tech-DESN 105 Architectural
Design I
College Credit: 3
Course Description:

Penn# 0656

Architectural Design II builds on the concepts of Architectural Design I and presents a history and survey of architecture with a focus on the creative design of buildings in a studio environment. This course covers site analysis, facilities programming, space planning, conceptual design, and the proper use of materials. Students will develop presentation drawings, give oral presentations, and critique works. Generation of form and space is addressed through basic architectural theory. related architectural styles, design strategies, and а visual representation the student's of design process. This course will focus on advanced Computer Aided Design (CAD) techniques. includes an overview of modeling, manipulation. graphical part structuring, and modeling strategies. Various Architectural software packages and applications will be used.

Penn# 0654

ARCHITECTURAL DESIGN III
BIM Architecture
(Third Level Course for
Architecture- Design Technology
Pathway)

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisites: Architectural

Design II

Weight: 4.5 DOE# 7197

Ivy Tech-DESN 105 Architectural

Design I

College Credit: 3

(Quantitative Reasoning Course)
Course Description:

Course Description: CEA Non PLTW introduces students to the fundamental design and development aspects of civil engineering and architectural planning activities. Application and design principles will be used in conjunction with mathematical and knowledge. scientific Computer software programs should allow students opportunities to design, and evaluate the simulate. construction of buildings and communities. During the planning and design phases, instructional emphasis should be placed on related transportation. water and environmental resources, issues. Activities should include the preparation of cost estimates as well as a review of regulatory procedures that would affect the project design.

Penn# 0636 ARCHITECTURAL DESIGN CAPSTONE

(Capstone course for Architecture- Design Technology Pathway)

Semesters: 2 Credits: 2

Grade Level 12

Prerequisite: Architectural Design III- BIM Architecture Weight: 4.0 DOE# 7225 Course Description:

The Architectural Design Capstone covers residential desian drafting. Topics include interior space planning, structural design development of working drawings. The course provides an opportunity for students to design a residence using accepted building standards and introduces various construction materials. Students will also learn advanced CAD design architectural design. topics in Completion of the entire course may also provide students the opportunity to understand basic surveying equipment, surveying techniques, and other Civil Engineering/Architecture concepts.

TECHNOLOGY:

Penn# 0603

COMPUTERS IN DESIGN &
PRODUCTION

Semesters: 2 Credits: 2 Grade Level: 9-12

Weight: 4.0 DOE# 7199

Ivy Tech: DESN 101 Intro to

Design Technology
Course Description:

Computers in Design and Production is а course that specializes in design using code and 3D modeling while addressing various topics in Engineering, Architecture. Electronics and Robotics. Students will use the design process and documentation process while producing hands-on projects.

MANUFACTURING

Industrial Technical Maintenance Pathway:

Penn# 0625
PRINCIPLES OF ADVANCED
MANUFACTURING

(First Level Course for Industrial Technical Maintenance Pathway)

Semesters: 2 Credits: 2 Grade Level: 9-12

Weight: 4.0 DOE# 7108

Course Description:

Advanced Manufacturing designed to provide students with a basic understanding of the precision machining processes used industry, manufacturing, maintenance, and repair. The course instructs students in industrial safety, terminology, tools and machine tools, measurement and layout. Students will become familiar with the setup and operation of power saws, drill presses, lathes, milling machines, grinders. welding and an introduction to CNC (computer controlled) machines.

Penn# 0627 ADVANCED MANUFACTURING TECHNOLOGY

(Second Level Course for Industrial Technical Maintenance Pathway)

Semesters: 2 Credits: 2 Grade Level: 10-12

Prerequisite: Principles of Advanced Manufacturing Weight: 4.0 DOE# 7103

Course Description:

Advanced Manufacturing II is a more in-depth study of skills learned in Advanced Manufacturing I, with a

CNC stronger focus in setup/operation/programming. Classroom activities will concentrate on precision set-up and inspection work as well as machine Students will shop calculations. advanced develop skills in machining and measuring parts.

Penn# 0620
INDUSTRIAL MAINTENANCE
FUNDAMENTALS

(Third Level Course for Industrial Technical Maintenance Pathway)

Semesters: 2 Credits: 2
Grade Level: 11-12
Prerequisite: Advanced
Manufacturing Technology
Weight: 4.0 DOE# 7104
Course Description:

Technology I includes Welding classroom and laboratory experiences that develop a variety of skills in oxy-fuel cutting and Shielded Metal Arc welding. This course is designed for individuals who intend to make a career as a Welder, Technician, Sales, Designer, Researcher or Engineer. Emphasis is placed on safety at all OSHA standards times. guidelines endorsed by the American Welding Society (AWS) Instructional activities are used. properties of metals, emphasize safety issues, blueprint reading, electrical principles. welding symbols, and mechanical drawing through projects and exercises that teach students how to weld and be prepared for college and career success. This course qualifies for the General. Core 40 with Academic Honors and Core 40 with Technical Honors diplomas.

CONSTRUCTION

Civil Construction Pathway:

Penn# 0629
PRINCIPLES OF CONSTRUCTION
(First Level Course for Civil
Construction Pathway)
Semesters: 2 Credits: 2
Grade Level: 9-12
Weight: 4.0 DOE# 7130
Course Description:

Construction Trades I is an entry-level course that emphasizes the use of tools, materials, and techniques used in the construction industry. Students will learn how to safely operate various hand and power tools. Joinery and assembly methods will also be studied. Students will use these methods to produce a wide variety of projects.

Penn# 0631 CIVIL CONSTRUCTION FUNDAMENTALS

(Second Level Course for Civil Construction Pathway) Semesters: 2 Credits: 2 Grade Level: 10-12 Prerequisite: Principles of

Construction

Weight: 4.0 DOE# 7121

Course Description:

Civil Construction Fundamentals is a specialized course that builds on the fundamentals acquired in the Principles of Construction class to further understand the technological processes used in the construction industry. Orientation to trade. identification equipment used in heavy highway construction. heavy highway safety, work-zone construction safety, soils, site work, excavation math, interpreting drawings.

Penn# 0628
ADVANCED CIVIL
CONSTRUCTION

(Third level course for Civil Construction Pathway) Semesters: 2 Credits: 2

Grade Level: 11-12

Prerequisite: Civil Construction

Fundamentals

Weight: 4.0 DOE# 7118 Course Description:

Advanced Civil Construction builds upon the knowledge and skills learned in the fundamentals course. Its modules cover topics such as general construction, asphalt paving, rigging practices, crane safety and emergency procedures, basic principles of cranes, and crane communications.

CONSTRUCTION-BUILDING TRADES

Construction Trades Pathway:

Penn# 0632, 0633 & 0634 AM or PM (with 1357) BUILDING TRADES I (BT Principles, BT Carpentry, BT Framing & Finishing) (4 Blocks- 2 each day) (First, Second, and Third Level Courses for Construction Trades Pathway) Semesters: 2 Credits: 6

Semesters: 2 Credits: 6 Grade Level: 11-12

Weight: 4.0 DOE# 7130, 7123 & 7122

Course Description:

Students will spend 2 periods every day at the Building Trades site, morning or afternoon. This course is designed to give students practical experiences in the different phases of house construction through the building of a house on a site near the school. Students will gain some knowledge and experience in house

wiring, plumbing, heating, concrete and masonry work, painting, drywall application, landscaping, and carpentry. After successful completion of this course, students should be prepared to enter some phase of the building trades. This class will help with future projects in your home!

Students will earn an OSHA 10 certification. Students will need a basic set of tools. Students are responsible for their own transportation to the construction site and other project sites and back to school after class.

Penn# 0635 AM or PM (with 1357)
BUILDING TRADES II
(BT Capstone)
(4 Blocks- 2 each day)
(Capstone for Construction
Trades Pathway)

Semesters: 2 Credits: 6

Grade Level: 12

Prerequisite: Building Trades I
Weight: 4.0 DOE# 7242
(Quantitative Reasoning Course)
Course Description:

Students will spend 2 periods every day at the Building Trades site, morning or afternoon. Students will have the same opportunities that they had in Vocational Building Trades I. Students will be able to specialize in a specific area of house construction. with an the installation, emphasis on operation, and maintenance of HVAC systems. After successful completion of the course, students will be prepared to enter some phase of the building trades. Students will earn an OSHA 10 certification. Students will need a basic set of tools. Students are responsible for their own

transportation to the construction site and other project sites and back to school after class.

WORLD LANGUAGES

All World Language courses qualify for CORE 40 and Academic Honors Diploma. Students <u>may</u> qualify for Core 40 without world language; however, <u>many</u> colleges <u>require</u> 2 years of World Language for admission. Please check with individual colleges for admissions requirements.

For students to receive Academic Honors, students must take the class in a traditional classroom setting and not through any online program.

Penn# 0401 FRENCH I

Semesters: 2 Credits: 2

Grade Level: 9-12

Weight: 4.0 DOE# 2020

Course Description:

Level I French provides instruction enabling students to discuss the many reasons for learning languages and to develop an understanding of the people who speak them. Students are able to effective strategies apply language learning and show a willingness to experience various aspects of the cultures. Within this the course provides context, with opportunities to students respond to and give oral directions and commands and to make routine requests in the classroom and in public places, understand and use appropriate forms of address in courtesy expressions and be able to tell about daily routines and events, ask and answer simple questions and participate brief guided conversations related to their needs and interests, read isolated words and phrases in a situational context, such as menus, signs, and schedules. comprehend written directions and information, read short narrative texts on simple topics and, write familiar words and phrases in appropriate contexts and respond in writing to various stimuli. Additionally, students learn about nonverbal communication, gestures and body such language, about awareness of current events in the cultures, the major holidays and geographical features of the countries being studied, greeting and leave taking behaviors in a variety of social situations, the appropriate way to respond to introductions and use courtesy behaviors and, appropriate etiquette in a variety of social settings

Penn# 0403 FRENCH II

Semesters: 2 Credits: 2
Grade Level: 10-12
Prerequisite: French I
Weight: 4.0 DOE# 2022
Course Description:

Level II French enables students to participate in classroom extracurricular activities related to the language studied as well as to participate in conversations dealing with daily activities and personal interests. Students will be able to ask questions regarding routine activities. participate conversations on a variety of topics, relate a simple narrative about a personal experience or event, interact in a variety of situations to meet personal needs,

such as asking permission, asking for or responding to an offer of help, and expressing preferences pertaining everyday to understand main ideas and facts from simple texts over familiar topics, read aloud with appropriate intonation and pronunciation and, write briefly in response to given situations, for example postcards, personal notes, phone messages, and directions, as well as write letters using culturally appropriate format and style. Additionally. students become familiar with maior geographical features. events, historical and political structures of the countries being studied, familiar with different aspects of the culture, including the visual arts, architecture, literature and music, using the foreign language where appropriate, able extend and respond hospitality as a host or guest and, aware of time expectations, such as arriving for appointments and social engagements

Penn# 0405 FRENCH III

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: French I and II Weight: 4.5 DOE# 2024 IVY TECH: FRENCH 101/102

Course Description:

Level Ш French provides instruction enabling students to understand and appreciate other by comparing cultures behaviors and values of people using the languages being learned. Students must be willing to initiate and participate in discussions concerning these cultures. addition, students will be able to respond to factual and interpretive questions and interact in a variety of social situations, such as expressing regrets, condolences, and complaints, and using more than rote memory formula phrases, read for comprehension from a variety of authentic materials, such as advertisements in newspapers and magazines, and cartoons and personal correspondence, read short literary selections of poetry, plays, and short stories, complete authentic forms and documents and take notes that require familiar vocabulary and structures, write paraphrases, summaries, and brief compositions, describe different aspects of the culture, using the foreign language where appropriate, including: (1) major historical events, (2) political structures, (3) value systems, (4) visual arts, (5) architecture, (6) literature, and (7) music and, seek help in a crisis situation and participate appropriately at special occasions, family such birthdays, weddings, funerals, and anniversaries

Penn# 0407 FRENCH IV

Semesters: 2 Credits: 2 Grade Level: 11-12

Prerequisite: French I, II and III
Weight: 4.5 DOE# 2026
IVY TECH: FRENCH 201/202
Course Description:

Level IV French enables students to participate in classroom and extra-curricular activities related to the language studied, such as presentations to the student body and to parent groups and taking leadership roles in language clubs. Students must be willing to participate in conversations with native and advanced non-native speakers, either in their community or in the school. This course also enables students to respond to factual and interpretive questions, interact in complex social situations, and express opinions make judgments, and give presentations on cultural topics including: traditions. (1) (2) historical and contemporary events, and (3) major historical and artistic figures, paraphrase restate what someone else has said, read for comprehension from a variety of longer authentic materials, such as newspapers and magazine articles, novels, and essays, as well as make judgments about what is read, write well organized compositions on a given begin topic and. using language creatively in writing simple poetry and prose Students are also aware of the

Students are also aware of the relationship between various art forms in at least one major historical period, aware of the major literary, musical, and artistic periods and genres of at least one

of the cultures in which the language is spoken, able to adjust speech appropriate to the situation audience and and. able participate appropriately in variety of specific circumstances which could include public meetings, attending concerts, and using public transportation. Students will need to take a National Exam for outside evaluation.

Penn# 0408

AP® FRENCH

Semesters: 2 Credits: 2

Grade Level: 12

Prerequisite: French I, II and III
Weight: 5.0 DOE# 2032

Course Description:

Advanced Placement® French enables students to participate in activities beyond the classroom that could include concerts, theatre performances. and community activities. Students are willing to participate in conversations with native speakers in the community and promote among their peers, and others, the benefits of foreign language study and the study of the cultures in which the language is spoken. In addition, students are able to initiate and participate in conversations on current or past events that are of significance in the foreign culture, develop and propose solutions to issues and problems that are of concern to members of their own culture and the foreign culture being studied, demonstrate an understanding of the principal elements of nonfiction, articles in newspapers, magazines, and e-mail on topics of current and historical importance to members of the culture, analyze the main plot, subplot, characters and their

descriptions, roles. and significance in authentic literary texts, create stories and poems, short plays, and skits based on personal experiences and exposure to themes, ideas, and perspectives from the foreign and, summarize cultures the content of an article intended for native speakers in order to discuss the topics in writing for speakers of the language. Additionally, students gain a general knowledge of the literary and artistic major movements within the cultures where the foreign language is spoken, become aware of the relationships, in these periods among the various art forms and, demonstrate near native behaviors, using the appropriate verbal and nonverbal cues in a variety of cultural contexts, that reflect both peer group and adult activities within the cultures studied.

Penn# 0409 **GERMAN I**

Semesters: 2 Credits: 2 Grade Level: 9-12

Weight: 4.0 DOE# 2040

Course Description:

Level I German provides instruction enabling students to discuss the manv reasons for learning languages and to develop an understanding of the people who speak them. Students are able to apply effective strategies language learning and show a willingness to experience various aspects of the cultures. Within this context. the course provides with opportunities students respond to and give oral directions and commands and to make routine requests in the classroom and in public places, understand and use appropriate forms of address in courtesy expressions and be able to tell about daily and events, ask and routines answer simple questions and in brief guided participate conversations related to their needs and interests, read isolated words and phrases in a situational context, such as menus, signs, and schedules. comprehend brief written directions and information, read short narrative texts on simple topics and, write familiar words and phrases in appropriate contexts and respond in writing to various stimuli. Additionally, students learn, about nonverbal communication, such as gestures and body language. about awareness of current events in the cultures, the major holidays and geographical features of the countries being studied, greeting and leave taking behaviors in a variety of social situations, the appropriate way to respond to introductions and use courtesy behaviors and. appropriate etiquette in a variety of social settings

Penn# 0411 **GERMAN II**

Semesters: 2 Credits: 2 Grade Level: 10-12 Prerequisite: German I Weight: 4.0 DOE# 2042

Course Description:

KINGSMAN SHIELD

It is the responsibility of every member of the Penn student body to develop the quality of character, and to exercise the kind of discipline that will bring honor to him or her, and to Penn High School. It is the responsibility of every teacher, counselor, resource officer, staff member, and administrator to assist in that development.

When problems of a personal nature or academic nature arise, it is essential the student involved seek out an adult in the building to help in the resolution of the problem. It is also essential that every adult in the building offer direction or immediate assistance toward that resolution.

Communication is the key to building a proud Penn High School tradition centered on Trust and Respect for one another.
